

## Why your business will benefit from being involved with Kawana Football Club...

Football in Australia is continuing to grow in popularity as a sport for all ages and is one of the most family friendly sports in the country.

Hi, my name is Brad Lloyd and I have been involved with Kawana Football Club since 1984 as a player, Coach, committee member and President. I'm now celebrating my 33rd season at the club. Kawana Football Club is one of the Sunshine Coast's fastest growing and favorite sports clubs, increasing its player and membership numbers by approximately 10% every year. We have a great history and reputation for playing fair, winning premierships and having great supporters.

Our club is located centrally in the region and one of the fastest growing areas at the heart of Oceanside Kawana health precinct, Kawana Island, Lake Kawana, Kawana Central business district and the fast developing Brightwater community which we are heavily involved with at the school. Our club and home ground on Mileau Place, just off Premier Circuit is part of the Kawana sports precinct and was opened in 2006.

Our club won the Sunshine Coast club of the year in 2005, 2006, 2008, 2009 and 2012 and has the potential to become the foremost football club on the Coast.

Kawana Football Club offers great potential for your business' exposure by association with our high profile teams. Our premier men's side has finished highly in the competition since the late 90's and last year our premier men side took out the championship for our 6th time with our club second all time in premiership wins, with 8. This has been further reflected by great performances in our senior and junior teams. In 2015 we had 9 of our 16 teams play finals football and 6 of those teams play on grand final day claiming 3 wins. Media interest is strong with our club due to our ever growing success in all age groups. We also focus closely on nurturing our juniors, ranging from under 6's up to under 17's and this has been evident with the clubs success over the past 5 years.

We'd like to offer your business our support and the opportunity to promote your interests to the thousands of people who visit our club each week, throughout the year and the many more who follow our club's progress.

Our newly constructed website is also widely received by the coast Football community as a whole and is consuming around 500 000 hits per season which is about 50 000 per month during the season, which will furthermore offer your business great exposure.

We are continually looking for new avenues to expose your companies brand.

As a non-profit organisation, sponsorship is a big part of our income to help us develop our kids into, not only better footballers but better members of the community.

I invite you to become a valued sponsor of our club and share in our success. Please consider the following sponsorship options or please don't hesitate to call me to discuss any other ideas you may have to get involved with our club.

Thank you for your time and I hope to build a strong relationship with you and your business.

Regards,

Goldberg, 2024-10-22 A timely look at the ethical legal and policy issues surrounding brain injury and collision sports American tackle football is an industry like any other And like many industries it sells a product that is dangerous to those who use it or in this case those who play it In Tackle Football and Traumatic Brain Injuries Daniel S Goldberg explores the connections among traumatic brain injury collision sports and the industry s continuing efforts to manufacture doubt Focusing especially on youths and adolescents the most vulnerable population that comprises over 99% of tackle football players in the US Goldberg addresses the ethical and social implications of their participation in tackle football Goldberg discusses the true scope of the danger and the costs to society and individuals of caring for injured participants If these risks were to become widespread public knowledge the profitability and perhaps even the viability of American football would be at risk As the tackle football industry has consistently worked to mask the health hazards involved in playing football it has used a particular tool that has proved highly effective in achieving this subterfuge the manufacture of doubt

Goldberg advocates for using public health laws as a tool for countering these efforts at obfuscation and he outlines specific policy proposals intended to address the population health and ethical problems presented by tackle football The book draws on public health ethics public health law and the histories of occupational and public health to assess the limits of parental choice to expose their children to risks of injury Should kids play tackle football at all and who decides if they should Goldberg offers practical answers to these critical legal ethical and social questions Chris Nowinski former Harvard football player and WWE wrestler provides a timely and insider's perspective on these critical issues in the foreword
