George Bush Decision Points

John Robert Greene

George Bush Decision Points:

Decision Points George W. Bush, 2010-11-09 1 NEW YORK TIMES BESTSELLER In this candid and gripping memoir President George W Bush describes the critical decisions that shaped his presidency and personal life George W Bush served as president of the United States during eight of the most consequential years in American history The decisions that reached his desk impacted people around the world and defined the times in which we live Decision Points brings readers inside the Texas governor s mansion on the night of the 2000 election aboard Air Force One during the harrowing hours after the attacks of September 11 2001 into the Situation Room moments before the start of the war in Iraq and behind the scenes at the White House for many other historic presidential decisions For the first time we learn President Bush s perspective and insights on His decision to quit drinking and the journey that led him to his Christian faith The selection of the vice president secretary of defense secretary of state Supreme Court justices and other key officials His relationships with his wife daughters and parents including heartfelt letters between the president and his father on the eve of the Iraq War His administration s counterterrorism programs including the CIA s enhanced interrogations and the Terrorist Surveillance Program Why the worst moment of the presidency was hearing accusations that race played a role in the federal government s response to Hurricane Katrina and a critical assessment of what he would have done differently during the crisis His deep concern that Iraq could turn into a defeat costlier than Vietnam and how he decided to defy public opinion by ordering the troop surge His legislative achievements including tax cuts and reforming education and Medicare as well as his setbacks including Social Security and immigration reform The relationships he forged with other world leaders including an honest assessment of those he did and didn t trust Why the failure to bring Osama bin Laden to justice ranks as his biggest disappointment and why his success in denying the terrorists their fondest wish attacking America again is among his proudest achievements A groundbreaking new brand of presidential memoir Decision Points will captivate supporters surprise critics and change perspectives on eight remarkable years in American history and on the man at the center of events

Summary: Decision Points BusinessNews Publishing, 2017-01-30 The must read summary of George W Bush s book Decision Points This complete summary of Decision Points by George W Bush the controversial former US President analyses his account of his presidency in which he states that the most important and difficult part of being the president of the United States was making critical decisions that had a worldwide impact He explains the beliefs that led him to these decisions and how he coped with the pressure of the tasks at hand Added value of this summary Save time Understand Bush s presidency from his own viewpoint Expand your knowledge of American politics and modern history To learn more read Decision Points and discover the reasons behind the controversial decisions made by the Bush administration Summary of George W. Bush's Decision Points Milkyway Media, 2024-03-11 Get the Summary of George W Bush s Decision Points in 20 minutes Please note This is a summary not the original book Decision Points is a memoir by George W Bush that chronicles

the critical decisions of his life and presidency It delves into his personal struggle with alcohol and his decision to quit drinking which he credits with shaping his future including his tenure as governor of Texas and eventually as president of the United States The book explores his family's influence including his father's political career and his mother's strong personality and how these relationships impacted his own path

Decision Points George W. Bush, 2010 *Decision Points* is the extraordinary memoir of America's 43rd president Shattering the conventions of political autobiography George W Bush offers a strikingly candid journey through the defining decisions of his life In gripping never before heard detail President Bush brings readers inside the Texas Governor's Mansion on the night of the hotly contested 2000 election aboard Air Force One on 9/11 in the hours after America's most devastating attack since Pearl Harbour at the head of the table in the Situation Room in the moments before launching the war in Iraq and behind the Oval Office desk for his historic and controversial decisions on the financial crisis Hurricane Katrina Afghanistan Iran and other issues that have shaped the first decade of the 21st century President Bush writes honestly and directly about his flaws and mistakes as well as his accomplishments reforming education treating HIV AIDS in Africa and safeguarding the country amid chilling warnings of additional terrorist attacks He also offers intimate new details on his decision to quit drinking discovery of faith and relationship with his family A groundbreaking new brand of memoir *Decision Points* will captivate supporters surprise critics and change perspectives on one of the most consequential eras in American history and the man at the centre of events

