Barraclough, 2011 In the first book length scholarly study of the San Fernando Valley home to one third of the population of Los Angeles Laura R Barraclough combines ambitious historical sweep with an on the ground investigation of contemporary life in this iconic western suburb She is particularly intrigued by the Valley s many rural elements such as dirt roads tack and feed stores horse keeping districts citrus groves and movie ranches Far from natural or undeveloped spaces these rural characteristics are she shows the result of deliberate urban planning decisions that have shaped the Valley over the course of more than a hundred years The Valley s entwined history of urban development and rural preservation has real ramifications today for patterns of racial and class inequality and especially for the evolving meaning of whiteness Immersing herself in meetings of homeowners associations equestrian organizations and redistricting committees Barraclough uncovers the racial biases embedded in rhetoric about open space and western heritage The Valley s urban cowboys enjoy exclusive semirural landscapes alongside the opportunities afforded by one of the world s largest cities Despite this enviable position they have at their disposal powerful articulations of both white victimization and with little contradiction color blind politics **Neutrino Hunters** Ray Jayawardhana, 2024-07-02 Neutrino Hunters paints a vivid portrait of this new astronomy for the twenty first century and the fascinating scientists who put it into place Marcia Bartusiak author of *The Day We Found the Universe* Winner of the Canadian Science Writers Association Science in Society Book Award One of the Best Physics Books of 2013 Cocktail Party Physics Blog Scientific American For more than eighty years adventurous minds from around the world have been chasing neutrinos incredibly small bits of matter that pass through our bodies every second by the trillions In Neutrino Hunters the renowned astrophysicist and award winning writer Ray Jayawardhana takes us on a thrilling journey into the shadowy world of neutrinos and the colorful lives of those who seek them Demystifying particle science along the way Jayawardhana tells a detective story with cosmic implications interweaving tales of the sharp witted theorist Wolfgang Pauli the troubled genius Ettore Majorana the harbinger of the atomic age Enrico Fermi the notorious Cold War defector Bruno Pontecorvo and the

dynamic dream team of Marie and Pierre Curie Then there are the scientists of today who have caught the neutrino bug and whose experimental investigations stretch from a working nickel mine in Ontario to a long tunnel through a mountain in central Italy from a nuclear waste site in New Mexico to a bay on the South China Sea and from Olympic size pools deep underground to a gigantic cube of Antarctic ice called naturally IceCube As Jayawardhana recounts a captivating saga of scientific discovery and celebrates a glorious human quest he reveals why the next decade of neutrino hunting will redefine how we think about physics cosmology and our lives on Earth *The Dead Cat Bounce* Sarah Graves,2009-10-07 dead cat bounce n Stock market jargon for a small temporary rise in a stock s trading price after a sharp drop Since she bought her rambling old fixer upper of a house Jacobia Tiptree has gotten used to finding things broken But her latest problem isn t so easily repaired Along with the rotting floor joists and sagging support beams there s the little matter of the dead man in Jake s storeroom an ice pick firmly planted in his cranium Not much happens in her tiny Maine town but that s about to change Jake s unknown guest turns out to be a world famous corporate raider local boy turned billionaire Threnody McIlwaine When Jake s best friend quiet and dependable Ellie White readily confesses to the murder cops and journalists swarm into snowbound Eastport Jake smells a cover up and begins poking into past history between McIlwaine and Ellie s family But someone doesn t like nosy neighbors and Jake s rustic refuge may become her final resting place *Wreck the Halls* Sarah Graves,2008-12-10 The town Eastport and its warmly wondrous citizens continue to enchant Booknews from The Poisoned Pen When ex Wall Streeter Jacobia Jake Tiptree bought a charming 1823 fixer upper in tiny Eastport Maine she figured she d also bought herself a tranquil stress free life But Jake soon learned that appearances can be deceiving and that even small towns have their share of dark secrets including murder Wreck The Halls People hardly ever lock their doors in Eastport So when Jake and her best pal Ellie arrive at Faye Anne Carmody s kitchen door they knock and walk right in But though Christmas is just two weeks away what they find is far from festive a dazed Faye Anne covered with blood and her no good husband the town butcher Merle nowhere in sight Nowhere that is until Jake discovers his body tidily wrapped in his own butcher paper It doesn t take long for news of the murder to race through the small town and just about everyone has a theory about the grisly crime that has robbed Eastport of its least liked citizen But while police chief Bob Arnold considers it an open and shut case Jake and Ellie aren t convinced of Faye Anne s guilt Jake has enough going on in her life without trying to investigate a murder After all she s just married her longtime love Wade and the pair plan to spend the winter rehabilitating the paint encrusted windows in Jake s old house But Jake has to admit that there are a lot of details that don t add up for example Faye Anne s complaint that she was being stalked and blood splattered evidence at the crime scene that just doesn t make sense Then there is the diary that Faye Anne s secret sometime boyfriend claims is hidden somewhere in her house Could Faye Anne s own journal be the key to unlocking an even more fiendish murder plot or is her double crossing lover trying to frame her When yet another Eastport citizen turns up dead Jake realizes the murderer s trail began

long before the night Merle Carmody died But what keeps eluding her and Ellie is the motive behind the mystery The truth is so close they can almost taste it but can they stop the shrewd killer before he chisels another victim's name onto a tombstone
