**Tangled Journeys** Lori D. Ginzberg, 2024-09-20 In 1830 Richard Walpole Cogdell a husband father and bank clerk in Charleston South Carolina purchased a fifteen year old enslaved girl Sarah Martha Sanders Before her death in 1850 she bore nine of his children five of whom reached adulthood In 1857 Cogdell and his enslaved children moved to Philadelphia where he bought them a house and where they became virtually overnight part of the African American middle class An ambitious historical narrative about the Sanders family *Tangled Journeys* tells a multigenerational multiracial story that is both traumatic and prosaic while forcing us to confront what was unseen unheard and undocumented in the archives and thereby inviting us into the process of American history making itself **Women in British Cinema** Sue Harper, 2000-06-01 This book takes a broad perspective and analyses the ways in which the British film industry has dealt with women and their creativity from 1930 to the present The first part of the book deals comprehensively with different historical periods in British film culture showing how the agency of production company director distribution company or scriptwriter can bring about new patterns of female stereotyping The second part looks at the input of women workers into the film process It assesses the work of women in a variety of roles directors such as Wendy Toye and Sally Potter producers such as Betty Box scriptwriters such as Clemence Dane and Muriel Box costume designers such as Shirley Russell and Jocelyn Rickards and editors and art directors This is a polemical book which is written in a lively and often confrontational manner It uses fresh archival material and takes energetic issue with those explanatory models of film analysis which impose easy answers onto complex material **Re-Understanding Media** Sarah Sharma, Rianka Singh, 2022-03-23 The contributors to *Re-Understanding Media* advance a feminist version of Marshall McLuhan's key text *Understanding Media: The Extensions of Man* repurposing his insight that the medium is the message for feminist ends They argue that while McLuhan's theory provides a falsely universalizing conception of the technological as a structuring form of power feminist critics can take it up to show how technologies alter and determine the social experiences of race gender class and sexuality This volume showcases essays experimental writings and interviews from media studies scholars artists activists and those who work with and create technology Among other topics the contributors extend McLuhan's discussion of transportation technology to the attics and cargo boxes that moved Black women through the Underground Railroad apply McLuhan's concept of media as extensions of humans to analyze Tupperware as media of containment and take up 3D printing as a feminist and decolonial practice The volume demonstrates how power dynamics are built into technological media and how media can be harnessed for radical purposes Contributors Nasma Ahmed Morehshin Allahyari Sarah Banet Weiser Wendy Hui Kyong Chun Brooke Erin Duffy Ganaele Langlois Sara Martel Shannon Mattern Cait McKinney Jeremy Packer Craig Robertson Sarah Sharma Ladan Siad Rianka Singh Nicholas Taylor Armond R Towns and Jennifer Wemigwans **Livres hebdo**, 2009-11 **Black Rock Bay** Roger Naylor, 2000-03-20 When California entrepreneur Hudson Bryant answers the phone his old friend Gibby

Gunderson shouts Hud after all the other stuff they done to us they killed our dog Herman The plea for help prompts Hud to fly to the aid of his old fishing buddy who lives in retirement on the shores of Black Rock Bay near the Minnesota Canada border Hud anticipates a quick fix for his friends problems Instead he finds himself on the first line of battle in a heated territorial conflict right out of the Old West a conflict Hud cant hope to win with brute force alone

The Perraults Oded Rabinovitch,2018-11-15 In The Perraults Oded Rabinovitch takes the fascinating eponymous literary and scientific family as an entry point into the complex and rapidly changing world of early modern France Today the Perraults are best remembered for their canonical fairy tales such as Cinderella and Puss in Boots most often attributed to Charles Perrault one of the brothers While the writing of fairy tales may seem a frivolous enterprise it was in fact linked to the cultural revolution of the seventeenth century which paved the way for the scientific revolution the rise of national literatures and the early Enlightenment Rabinovitch argues that kinship networks played a crucial yet unexamined role in shaping the cultural and intellectual ferment of the day which in turn shaped kinship and the social history of the family Through skillful reconstruction of the Perraults careers and networks Rabinovitch portrays the world of letters as a means of social mobility He complicates our understanding of prominent institutions such as the Academy of Sciences Versailles and the salons as well as the very notions of authorship and court capitalism The Perraults shows us that institutions were not simply rigid entities embodying or defining intellectual or literary styles such as Cartesianism empiricism or the purity of the French language Rather they emerge as nodes that connect actors intellectual projects family strategies and practices of writing

