Joycean Cultures, Culturing Joyces Vincent John Cheng, Kimberly J. Devlin, Margot Norris, 1998 This volume presents a cultural criticism that analyzes the politics art fashion and constructions of the body inscribed and transcribed in the Joycean text The essays illustrate the dynamic interaction of art culture and criticism They simultaneously explore the impact that Joyce's own culture both high and low had on his art while assessing Joyce's reciprocal influence on our own contemporary culture Following the paths of a long and pluralistic tradition of Joyce criticism the new methodologies in this volume create or culture a new Joyce for the nineties

Make It New Kurt Heinzelman, 2003 What was Modernism and why does it still matter The term itself first gained currency in the 1930s describing a kind of art that already may have peaked some would say as early as 1922 Whatever its ups and downs in its own time as the novelist Julian Barnes claims in one of the twenty essays commissioned for the present volume Modernism never vanished It remains our immovable feast Modernism was international in scope it left its mark on all genres from literature and painting to opera dance and architecture it pushed the boundaries of what was artistically possible and aesthetically important and finally for all its destructive urges which it shared with the century itself it was also celebrative This book is a response to the exhibition of the same name that opened at the Harry Ransom Center in October 2003 It includes original essays by such noted writers and artists as Russell Banks

Anita Desai David Douglas Duncan Elizabeth Hardwick and Penelope Lively which offer fresh perspectives on important Modernist figures including William Gaddis Ezra Pound William Faulkner E M Forster Paul Robeson Virginia Woolf Henry James Joseph Conrad Frank Lloyd Wright and Le Corbusier In addition essays by leading scholars in literature and art history focus on specific artifacts included in the exhibit As the Center's Director Thomas F Staley puts it in the Foreword Ours is an attempt not of definition but of discovery and rediscovery Book and exhibition permit both reader and viewer to experience the textures structures and resonances which made the first part of the twentieth century so innovative that its art is still virtually synonymous with what newness means

Modernist Fiction and Vagueness Megan Quigley, 2015-02-02
Modernist Fiction and Vagueness marries the artistic and philosophical versions of vagueness linking the development of literary modernism to changes in philosophy This book argues that the problem of vagueness language's unavoidable imprecision led to transformations in both fiction and philosophy in the early twentieth century Both twentieth century philosophers and their literary counterparts including James Eliot Woolf and Joyce were fascinated by the vagueness of words and the dream of creating a perfectly precise language Building on recent interest in the connections between analytic philosophy pragmatism and modern literature Modernist Fiction and Vagueness demonstrates that vagueness should be read not as an artistic problem but as a defining quality of modernist fiction

The Cinema and the Origins of Literary Modernism Andrew Shail, 2012-11-12 Modernist writing has always been linked with cinema The recent renaissance in early British film studies has allowed cinema to emerge as a major historical context for literary practice Treating cinema as a historical rather than an aesthetic influence this book analyzes the role of early British film culture in literature thus providing the first account of cinema as a cause for modernism Shail's study draws on little known sources to create a detailed picture of cinema following its second birth as both institution and medium The book presents a comprehensive account of how UK based modernism originated as a consequence of rather than a conscious aesthetic response to this new component of the cultural landscape Film's new accounts of language endeavor time collectivity and political change are first considered then related to the patterns that comprised modernist texts Authors discussed include Ford Madox Ford Joseph Conrad Wyndham Lewis Ezra Pound H.