The Presidency of George W. Bush John Robert Greene, 2021-10-15 *The Presidency of George W Bush* is the first balanced academic study to analyze the entirety of his presidency domestic social economic and national security policies as well as the administration's response to 9/11 and the subsequent War on Terror In so doing John Robert Greene argues persuasively that the judgment of most scholars that the Bush administration was a complete failure has been made in haste and without the benefit of primary sources This book is the first scholarly work to make wide use of the documents at the George W Bush Presidential Library many of which have only recently been made available to researchers through the Freedom of Information Act John Robert Greene offers a balanced assessment and nuanced conclusions supported by documentary evidence Yet in doing so he does not absolve the Bush administration of its shortcomings *The Presidency of George W Bush* shows that the administration could be vindictive as demonstrated by the Plame Wilson affair and the firing of the US attorneys It all too often moved too slowly as shown by the National Security Council's lethargic handling of terrorism pre 9/11 the failed attempt to revise Social Security and the sluggish reaction to Hurricane Katrina It was an administration that accepted and acted on the highly suspect theory of the unitary presidency as advocated by Dick Cheney and accepted by the president On the other side of the balance sheet however the evidence also makes it eminently clear that the Bush administration was responsible for many positive achievements No Child Left Behind set the nation on the road toward affecting serious educational reform In healthcare reform the Bush administration both strengthened the Medicare system and extended its benefits for millions of

Americans And Bush did more to combat the worldwide scourge of AIDS particularly in Africa than any other president In sum the actions of this presidency continue to affect the presidencies of each of his successors as well as the trajectory of world history to the present day **George W. Bush** Jim Mann,2015-02-03 George W Bush was a controversial president whose time in office was defined by the September 11 attacks and the War on Terrorism Mann assesses the decisions that shaped Bush s presidency and shows how the internal debates and fissures within the administration played out in such a charged atmosphere *Risk and Resolution* R. Greg Brown,2019-05-20 America repeatedly finds itself mired in military interventions long after public buy in to the national interest has waned Why is the timely disengagement of military forces so difficult to achieve Traditional international relations theories diminish the role of the individual leader in favor of the state or international institutions Behavioral science theories have in recent years experienced a resurgence However the dominant behavioral explanation of foreign policy decision making prospect theory while it focuses on how people tend to make decisions under risk still minimizes the influence of the individual president Decisions to disengage military forces are presidential decisions just like the decisions to commit forces to foreign interventions If we accept this then it is important to understand if and if so why some presidents inherently are more or less acceptant of the risks disengagement presents This book operationalizes a competing personality based model of decision making under risk Referred to here as the trait based model it is assessed using disengagement opportunities in three varied levels of military intervention across four presidencies humanitarian relief turned nation building under George H W Bush and Bill Clinton in Somalia compelling air campaigns turned peace making keeping in Bosnia and Kosovo under Clinton and major combat operations turned irregular warfare in Iraq under George W Bush and Barack Obama Data for the model predominantly comes from existing presidential personality profiles based on the dominant model of personality theory the five factor model augmented by Myers Briggs Type Inventory data from public sources This study aims to explain the roughly 30 percent of cases which defy prospect theory s predictions and to better explain those cases where prospect theory might heretofore have sufficed The results suggest specific personality traits do in fact point to presidents predispositions toward risk which in turn help explain their disengagement decisions This work may be only the second to apply the five factor model to presidential foreign policy decision making and is the first to do so in the context of disengagement decisions Hopefully it will foster further work in both areas **Prisoners of Their Premises** George C. Edwards III,2022-11-11 A timely look at the real costs of leaders not examining their assumptions Why do accomplished and stable leaders frequently make calamitous decisions with devastating consequences for their countries and other nations We debate debacles such as the American involvement in Vietnam seeking to understand why leaders pursued disastrous policies In Prisoners of Their Premises George C Edwards III argues that the failure of leaders to examine their premises the assumptions they make about the world and situation they are dealing with cause them to ignore real problems or pursue policies that in costly ways deal with problems that are different

