Official Illustrated Catalogue Weltausstellung (1862, London), 1862 **Detroit's Hidden Channels** Karen L. Marrero, 2020-04-01 French Indigenous families were a central force in shaping Detroit's history Detroit's Hidden Channels The Power of French Indigenous Families in the Eighteenth Century examines the role of these kinship networks in Detroit's development as a site of singular political and economic importance in the continental interior Situated where Anishinaabe Wendat Myaamia and later French communities were established and where the system of waterways linking the Atlantic Ocean to the Gulf of Mexico narrowed Detroit's location was its primary attribute While the French state viewed Detroit as a decaying site of illegal activities the influence of the French Indigenous networks grew as members diverted imperial resources to bolster an alternative configuration of power relations that crossed Indigenous and Euro American nations Women furthered commerce by navigating a multitude of gender norms of their nations allowing them to defy the state that sought to control them by holding them to European ideals of womanhood By the mid eighteenth century French Indigenous families had become so powerful incoming British traders and imperial officials courted their favor These families would maintain that power as the British imperial presence splintered on the eve of the American Revolution Hidden Waters of New York City: A History and Guide to 101 Forgotten Lakes, Ponds, Creeks, and Streams in the Five Boroughs Sergey Kadinsky, 2016-03-07 A guide to the forgotten waterways hidden throughout the five boroughs Beneath the asphalt streets of Manhattan creeks and streams once flowed freely The remnants of these once pristine waterways are all over the Big Apple hidden in plain sight Hidden Waters of New York City offers a glimpse at the big city's forgotten past and ever changing present including Minetta Brook which ran through today's Greenwich Village Collect Pond in the Financial District the city's first water source Newtown Creek separating Brooklyn and Queens Bronx River still a hotspot for urban canoeing and hiking Filled with eye opening historical anecdotes and walking tours of all five boroughs this is a side of New York City you've never seen **Hides and Leather in France** United States. Department of Commerce, Norman Hertz, 1920 *Rolls of Connecticut Men in the French and Indian War, 1755-1762* Connecticut Historical Society, 1903 **Hide and Leather with Shoe Factory**, 1914 **French Colonial Digest**, 1923 *The Hidden Frontier* John W. Cole, Eric R. Wolf, 1999-11-16 A study of two small villages located on the high alpine rim of northern Italy one German speaking the other a Romance speaking village *The Hidden Handshake* Aleš Debeljak, 2004-09-27 The Hidden Handshake uses four distinct yet intertwined essays to address the questions surrounding our notions of citizenship national identity and cosmopolitan belonging The violent disintegration of Yugoslavia and the undercurrent of EU enlargement stand out as two contrasting

movements that highlight the importance of having a national identification while also defying it to avoid both the rigidity of nationalist exclusivism and the blithe nonsense of global citizenship Through the exploration of sociohistorical material and artistic visions as well as the author's layered identity as a Slovene a Yugoslav a Central European and a European Ale_ Debeljak tries to show that it is possible to remain faithful to geography history and community even as one fosters links to global cultural movements Not surprisingly the book itself shares some of this hybrid identity It uses not only theoretical concepts and empirical data but also historical sketches on art national life and society along with poetic autobiographical reminiscences and personal anecdotes Ultimately the book calls for an adoption of liberal nationalism which is commensurate with democratic order and for a more ecumenical understanding of artistic visions that does not discriminate on the grounds of one's place of origin

List of Novels and Tales in the English, French, German and Spanish Languages, March, 1894 Los Angeles Public Library, 1894