**Unnatural Companions** Peter Christie,2020-05-21 Highly compelling page turning read TNC s Cool Green Science We love our pets Dogs cats birds reptiles and other species have become an essential part of more families than ever before in North America today pets outnumber people Pet owners are drawn to their animal companions through an innate desire to connect with other species But there is a dark side to our domestic connection with animal life the pet industry is contributing to a global conservation crisis for wildlife often without the knowledge of pet owners In Unnatural Companions journalist Peter Christie issues a call to action for pet owners If we hope to reverse the alarming trend of wildlife decline pet owners must acknowledge the pets versus conservation dilemma and concede that our well fed and sheltered cats too often prey on small backyard wildlife and seemingly harmless reptiles released into the wild might be the next destructive invasive species We want our pets to eat nutritionally healthy food but how does the designer food we feed them impact the environment Christie s book is a cautionary tale to responsible pet owners about why we must

change the ways we love and care for our pets It concludes with the positive message that the small changes we make at home can foster better practices within the pet industry that will ultimately benefit our pets wild brethren **Who's who in America** ,1912 White Borders Reece Jones,2021-10-12 This powerful and meticulously argued book reveals that immigration crackdowns have always been about saving and protecting the racist idea of a white America Ibram X Kendi award winning author of Four Hundred Souls and Stamped from the Beginning A damning inquiry into the history of the border as a place where race is created and racism honed into a razor sharp ideology Greg Grandin Pulitzer Prize winning author of The End of the Myth Recent racist anti immigration policies from the border wall to the Muslim ban have left many Americans wondering How did we get here In what readers call a chilling and revelatory account Reece Jones reveals the painful answer although the US is often mythologized as a nation of immigrants it has a long history of immigration restrictions that are rooted in the racist fear of the great replacement of whites with non white newcomers After the arrival of the first slave ship in 1619 the colonies that became the United States were based on the dual foundation of open immigration for whites from Northern Europe and the racial exclusion of slaves from Africa Native Americans and eventually immigrants from other parts of the world Jones s scholarship shines through his extensive research of the United States racist and xenophobic underbelly He connects past and present to uncover the link between the Chinese Exclusion laws of the 1880s the Keep America American nativism of the 1920s and the Build the Wall chants initiated by former president Donald Trump in 2016 Along the way we meet a bizarre cast of anti immigration characters such as John Tanton Cordelia Scaife May and Stephen Miller who pushed fringe ideas about white genocide and race suicide into mainstream political discourse Through gripping stories and in depth analysis of major immigration cases Jones explores the connections between anti immigration hate groups and the Republican Party What is laid bare after his examination is not just the intersection between white supremacy and anti immigration bias but also the lasting impacts this perfect storm of hatred has had on United States law Creative Writing For Dummies Maggie Hamand,2023-08-31 Unlock your creative potential and write something special Ever dream of writing a book article poem or play that means something to you and maybe to someone else as well Do you have an idea you re ready to get down on paper In Creative Writing For Dummies you ll learn how to unleash your creative side and become a confident and productive writer Discover the essential elements of storytelling including structure characterization setting dialogue and plot as you navigate the countless ways you can express yourself with the written word Explore the media and methods you can use to help find an audience from traditional to self publishing social media blogging and more Creative Writing For Dummies also shows you how to Write in all sorts of different formats including screenplays scripts creative nonfiction poetry short stories novels and beyond Navigate the world of social media and learn how it can contribute to getting your work read by more people in more places Understand the new online nature of contemporary journalism and the proliferation of news and blogging sites A can t miss roadmap to getting your first or

**Space Science and the Arab World** Jörg Matthias Determann, 2018-01-29 When Sultan bin Salman left Earth on the shuttle Discovery in 1985 he became the first Arab first Muslim and first member of a royal family in space Twenty five years later the discovery of a planet 500 light years away by the Qatar Exoplanet Survey subsequently named Qatar 1b was evidence of the cutting edge space science projects taking place across the Middle East This book identifies the individuals institutions and national ideologies that enabled Arab astronomers and researchers to gain support for space exploration when Middle East governments lacked interest Jörg Matthias Determann shows that the conquest of space became associated with national prestige security economic growth and the idea of an Arab renaissance more generally Equally important to this success were international collaborations to benefit from American and Soviet expertise and technology Arab scientists and officials

had to commit to global governance of space and the common interests of humanity Challenging the view that the golden age of Arabic science and cosmopolitanism was situated in the medieval period Determann tells the story of the new discoveries and scientific collaborations taking place from the 19th century to the present day An innovative contribution to Middle East studies and history of science the book also appeals to increased business media and political interest in the Arab space industry     *U.S. Geological Survey Bulletin* ,1983     **Statistical Methods in Physical Oceanography** ,1993     The Zoological Record ,1998     **The Double Reed** ,2008