than they think or simply don't exist. Edwards looks at the role of premises in identifying or ignoring a problem in a series of case studies that range from strategic decisions in World War I and the Korean War to the wars in Vietnam and Iraq. Too often unexamined premises color initial decisions to pursue a policy and shape the strategies leaders employ to achieve their goals with grave consequences for their countries, organizations, and potentially the world. Timely and important. Prisoners of Their Premises demonstrates the real costs leaders incur by failing to question their assumptions. **George W. Bush's Foreign Policies** Donette Murray, David Brown, Martin A. Smith, 2017-08-23 This book offers a fresh assessment of George W. Bush's foreign policies. It is not designed to offer an evaluation of the totality of George W. Bush's foreign policy. Instead, the analysis will focus on the key aspects of his foreign and security policy record in each case, considering the interplay between principle and pragmatism. The underpinning contention here is that policy formulation and implementation across Bush's two terms can more usefully be analysed in terms of shades of grey rather than the black and white hues in which it has often been painted. Thus, in some key policy areas, it will be seen that the overall record was more pragmatic and successful than his many critics have been prepared to give him credit for. The president and his advisers were sometimes prepared to alter and amend their policy direction on occasion, significantly. Context and personalities, interpersonal and interagency, both played a role here. Where these came together most visibly, for instance, in connection with dual impasses over Iraq and Iran, exigencies on the ground sometimes found expression in personnel changes. In turn, the changing fortunes of Bush's first term principals presaged policy changes in his second. What emerges from a more detached study of key aspects of the Bush administration during a complicated and challenging period in the United States post-Cold War history, marked by the dramatic emergence of international Islamist terrorism as the dominant international security threat, is a more complex picture than any generalization can ever hope to sustain, regardless of how often it is repeated. This book will be of much interest to students of US foreign policy, international politics, and security studies. *War on the Ballot* Andrew Payne, 2023-07-18 Winner 2024 Richard E. Neustadt Book Prize American Politics Group Political Studies Association The president of the United States is at once holder of the highest elected office and commander in chief of the armed forces. How do upcoming elections influence presidents' behavior during wartime? How do presidents balance perceptions of the national interest with personal political interests? *War on the Ballot* examines how electoral politics shaped presidential decisions on military and diplomatic strategy during the wars in Korea, Vietnam, and Iraq. Drawing on a wealth of declassified documents and interviews with senior officials and military officers, Andrew Payne reveals the surprisingly large role played by political considerations during conflicts. He demonstrates how the exigencies of the electoral cycle drove leaders to miss opportunities to limit the human and financial costs of each war, gain strategic advantage, or sue for peace, sometimes making critical decisions with striking disregard for the consequences on the ground. Payne emphasizes the importance of electoral pressures throughout the full course of a conflict, not just around the initial decision to intervene. He shows how electoral

constraints operate across different phases of the political calendar going beyond the period immediately preceding a presidential election Offering a systematic analysis of the relationship between electoral politics and wartime decision making this book raises crucial questions about democratic accountability in foreign policy **Rhetorics of Names and Naming** Star Medzerian Vanguri, 2016-01-29 This volume takes up rhetorical approaches to our primarily linguistic understanding of how names work considering how theories of materiality in rhetoric enrich conceptions of the name as word or symbol and help explain the processes of name bestowal accumulation loss and theft Contributors theorize the formation modification and recontextualization of names as a result of technological and cultural change and consider the ways in which naming influences identity and affects grants power **Surge** Peter R. Mansoor, 2019-06-18 The definitive account A fascinating combination of grand strategy and personal vignettes Max Boot The Wall Street Journal Finalist for the 2013 Guggenheim Lehrman Prize in Military History Surge is an insider's view of the most decisive phase of the Iraq War After exploring the dynamics of the war during its first three years the book takes the reader on a journey to Fort Leavenworth Kansas where the controversial new US Army and Marine Corps counterinsurgency doctrine was developed to Washington DC and the halls of the Pentagon where the joint chiefs of staff struggled to understand the conflict to the streets of Baghdad where soldiers worked to implement the surge and reenergize the flagging war effort before the Iraqi state splintered and to the halls of Congress where Amb Ryan Crocker and Gen David Petraeus testified in some of the most contentious hearings in recent history Using newly declassified documents unpublished manuscripts interviews author notes and published sources Surge explains how President George W Bush Prime Minister Nouri al Maliki Ambassador Crocker General Petraeus and other US and Iraqi political and military leaders shaped the surge from the center of the maelstrom in Baghdad and Washington This is one of the best books to emerge from the Iraq War I expect it will be remembered as one of the most insightful accounts from an insider of the key surge phase of that conflict The chapter on the Sunni Awakening especially stands out as a terrific overview of that critical development Thomas E Ricks author of Fiasco **American Crusades** Jon DePriest, 2018-11-15 American Crusades details evangelical pursuits to unite God's purposes with American empires It argues that religious motivations contributed heavily to United States governmental policies and built sacred spaces in many attempts to influence American society These embedded ambitions form the core of Americanism yet somehow remain hidden right in front of our eyes In the action of caretaking they advanced their understanding of God's demand on their lives and purposes Evangelical and theologically conservative Americans linked the sacred and secular shaping the ethos of the American people The terminology of religious thinking quickly sacralized concepts like democracy and capitalism in an attempt to control and use them Once packaged as a sacred space in need of custody religious leadership sought to fulfill its kingdom responsibility and secure its future Eventually a combination of religiously defined secular components coalesced into the term known simply as Americanism Building on the success of the new nation and

