How Als Changed Everything Learning To Keep On Keepin On

Carol Hoare

How Als Changed Everything Learning To Keep On Keepin On:

How ALS Changed Everything Jan Murray, 2014-12-21 A family's journey through ALS Amyotrophic Lateral Sclerosis aka Lou Gehrig's Disease taking the reader from shock and devastation to acceptance hope and LIFE despite the terminal illness How ALS Changed Everything follows the Murray family through everyday real raw experiences with ALS its effects on them as individuals their children their marriage and faith The story immediately draws the reader into the Murray's lives and is a poignant tale of facing a monster of an illness with little to no hope with bravery yet fear and still coming out on top in happiness Eleven other touching stories from ALS families from around the country are also included in the book Inspiring Heart wrenching Compelling

Bridging Technology and Literacy Amy Hutchison, Jamie Colwell, 2015-06-18 This book provides a practical understanding of digital literacy and information on integrating digital technology into English Language Arts and literacy instruction at the K-6 grade levels Cross disciplinary connections are also provided to bridge literacy and language arts and other content areas for a more integrated approach to literacy instruction This text not only introduces readers to various types of digital tools and resources but also provides practical approaches for using digital tools in instruction to help students read and write multi modal digital texts Each chapter contains key elements that prompt brainstorming about digital tools connections to the Common Core State Standards in Language Arts and resources for teachers to plan instruction that incorporates digital tools Comprehensive sample lesson plans that are aligned to the Common Core State Standards and English Language Proficiency Standards are provided throughout the text Information about digital citizenship digital copyright lesson planning and long range planning is also provided

Breakthrough Community Change Paul Born, 2023-04-11 Discover a powerful methodology for bringing communities together to uncover hidden assets and transform deep rooted challenges Veteran community organizer Paul Born's work has contributed to lowering cancer rates in Maine improving mental health for young people in Florida and reducing poverty rates in Canada by 20 percent In this much needed new book he shares stories of how he was able to catalyze local communities and guide them to make significant progress on seemingly intractable community problems Born has found that the secret to success is to organize and unite around a common agenda This is not a list of topics like a meeting agenda nor a strategic plan He offers a process for bringing leaders from businesses human service organizations and governments together with people who have a lived experience of a specific community problem A common agenda is a statement of shared aspirations a map of the assets in the community and a road map for how to work together to make those aspirations a reality Part I of this book describes how to identify your community's readiness for change form leadership action and strategy teams create a common agenda and establish plans for community engagement Part II presents the approaches and skill sets needed to do the work described in part I Remarkably enormous systemic problems such as climate change poverty disease racism housing and many more issues can be best addressed at the local level Communities can develop solutions tailored to their unique

circumstances and can collaborate at a magnitude that can result in a truly transformative impact This book shows how to make change happen

Nurse as Educator Susan Bacorn Bastable, 2014 Nurse as Educator Principles of Teaching and Learning for Nursing Practice Fourth Edition prepares nurse educators clinical nurse specialists and nurse practitioners for their ever increasing role in patient teaching health education health promotion and nursing education This text can be used in undergraduate or even graduate courses one of the strengths of this text is that it is written in a style that enables students to easily understand new concepts and readily apply them Other strong features include coverage of the motivational and sociocultural differences that affect teaching and learning The Fourth Edition of this best selling text has been updated and revised to include the latest research and data in the field of nurse education Nurse as Educator Principles of Teaching and Learning for Nursing Practice Fourth Edition is the text of choice in nursing education courses and programs as well as for institutional and community based settings The text includes access to the Navigate Companion Website for students which features engaging learning tools Updates to the new edition include discussion of the following The IOM's new report The Future of Nursing Leading Change Advancing Health New material on how to teach motor skill learning National Action Plan around health literacy New content on the transgender population Updated formulas to measure patient health literacy Completely revised chapter on Educating Learners with Disabilities This text is a must have for either undergraduate or graduate courses

The Oxford Handbook of Reciprocal Adult Development and Learning Carol

Hoare, 2011-09-06 One of the Best Books of 2011 from the Center for Optimal Adult Development The fields of adult development and the study of learning have traditionally been considered separate with development falling under psychology and learning under education However recent ideas research and practices that have emerged in these fields of study effectively emphasize the inherent reciprocal relationship that exists between them advances in development frequently lead to learning and conversely learning almost necessarily fuels development In this second edition of The Oxford Handbook of Reciprocal Adult Learning and Development the synchronicity between development and learning is explored further as expert authors advance the latest theories to provide a rich foundation for this new area of study and practice for this interrelated field of study At the border of two disciplines this handbook focuses on the capacities of intelligence meta cognition insight self efficacy spirituality interpersonal competence wisdom and other key adult attributes as they relate to positive changes and personal growth in adults Contexts for development and learning e.g. the work role and environment are also addressed and mixed in throughout the volume are emanating implications for research practice and policy What emerges is a thoughtful handbook for all who promote optimal aging and is a must read for academics psychologists and practitioners in adult development

Nurse as Educator Susan B. Bastable, 2013-07-23 Nurse as Educator Principles of Teaching and Learning for Nursing Practice Fourth Edition prepares nurse educators clinical nurse specialists and nurse practitioners for their ever increasing role in patient teaching health education health promotion and nursing education
