**Parrot** Julian Barnes, 1990-11-27 BOOKER PRIZE NOMINEE From the internationally bestselling author of *The Sense of an Ending* comes the literary detective story of a retired doctor who is obsessed with the 19th century French author Flaubert and with tracking down a stuffed parrot that once inspired him Julian Barnes playfully combines a detective story with a character study of its detective embedded in a brilliant riff on literary genius A compelling weave of fiction and imaginatively ordered fact Flaubert's Parrot is by turns moving and entertaining witty and scholarly and a tour de force of seductive originality **Flaubert's Parrot** Julian Barnes, 1992 Flaubert's Parrot/History of the World Julian Barnes, 2012 Examines the attempts of an increasingly bemused researcher to establish certain facts about a famous French novelist and the stuffed bird which used to sit on his desk This book blends fact and fiction in a virtuoso kaleidoscope of vignettes from Noah's time to the present

**The Intertextuality between Julian Barnes's "Flaubert's Parrot" and Gustave Flaubert's Works and Written Remains** Lisa Hyna, 2018-10-08 Bachelor Thesis from the year 2013 in the subject English Language and Literature Studies Literature grade 2.7 LMU Munich language English abstract The English writer Julian Barnes has developed an experimental style during his writing career which spans twenty two novels as well as numerous essays and short stories His novel *Flaubert's Parrot* which was his third published book in 1984 marked an important milestone in his career and shaped his image as an outstandingly talented writer who is fearless of unconventional writing In the year 2005 Julian Barnes wrote an article in honor of the twentieth anniversary of the book called *When Flaubert took wing for the Guardian* In that article he described how the idea for the novel came to his mind when he experienced finding two different parrots in Flaubert's hometown which both claimed to be the original parrot Flaubert worked with The result was the Booker Prize short listed novel *Flaubert's Parrot* In the novel he merges a postmodern style within a biographical story that is profoundly thought provoking Neil Brooks described the novel in his comparison to *The Good Soldier* as part novel and part criticism of both modern and postmodern theories of textuality Meanwhile Barnes presents his impressively extensive research on Gustave Flaubert and incorporates his knowledge into the text in a very entertaining way Due to its experimental style and unconventional structure the book caused a controversial debate whether or not it is still accurate to call it a novel The extensive sections that do not follow a coherent storyline and the excursions on literary critical topics complicated the

book's classification and categorization into a specific genre. However, Barnes himself claimed that he considers his work as nothing else than a novel. Therefore, and due to the fact that different publishers decided to define it as novel as well, this thesis will refer to Flaubert's Parrot as novel too. After all, literary studies deal with Flaubert's Parrot as a postmodern novel, and it has often been categorized within the genre of fictional metabiography. Scholars focused often on the two stories the book offers. Namely, the one story is the search for Flaubert's parrot, and the other one is about the main character's past. Both stories are connected through intertextual references that are an interesting issue for literary critics. In particular, the intertextual devices in the novel were often subject for literary studies that aimed to interpret its deeper meaning.

*The Julian Barnes Booker Prize Finalist Collection, 3-Book Bundle* Julian Barnes, 2011-12-06 Julian Barnes, recipient of the 2011 Man Booker Prize, is one of our most highly regarded novelists. In this collection of three novels spanning his career, we see the broad range of his imagination and literary skill. Barnes's third published novel brought him worldwide acclaim and was shortlisted for the Booker Prize. A high literary entertainment, *The New York Times* Flaubert's Parrot is among other things a piercing glimpse at the nature of obsession and betrayal, both scholarly and romantic. Barnes's second shortlisted novel, *England, England*, is a sly, satiric invention in which a visionary tycoon attempts to replicate a jolly old England that probably never really existed. Robin Hood's men are genuinely merry, and the royals all behave themselves impeccably until, of course, everything begins to go horribly wrong. Finally, Arthur George re-creates late Victorian Britain in which the fates of two vastly different men become entwined: one seeking vindication in a world that looks askance at his origins, the other creating the world's most famous detective while keeping his own secrets.

**The Intertextuality between "Flaubert's Parrot" by Julian Barnes and "Madame Bovary" by Gustave Flaubert** Lisa Hyna, 2018-10-18 Seminar paper from the year 2013 in the subject English Language and Literature Studies, Literature grade 2.7, LMU Munich, language: English, abstract: This term paper aims to show how the integrated intertextuality has an essential impact on the novel's reception and meaning. It discusses how Barnes intertwined intertextual references into his novel and how these influence its interpretation. On this occasion, the term Intertextuality, its development, and the theory it designates will be defined before its usage for literary studies will be discussed. Furthermore, the distinction of the theory will justify the application of mainly Ulrich Broich's and Manfred Pfister's perimeter of intertextuality. Thereafter, the analysis of the intertextuality between Flaubert's Parrot and Madame Bovary will be examined in detail, while the current studies on the topic are included and compared in the investigation. This is done primarily by means of secondary literature like monographs and essays from literary scholars as well as by interviews with Julian Barnes. The paper concludes with verifying the findings according to Broich and Pfister and estimates its exceptional quality. Presupposed is the knowledge of the novels Flaubert's Parrot and Madame Bovary as well as Julian Barnes's and Gustave Flaubert's basic vita.

