Peruse the Table of Contents and select an order that appeals to you Travel is not required but it expedites the transformation of expanding your horizons Turn Dreams of Volunteering into Reality I noticed that after I have been to a country and there is a news article I usually check it out Reported news is frequently only unfortunate events weather disasters political upheavals etc but I recall my time there and wonder how everyone is coping Extensive time spent together reinforces similarities and minimizes differences Now I want to share why I decided it was time to capture these experiences in a book There are multiple reasons with creating a legacy by presenting a mini memoir for this aspect of my life which shares honors with inspiration and motivation for considering volunteer service including an education component I have accumulated a repertoire of a variety of projects with destinations all over the world to use as samples of opportunity choices I ll start at the beginning My first international expedition is also the description of the first Memorable Event which I think is deposited in a vault in my mind that can be retrieved by a thought I had never considered writing a book and throughout the journey I never kept a journal or any type of diary However as soon as I decided to feature this trip it was if all these details were as vivid as if it happened yesterday instead of mid 1986 That pattern persisted while preparing all the chapters The only document that I had was a spreadsheet tracking the forty six trips in almost forty years I was fortunate to have a valued colleague agree to be my Content Clarification editor whose job was to identify any situations topics or words that needed to be defined in the text so the reader wasn t interrupted and required to search the internet for the answer The goal was to find 100% of these situations and at least discover and fix most of them Hope we were successful I was an active participant during the evolution years of the volunteer choices and opportunities available for ordinary citizens I continue to use 501 c 3 designated non profit organizations which utilize local resources support the economy and allow community projects to be maintained after the volunteers have departed plus schedule tourist events that don t interfere with the volunteer activity