Hidden in Plain View Gary Saul Morson, 1987 For decades the formal peculiarities of *War and Peace* disturbed Russian and Western critics who attributed both the anomalous structure and the literary power of the book to Tolstoy's primitive unruly genius Using that critical history as a starting point this volume recaptures the overwhelming sense of strangeness felt by the work's first readers and thereby illuminates Tolstoy's theoretical and narratological concerns The author demonstrates that the formal peculiarities of *War and Peace* were deliberately designed to elude what Tolstoy regarded as the falsifying constraints of all narratives both novelistic and historical Developing and challenging the ideas of Mikhail Bakhtin Morson explores Tolstoy's account of the work's composition in light of various myths of the creative process He proposes a theory of creation by potential that incorporates Tolstoy's main concerns the openness of each historical moment the role of chance in history and within narrative patterns and the efficacy of ordinary events hidden in plain view in shaping history and individual psychology In his reading of Tolstoy he demonstrates how we read literary works within the penumbral text of associated theories of creativity

The Hidden Hands of Justice Heidi Nichols Haddad, 2018-08-09 *The Hidden Hands of Justice* NGOs Human Rights and International Courts is the first comprehensive analysis of non governmental organization NGO participation at international criminal and human rights courts Drawing on original data Heidi Nichols Haddad maps and explains the differences in NGO participatory roles frequency and impact at three judicial institutions the European Court of Human Rights the Inter American Human Rights System and the International Criminal Court *The Hidden Hands of Justice* demonstrates that courts can strategically choose to enhance their functionality by allowing NGOs to provide needed information expertise and services as well as shame states for non cooperation Through participation NGOs can profoundly shape the character of international human rights justice but in doing so may consolidate civil society representation and relinquish their roles as external monitors

Hidden Gardens of Paris Susan Cahill, 2012-04-10 Featuring 40 parks squares and woodlands posh and plain both in Paris and surrounds Cahill's illustrated guide will lead you off the beaten track to areas of Paris you might not otherwise encounter

Louis Pasteur and the Hidden World of Microbes Louise E. Robbins, 2001-11-29 Chronicling Louis Pasteur's rise from humble beginnings to international fame *Louis Pasteur and the Hidden World of Microbes* investigates the complex life of a man who revolutionized our understanding of disease. Alongside Pasteur's pioneering work with microorganisms his innovative use of heat to kill harmful organisms in food a process now known as pasteurization and his development of the rabies vaccine Louise Robbins places Pasteur in the context of his risky scientific methods and his rigid family and political beliefs Robbins's reveals a man of genius with sometimes troubling convictions *Louis Pasteur and the Hidden World of Microbes* is a fascinating look at one of the most important scientific minds of the last two centuries *Oxford Portraits in Science* is an on going series of scientific biographies for young adults Written by top scholars and writers each biography examines the personality of its subject as well as the thought process leading to his or her discoveries These illustrated biographies combine accessible technical information with compelling personal stories to portray the scientists whose work has shaped our understanding of the natural world

The Hidden History of Crime, Corruption, and States Renate Bridenthal, 2017-06 Renowned historical sociologist Charles Tilly wrote many years ago that banditry piracy gangland rivalry policing and war making all belong on the same continuum This volume pursues the idea by revealing how lawbreakers and lawmakers have related to one another on the shadowy terrains of power over wide stretches of time and space Illicit activities and forces have been more important in state building and state maintenance than conventional histories have acknowledged Covering vast chronological and global terrain this book traces the contested and often overlapping boundaries between these practices in such very different polities as the pre modern city states of Europe the modern nation states of France and Japan the imperial power of Britain in India and North America Africa's and Southeast Asia's postcolonial states and the emerging postmodern regional entity of the Mediterranean Sea Indeed the contemporary explosion of transnational crime raises the question of whether or not the relationship of illicit to licit practices may be mutating once more leading to new political forms beyond the nation state

Honor, Romanticism, and the Hidden Value of Modernity Jamison Kantor, 2023-01-19 This rich cultural history shows how honor as much as freedom inspired poets novelists and abolitionists of the nineteenth century

