The Damascus Events Eugene Rogan, 2024-05-07 An award winning scholar s account of an ancient city s descent into unprecedented communal violence an event that would mark the end of the old Ottoman order and the beginning of the modern Middle East On July 9 1860 a violent mob swept through the Christian quarters of Damascus For eight days violence raged leaving five thousand Christians dead thousands of shops looted and churches houses and monasteries razed The sudden and ferocious outbreak shocked the world leaving Syrian Christians vulnerable and fearing renewed violence Drawn from never before seen eyewitness accounts of the Damascus Events eminent Middle East historian Eugene Rogan tells the story of how a peaceful multicultural city came to be engulfed in slaughter He traces how rising tensions between Muslim and Christian communities led some to regard extermination as a reasonable solution Rogan also narrates the wake of this disaster and how the Ottoman government moved quickly to retake

Muslim Pilgrimage in Europe Ingvild Flakerud, Richard J. Natvig, 2017-07-20 In spite of Islam's long history in Europe and the growing number of Muslims resident in Europe, little research exists on Muslim pilgrimage in Europe. This collection of eleven chapters is the first systematic attempt to fill this lacuna in an emerging research field. Placing the pilgrims' practices and experiences centre stage, scholars from history, anthropology, religious studies, sociology, and art history examine historical and contemporary hajj and non-hajj pilgrimage to sites outside and within Europe. Sources include online travelogues, ethnographic data, biographic information, and material and performative culture. The interlocutors are European-born Muslims, converts to Islam, and Muslim migrants to Europe, in addition to people who identify themselves with other faiths. Most interlocutors reside in Albania, Bosnia, Hercegovina, Italy, France, the Netherlands, Great Britain, and Norway. This book identifies four courses of developments: Muslims resident in Europe continue to travel to Mecca and Medina and to visit shrine sites located elsewhere in the Middle East and North Africa. Secondly, there is a revival of pilgrimage to old pilgrimage sites in South-eastern Europe. Thirdly, new Muslim pilgrimage sites and practices are being established in Western Europe. Fourthly, Muslims visit long-established Christian pilgrimage sites in Europe. These practices point to processes of continuity, revitalization, and innovation in the practice of Muslim pilgrimage in Europe. Linked to changing sectarian, political, and economic circumstances, pilgrimage sites are dynamic places of intra-religious as well as inter-religious conflict and collaboration, while pilgrimage experiences in multiple ways also transform the individual and affect the home community.

The Iranian Constitutional Revolution and the Clerical Leadership of Khorasani Mateo Mohammad Farzaneh,2015-03-13 The Iranian Constitutional Revolution was the twentieth century's first such political movement in the Middle East It represented a landmark in Iranian history because of the unlikely support it received from

Shi'ite clerics who historically viewed Western concepts with suspicion some claiming constitutionalism to be anti-Islamic. Leading the support was Muhammad Kazim Khurasani the renowned Shi'ite jurist who conceived of a supporting role for the clergy in a modern Iranian political system. Drawing on extensive analysis of religious texts, fatwas and articles written by Khurasani and other pro and anti constitutionalists, Farzaneh provides a comprehensive and illuminating interpretation of Khurasani's religious pragmatism. Despite some opposition from his peers, Khurasani used a form of jurisprudential reasoning when creating shari'a that was based on human intellect to justify his support of not only the Iranian parliament but also the political powers of clerics. He had a reputation across the Shi'ite community as a masterful religious scholar, a skillful teacher and a committed humanitarian who heeded the people's socioeconomic and political grievances and took action to address them. Khurasani's push for progressive reforms helped to inaugurate a new era of clerical involvement in constitutionalism in the Middle East.

Arabic-English-Arabic Legal Translation Hanem El-Farahaty, 2015-05-12. Arabic-English-Arabic Legal Translation provides a groundbreaking investigation of the issues found in legal translation between Arabic and English. Drawing on a contrastive comparative approach, it analyses parallel authentic legal documents in both Arabic and English to examine the features of legal discourse in both languages and uncover the different translation techniques used. In so doing, it addresses the following questions: What are the features of English and Arabic legal texts? What are the similarities and differences of English and Arabic legal texts? What are the difficult areas of legal translation between English and Arabic legal texts? What are the techniques for translating these difficult areas on the lexical and syntactic levels? Features include: A thorough description of the features of legal translation in both English and Arabic, drawing on empirical new research, corpus data analysis and strategic two-way comparisons between source texts and target texts. Coverage of a broad range of topics including an outline of the chosen framework for data analysis, a historical survey of legal discourse developments in both Arabic and English and detailed analyses of legal literature at both the lexical and syntactic levels. Attention to common areas of difficulty such as Shariah Law terms, archaic terms and modal auxiliaries. Many examples and excerpts from a wide selection of authentic legal documents reinforced by practical discussion points, exercises and practice drills to encourage active engagement with the material and opportunities for hands-on learning. Wide-ranging scholarly and thought-provoking; this will be a valuable resource for advanced undergraduates and postgraduates on Arabic Translation Studies and Comparative Linguistics courses. It will also be essential reading for translation professionals and researchers working in the field.

Encounters with the Ottoman Miniature Begüm Özden Firat, 2015-08-20. The dominant form of Ottoman pictorial art until the eighteenth century, miniatures have traditionally been studied as reflecting the socio-historical contexts, aesthetic concerns and artistic tastes of the era within which they were produced. Begüm Özden Firat

proposes instead a radical re reading of seventeenth and eighteenth century miniatures in the light of contemporary critical theory highlighting the viewer s encounter with the image Encounters with the Ottoman Miniature employs contemporary concepts such as the gaze frame framing reading and re reading drawing on thinkers such as Walter Benjamin Roland Barthes and Gilles Deleuze to establish the vibrant cultural agency of miniature paintings With analysis that illuminates both the social and political situations in which these miniatures were painted as well as emphasising the miniature s contemporary relevance Firat presents an important new re imagining of this art form
