TOPIC

Should drug abuse be encouraged among university students?

P

POINT

University students should be encouraged to avoid abusing drugs because studies show that learners that abuse drugs are more likely to perform poorly or even drop out of school.

E

EVIDENCE/EXAMPLE

A recent research conducted at a local university shows that students that are addicted to drugs usually perform poorly in class and have a higher chance of dropping out of school.

E

EXPLANATION

The reason that the students perform poorly is that they spend most of their time looking for the next fix and in a drunken stupor instead of focussing on their studies. They also have a higher dropout rate because they end up missing most of their classes and hence end up lagging behind in class which is stressful.

L

LINK

The evidence suggests that university students who are involved in drug abuse are more likely to perform poorly and drop out of college, and therefore, they should be discouraged against drug abuse.