supporting the causes of Americanism throughout the world has imprinted a uniquely evangelical construct into the domestic and foreign policy structures of the United States The shifting landscape of American culture drove evangelicalism into the margins in the 1970s while most scholars think that the decline of religious conservatism in culture meant that secularization controlled foreign policy as well this is not true Removed from the whims of domestic politics Protestant evangelical patterns of action have resisted change in American foreign policy structures Over time however the movement lost its faith distinctives while embedding religious principles in foundations of U S foreign policy This book seeks to produce a reorganized narrative through a critical synthesis to locate white evangelicals quest to be the foundational voice in America s shaping ideological lineage

Solutions Winfried F. Schmitz, 2016-09-21 Dealing with radical Islamist ideologies successfully is one of the big challenges of our time This book is analyzing major causes of the ideology of al Qaeda and of Iran both often described as evil It offers solutions to mitigate the violence of radical Islamist ideologies and eventually to dissolve them It shows that the ideology of al Qaeda is very much rooted in the Israeli Palestinian conflict With respect to Iran it highlights the fact that the event of the overthrow of the democratically elected prime minister of Iran Mohammad Mossadegh and the destruction of the young Iranian democracy by the CIA in 1953 is the most important reason for the severe mistrust and the hostilities of Iran towards the United States This book concludes among others that a comprehensive peace between Israel and the Palestinians is a requirement to significantly mitigate the violence of radical Islamist ideologies This needs to go hand in hand with strengthening the condemnation of the distorted religious ideology of al Qaeda and ISIL by religious authorities of Islam

US Foreign Policy Decision-Making from Kennedy to Obama A. Hybel, 2014-03-13 This book analyzes the foreign policy decision making processes of Presidents John F Kennedy Lyndon B Johnson Richard Nixon George H W Bush George W Bush and Barack Obama during military intervention by way of contemporary foreign policy decision making models FPDMS

The Day After Brendan R. Gallagher, 2019-09-15 Since 9 11 why have we won smashing battlefield victories only to botch nearly everything that comes next In the opening phases of war in Afghanistan Iraq and Libya we mopped the floor with our enemies But in short order things went horribly wrong We soon discovered we had no coherent plan to manage the day after The ensuing debacles had truly staggering consequences many thousands of lives lost trillions of dollars squandered and the apparent discrediting of our foreign policy establishment This helped set the stage for an extraordinary historical moment in which America s role in the world along with our commitment to democracy at home and abroad have become subject to growing doubt With the benefit of hindsight can we discern what went wrong Why have we had such great difficulty planning for the aftermath of war In The Day After Brendan Gallagher an Army lieutenant colonel with multiple combat tours to Iraq and Afghanistan and a Princeton Ph D seeks to tackle this vital question Gallagher argues there is a tension between our desire to create a new democracy and our competing desire to pull out as soon as possible Our leaders often strive to accomplish both to keep everyone happy But by avoiding the tough underlying decisions

it fosters an incoherent strategy This makes chaos more likely The Day After draws on new interviews with dozens of civilian and military officials ranging from US cabinet secretaries to four star generals It also sheds light on how in Kosovo we lowered our postwar aims to quietly achieve a surprising partial success Striking at the heart of what went wrong in our recent wars and what we should do about it Gallagher asks whether we will learn from our mistakes or provoke even more disasters Human lives money elections and America s place in the world may hinge on the answer **George W. Bush**