The Author as Character A. J. Hoenselaars, 1999 Many fictional works have real historical authors as characters Great national literary icons like Virgil and Shakespeare have been fictionalized in novels plays poems movies and operas This fashion might seem typically postmodern the reverse side of the contention that the Author is Dead but this collection of essays shows that the representation of historical authors as

characters can boast of a considerable history and may well constitute a genre in its own right This volume brings together a collection of articles on appropriations of historical authors written by experts in a wide range of major Western literatures

BOOK JACKET      **Struggling With the Postmodern Crisis of History in Julian Barnes's *Flaubert's Parrot* (1984)**

Tessa Tumbrägel, 2012-01-30 Bachelor Thesis from the year 2011 in the subject English Language and Literature Studies

Literature grade 1.0 University of Passau language English abstract Flaubert's *Parrot* Julian Barnes's most acclaimed novel

worldwide poses and playfully elaborates on questions about traditionalist understandings of history and conventional concepts of truth which are also frequently asked by postmodern theorists and philosophers How can we know the past Can we ever do so on objective grounds Are we not bound to socio culturally determined modes of representation that prevent us from thinking or writing about anything but representation Does the past even exist outside of our systems of signification or is it merely the product of these systems In postmodern thought these kinds of questions are raised in the context of an increasing scepticism towards realist or modernist ontology and epistemology Philosophers and writers such as Jacques Derrida Michel Foucault and later Hayden White and Keith Jenkins testify to the assumption that history now appears to be just one more foundationless positioned expression in a world of foundationless positioned expressions Jenkins 1997: 6 stressing that there is an inescapable relativity in every representation or rather re interpretation of historical entities cf White 1997: 392 However in this paper I will hope to show that despite it being a very hard and indeterminate act to follow Barth 1980: 66 history is not dead in Barnes's novel and neither is the pursuit of its meaning In fact both remain subjects of a longing for truth and authenticity that is repeatedly re invented played with undermined and reinstalled rather than deconstructed in the course of FP's narrative I intend to divide my paper into two sections each of them further divided into several sub parts In section one I will at first provide a short compendium of postmodern philosophical theoretical assumptions on history and historiography and their relation to the de construction of representation truth and knowledge and thereafter show how these assumptions are critically acclaimed by traditionalist historians With this theoretical background at hand in section two I will proceed to the actual analysis of FP with regard to its appropriation of or divergence from postmodern thoughts and literary presuppositions In so doing I will hope to show that although inspired by postmodern theories Barnes does not dwell in eternal indeterminacy or historic nihilism but attempts to actively engage with history and the difficulties involved in the process of its pursuit      **"The Sound of Truth"** Cornelia Stott, 2010      **Flaubert's**

**Reflection** Remy L. Overkempe, 2016-03-20 There's most definitely a relationship between literary realism and postmodernism However it is one that is far more difficult than previously researched The goal of this BA thesis was to examine how literary realism was specifically represented by and in postmodernism Looking at how the key characteristics of Flaubertian realism are represented in the way postmodernist literary works want to reach their goals Julian Barnes's *Flaubert's Parrot* has been used as a case study for this exploration      Metafiction and Myth in the Novels of Peter Ackroyd

Susana Onega Jaén, 1999 Providing detailed analysis of the recurrent structural and thematic traits in Peter Ackroyd's first nine novels this work sets out to show how they grow out of the tension created by two apparently contradictory tendencies. These are on the one hand the metafictional tendency to blur the boundaries between story telling and history to enhance the linguistic component of writing and to underline the constructedness of the world created in a way that aligns Ackroyd with other postmodernist writers of historiographic metafiction and on the other the attempt to achieve mythical closure expressed for example in Ackroyd's fictional treatment of London as a mystic centre of power. This mythical element evinces the influence of high modernists such as Ezra Pound and T S Eliot and links Ackroyd's work to transition to postmodern writers such as Lawrence Durrell, Maureen Duffy, Doris Lessing and John Fowles. Julian Barnes Frederick M. Holmes, 2008-11-14 This comprehensive introduction places the work of Julian Barnes into historical and theoretical context. Including a timeline of key dates this guide explores his characteristic literary techniques, offers extensive readings of all 10 novels and provides an overview of the varied critical reception his work has provoked.
