Hold Firm World War II 810th Signal Service:

Hold Firm Kelda Ytterdal, 2014-12-10 The motto **Hold Firm** alludes to the tenacity of the personnel in performing their tasks This book along with over 75 photos chronicles the life of one soldier serving during World War II in the 810th Signal Service Battalion His personal papers document his time from induction into the Army training service at Fort Hancock NJ England and France The information is published so that his service along with all others in the Signal Service Corps is not forgotten Many soldiers served during World War II in many capacities For communications to take place at all levels of command throughout Europe the Signal Service provided the knowledge and skill to set up necessary equipment for the services along with seeing that all messages got to their destination by any means Each enlisted person played a part in the War This man's memories provide a glimpse into the daily life hard work and even good times that kept their spirits high No one escaped the fears of war but they did discover how to survive wherever they served

Who's who in the Nation's Capital, 1921 **Who's Who in the World, 1995** Marquis Who's Who, 1995-12 This single volume affords instant access to more than 35 000 individual biographies of the people whose activities are shaping today's world Among those profiled are prominent government figures high ranking military officers leaders of the largest corporations in each country heads of religious organizations pioneers in science the arts many more **Our Army**, 1943 **Who's who in Commerce and Industry**, 1955 **Who's who in the Midwest**, 1952 **The Monthly Supplement**, 1951 **Who's who in America**, 1951 **Technology Review**, 1926 **The Signal Corps: The outcome (mid-1943 through 1945)**, 1956 **The Signal Corps** George Raynor Thompson, Dixie R. Harris, 1966 *The Signal Corps* George Raynor Thompson, Dixie R.

Harris, 1970 **The Signal Corps** Dulany Terrett, 2015-07-03 The more mobile an armed force becomes the more rugged the terrain it encounters or the more widely the force is deployed the greater becomes the difficulty of securing and maintaining rapid completely linked communications In the U S Army the Signal Corps is the agency charged with developing procuring and furnishing signal equipment to overcome the difficulties mentioned above In an age of swift and startling progress in electronics this phase of its mission demands that it keep abreast of scientific advances at home and abroad and maintain close ties with civilian laboratories and industry in order to take advantage of their capabilities This volume traces the course which the Signal Corps followed between the first and second world wars a period of planning and preparation Others to follow will recount the testing of the Corps organization and equipment and the results achieved at home and overseas The author has dealt with the subject on a chronological basis instead of following the topical treatment used in other technical service volumes This broad front approach has enabled him to weave into one pattern the many activities in which the Signal Corps was simultaneously engaged The reader can here follow from birth the history of Army radar and mobile radio the first steps taken in the conversion of the civilian communications industry to war production the expansion of training facilities and the beginnings of the far flung communications network that eventually encircled the

globe He will see the uncertainties of planning and the difficulties of organization incident to rapidly changing conditions meager appropriations and the clash of interest within the military household These and many other matters showing human beings and institutions under pressure are replete with significance to us who must live in a turbulent world where revolution tends to have the upper hand over evolution *The Signal Corps: the Emergency (to December 1941)*. Dulany Terrett,1956

The Signal Corps George Thompson,Dixie Harris,Dulany Terrett,Pauline Oakes,2015-07-05 The methods of modern warfare and its wide deployment of forces make effective communications one of the vital elements of victory In the higher levels of command in the Army this is the responsibility of the Signal Corps Actually war laid far greater demands on Signal troops and equipment than the War Department had anticipated and the rapid development of electronic devices continued to multiply these demands For this reason rather than through any fault of its own the Signal Corps was perhaps the least ready of the technical services for the missions assigned to it after Pearl Harbor That the Corps managed as well as it did to meet the demands of war was a tribute to the preparations described in the preceding volume of this subseries The Corps burgeoning activities during 1942 and the first half of 1943 are the theme of this second volume Based for the most part on War Department records especially those of the Chief Signal Officer the present history generally reflects his point of view After March 1942 each of the technical services had its special problems within the fold of the Army Service Forces Those of the Signal Corps were in some respects unique and led to a partial decentralization of its functions from 1943 onward rather than to the centralized and autonomous control of Army communications that many Signal officers including the Chief Signal Officer wanted The present volume shows how effectively despite its organizational problems the Corps managed in the period under review to prepare for its intricate and world wide mission in the final war years **United States Army in World War II** United States. Military History, Office of the Chief of,1956 United States Army in World War II, The Technical Services, The Signal Corps: The Outcome (Mid-1943 Through 1945), 2008, * Center of Military History,2009*

The History of the 82nd Signal Battalion World War I and World War II Christopher Eric Mullins,2020-04-12 The History of the 307th Field Signal Battalion in WWI the 82nd Signal Company and the 82nd Signal Battalion during World Wars I and II were the foundation of great things to come for the Signal soldiers of today s Army The History of the men and women assigned to this unit reflect the best people the United States had to offer at the time part of the Greatest Generation The Commander s Voice *The Signal Corps* George Raynor Thompson,1957 Breaking Codes, Breaking Barriers Karen Kovach,2001