Britain's Hidden Role in the Rwandan Genocide Hazel Cameron, 2013 *Britain's Hidden Role in the Rwandan Genocide* examines the role of the United Kingdom as a global elite bystander to the crime of genocide and its complicity in violation of international criminal laws in the Rwandan genocide of 1994 As prevailing accounts confine themselves to the role and actions of the United States and the United Nations the full picture of Rwanda's genocide has yet to be revealed Hazel Cameron demonstrates that it is the unravelling of the criminal role and actions of the British that illuminates a more detailed answer to the question of why the genocide in Rwanda occurred In this book she provides a systematic and detailed analysis of the policies of the British Government towards civil unrest in Rwanda throughout the 1990s that culminated in genocide Utilising documentary evidence obtained

as a result of Freedom of Information requests to the Foreign and Commonwealth Office as well as material obtained through extensive interviews with British government cabinet members diplomats Ambassadors to the United Nations Security Council prisoners in Rwanda convicted of being leaders and organisers of genocide and victims and survivors of genocide in Rwanda e she finds that the actions of the British and French governments both before and during the Rwandan genocide of 1994 were disassociated from human rights norms It is suggested herein that the decision making of the Major government during the period of 1990 e 1994 was for the advancement of the interrelated goals of maintaining power status and ensuring economic interests in key areas of Africa inferring a substantial degree of complicity in genocide by omission That international politics is a strategic game has evidenced itself in the roles played by both the government of the United Kingdom and France in seeking to maximise their respective political and economic interests out with the existing international criminal constraints during the genocide in Rwanda A micro study of the actions of the French Operation Turquoise reveals their actions to be clearly definable as complicity in genocide by commission This account of the legal culpability of the powerful within the corridors of government in both London and Paris evidences that these behaviours cannot be conceptualised under existing notions of state crime and this research serves to illuminate the inadequacies and limitations of a concept of state crime in international law as it currently stands and will be of interest to anyone concerned with the misuse of state power

Military Medicine and the Hidden Costs of War Tanisha M. Fazal, 2024-03-15 A highly original comprehensive history of US military medicine Decisions to go to war are often framed in cost benefit terms and typically such assessments do not factor in longer term costs However recent dramatic improvements in American military medicine have had an unanticipated effect saving more soldiers lives has vastly increased long term downstream costs of war with profound consequences for global politics in an era of heightened great power competition In *Military Medicine and the Hidden Costs of War* Tanisha M Fazal traces the modern history of medical treatment and casualty rates in American conflicts from the Civil War to the more recent counterinsurgency wars As she shows wars became increasingly survivable for wounded troops to the point now where a large majority of wounded soldiers survive Yet the human and financial implications of this steep increase in the wounded to killed ratio are dramatic and her powerful analysis of this shift provides a necessary corrective to how we understand the costs of war For each major conflict Fazal analyzes the weapons used injuries sustained and policies put in place for veterans care and pensions As she argues these improvements have significant financial and deeply personal implications for the returned wounded and their families as well as the US government and its citizenry Fazal s analysis highlights the significance of policymakers underestimating the costs of war which in turn makes it easier both to initiate and continue military action abroad contributing to Americas penchant for engaging in so called endless wars A sweeping political history *Military Medicine and the Hidden Costs of War* will fundamentally change our understanding of the lasting consequences of America s wars

Hidden Armies of the Second World War Patrick G.

Zander,2017-10-03 Even though much of Europe eventually succumbed to the Nazis during World War II many Europeans defiantly resisted occupation in every way possible This captivating book provides a survey of these resistance movements during the period of Axis occupation and recounts the ways in which unarmed citizens undermined Nazi efforts at domination A thorough description of the Axis conquest of Europe the formation of the Special Operations Executive in Britain and the Office of Strategic Services in the United States provides a backdrop for this turbulent time in history Chapters cover the resistance organizations their leaders and other key individuals behind their operations The book details the movement s furtive tactics that included spreading information providing the Allies with key intelligence conducting industrial sabotage destroying bridges and factories and fighting behind the lines Case studies of resistance operations in France Norway Holland Denmark Poland Czechoslovakia the Soviet Union the Balkans Greece Italy and within Nazi Germany itself show the scope and breadth of the resistance movement throughout the world

Hide This French 101: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have charmed audiences this year. Hide This French 101 : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Hide This French 101 : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
