misconduct Civil liability is an extremely expensive proposition for police officers law enforcement agencies governments and ultimately taxpayers Although substantial resources are often expended by the justice system to resolve liability cases there are benefits to citizens When the government assumes the responsibility to provide service or to protect the public people injured by inadequate performance of those responsibilities deserve compensation innocent parties who suffer injury should have an avenue for redress The potential for litigation has been an impetus for better training and more responsible practices Another excellent resource on the topic Kappeler's edited volume of Supreme Court cases *Police Civil Liability* Second Edition allows students to understand firsthand the legal reasoning behind Court decisions dealing with these same issues
