Timmermans, Ray Land, 2019-12-30 Since the first literature about the Threshold Concepts Framework was published in 2003 a considerable body of educational research into this topic has grown internationally across a wide range of disciplines and professional fields. Successful negotiation of a threshold concept can be seen as crossing boundaries into new conceptual space or as a portal opening up new and previously inaccessible ways of thinking about something. In this unfamiliar conceptual terrain fresh insights and perceptions come into view and access is gained to new discourses. This frequently entails encounters with troublesome knowledge knowledge which provokes a liminal phase of transition in which new understandings must be integrated and importantly prior conceptions relinquished. There is often double trouble in that letting go of a prevailing familiar view frequently involves a discomfiting change in the subjectivity of the learner. We become what we know. It is a space in which the learner might become stuck. **Threshold Concepts on the Edge** the fifth volume in a series on this subject discusses the new directions of this research. Its six sections address issues that arise in relation to theoretical development liminal space ontological transformations curriculum interdisciplinarity and aspects of writing across learning thresholds. **Journey'S Chosen** B. K. Parent, 2017-03-22 At the great summer fair at the capital a little less than a year ago the Gylden Sirklene challenge Sommerhjems ancient way for choosing rulers was called forcing Regent Cedric Klingflug to step down. The governing of the country was turned over to an interim ruling council. One year to the day the challenge was called all nine pieces of the oppgave ring must be brought to the capital. It is now the start of the summer fair season but only seven of the pieces of the oppgave ring have been safely delivered to the capital. With few scant weeks left before the great summer fair the rules governing the Gylden Sirklene challenge need to be fulfilled. Time is running out for both those who support the Crown and those who support the former regent. All too soon Nissa Carz and her fellow ring carriers are caught up in a race against time desperate to find the final pieces of the oppgave ring in order to initiate the challenge and return to the ancient way of choosing the rightful ruler of Sommerhjem. **Journey'S End** Neil L.