Clarke Rountree,2010-11-02 This biography examines the life of George W Bush one of the most controversial U S presidents in recent history before during and after his two terms in the White House George W Bush served as president of the United States through some of the most pivotal and memorable events in our nation s history including the terrorist attacks of September 11 2001 Hurricane Katrina and the devastating economic downturn at the end of his second term It is still too soon to decide how history will judge his administration Despite suffering much ridicule and scorn for his linguistic gaffes which became known as Bushisms the fact remains that this Yale graduate eventually rose to become a two term Texas governor and a two term U S president George W Bush A Biography provides a comprehensive view of Bush s life beginning with his childhood and education then examining his life as a businessman his governorships of Texas his tumultuous two term presidency of the United States and his life after leaving the White House **Bush** Jean Edward Smith,2016-07-05 A Washington Post Notable Nonfiction Book of the Year Distinguished presidential biographer Jean Edward Smith offers a comprehensive and compelling The New York Times account of the life and presidency of George W Bush showing how he ignored his advisors to make key decisions himself most disastrously in invading Iraq and how these decisions were often driven by the President s deep religious faith George W Bush the forty third president of the United States almost singlehandedly decided to invade Iraq It was possibly the worst foreign policy decision ever made by a president The consequences dominated the Bush Administration and still haunt us today In Bush a well rounded portrait necessary and valuable in this election year The Christian Science Monitor Jean Edward Smith demonstrates that it was not Dick Cheney Donald Rumsfeld or Condoleezza Rice but President Bush himself who took personal control of foreign policy Bush drew on his deep religious conviction that important foreign policy decisions were simply a matter of good versus evil Domestically he overreacted to 9 11 and endangered Americans civil liberties Smith explains that it wasn t until the financial crisis of 2008 that Bush finally accepted expert advice As a result he authorized decisions that saved the economy from possible collapse even though some of those decisions violated Bush s own political philosophy An excellent initial assessment of a presidency that began in controversy and ended with the international and domestic failures that saddled Bush with the most sustained negative ratings of any modern president Dallas Morning News this comprehensive evaluation will surely surprise many readers Written in sober smooth snark free prose with an air of thoughtful detached authority the book is nonetheless exceedingly damning in its judgments about George W Bush s years in office The Washington Post *The Presidents Club*

Nancy Gibbs, Michael Duffy, 2013-02-12 Over the years that followed and to this day the presidents relied on misunderstood sabotaged and formed alliances with one another that changed history The world's most exclusive fraternity is a complicated place its members are bound forever because they sat in the Oval Office and know its secrets yet they are immortal rivals for history's favour Some presidents needed their predecessors to keep their secrets others needed them to disappear Truman enlisted Hoover to help him save Europe Kennedy turned to Ike on Cuba Nixon sought Johnson's advice on getting re-elected but then tried to blackmail him Ford and Carter couldn't stand each other until they saw what they had in common Reagan and Clinton relied on Nixon as an emissary to Russia Bush put Clinton and his father to work and they became like father and son and Obama and Clinton became quiet rivals for the same crown The Presidents Club will change the way we think about the presidency for the club itself is an instrument of presidential power **America in Afghanistan** Sharifullah

Dorani, 2019-01-24 Afghanistan has been a theatre of civil and international conflict for much of the twentieth century stability is essential if there is to be peace in the Greater Middle East Yet policy makers in the West often seem to forget the lessons learned from previous administrations whose interventions have contributed to the instability in the region Here Sharifullah Dorani focuses on the process of decision making looking at which factors influenced American policy makers in the build up to its longest war the Afghanistan War and how reactions on the ground in Afghanistan have influenced events since then America in Afghanistan is a new full history of US foreign policy toward Afghanistan from Bush's War on Terror to Obama's war of Countering Violent Extremism to Trump's war against Radical Islamic Terrorism Dorani is fluent in Pashto and Dari and uses unique and unseen Afghan source work published here for the first time to understand the people in Afghanistan itself and to answer their unanswered questions about real US Afghan goals the reasons for US failures in Afghanistan especially its inability to improve governance and stop Pakistan Iran and Russia from supporting the insurgency in Afghanistan and the reasons for the bewildering changes in US Afghan policy over the course of 16 and a half years To that end the author also assesses Presidents Karzai and Ghani's responses to Bush Obama and Trump's policies in Afghanistan and the region In addition the book covers the role Afghanistan's neighbours Russia Iran India and especially Pakistan played in America's Afghanistan War This will be an essential book for those interested in the future of the region and those who seek to understand its recent past

Unveiling the Power of Verbal Artistry: An Mental Sojourn through **George Bush Decision Points**

In a world inundated with screens and the cacophony of immediate interaction, the profound power and emotional resonance of verbal artistry often disappear in to obscurity, eclipsed by the constant assault of noise and distractions. FAQs About George Bush Decision Points Books

What is a George Bush Decision Points PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a George Bush Decision Points PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a George Bush Decision Points PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a George Bush Decision Points PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a George Bush Decision Points PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
