France and the Reunification of Germany Tilo Schabert, 2021-10-12 With the collapse of the Soviet Union and its Eastern European bloc the reunification of Germany was a major episode in the history of modern Europe and one widely held to have been opposed by that country's centuries old enemy France But while it has been previously believed that French President François Mitterrand played a negative role in events leading up to reunification this book shows that Mitterrand's main concern was not the potential threat of an old nemesis but rather that a reunified Germany be firmly anchored in a unified Europe Updated with a new introduction and other materials the book blends primary research and interviews with key actors in France and Germany to take readers behind the scenes of world governments as a new Europe was formed Tilo Schabert had unprecedented exclusive access to French presidential archives and here focuses on French diplomacy not only to dispel the notion that Mitterrand was reluctant to accept reunification but also to show how successful he was in bringing it about

Richard Hooker Philip Hobday, 2023-09-07 For some Hooker and Anglicanism are basically reformed for others fundamentally Catholic for some embodying a middle way between Roman Catholic and Protestant extremes and for others simply confused and incoherent This book challenges those perceptions by showing that reformed and catholic are not intrinsically opposed Reading Hooker alongside a representative theologian of each tradition the catholic Aquinas and the reformed Calvin on theological method Hobday shows there is much greater congruity between theologies and theologians often considered in tension On the role of scripture in theology the theological capacity of human reason and the place of tradition these 3 theologians have far more in common than many subsequent commentators have understood This book shows how both Hooker and the Anglicanism he defended in such elegant prose can be coherently both catholic and reformed rather than one or the other or some middle way Relocating Hooker and Anglicanism in this way reveals them to be rich fruitful conversation partners in ecumenical dialogue and theological debates across Christian traditions
