Ephesians: An Introduction and Study Guide Stephen E. Fowl, 2017-01-12 In this guide Stephen E Fowl introduces students to both theological fruit and critical issues of the letter to the Ephesians On the theological front Fowl shows how Ephesians offers an unparalleled cosmic vision of the significance of the death and resurrection of Jesus of the role of heavenly powers in the universe and of how the community of Christians is to engage with those powers Fowl also opens up the major identity questions Ephesians shows existed for early Christians how to conceive the relationship of Gentiles with the Jews from among whom their faith emerged and how to live as a Christian within households ordered on patriarchal lines while not capitulating to patriarchy On the critical front Fowl provides an introduction to the key critical questions and issues such as whether this letter was actually written to a church in Ephesus and whether Paul the apostle was indeed the author of the letter Yet whilst there are demanding linguistic historical and cultural questions to be answered Fowl is careful to point out that this should not be done at the expense of reading the text closely and appreciating its meaning and message

Study Guide for Beginning Spanish II. Harry T. Charly, 1960. [Song of Songs: An Introduction and Study Guide](#) J. Cheryl Exum, 2022-07-14. The Song of Songs, also known as the Song of Solomon, is an unusual book to find in the Bible. As the Bible's only love poem, the Song offers a unique picture of relations between the sexes in biblical times. Unlike other biblical books, it consists entirely of dialogue. It looks at love from both a woman's and a man's point of view and shows the reader what love is like exclusively through what lovers say about it. There are few issues in Song of Songs interpretation that are not open to debate, which makes it a fascinating book to study. In this Guide, Cheryl Exum provides a concise survey of the principal questions encountered in Song of Songs scholarship. She also takes the discussion beyond the traditional research questions to introduce readers to new and ongoing areas in Song of Songs research. Bibliographies and suggestions for further reading at the end of each chapter provide additional resources for readers interested in pursuing specific topics and exploring new directions in the study of the Song of Songs. *Christian-Muslim Relations.
