Differences between the College Education and that in the High School

Independence remains the major difference between college and high school education. In college, students tend to be responsible for their actions and the type of decisions that they make. Unlike in the high school education, nobody bothers the learners in college to attend their lessons or even study for the examination as compared to the high school where even teachers will try to negotiate for a good performance from their students. Class attendance for the high school students is mandatory, and teachers will give directives on what to do and what to avoid while in the school compound.
