Sample Book Insights

- 1 The history of the psychotherapy field is one of scientific study In the 1950s and 1960s many brilliant thinkers including Fritz Perls R D Laing B F Skinner and Albert Ellis broke free of Freudian constraints and created new therapies that focused on the here and now instead of the there and then
- 2 The cornerstones of family therapy were the ideas of reciprocity and venting which were based on the theory that healthy marriages are those where one partner responds to the other's good behavior with his or her own good behavior in turn But research has shown that airing resentments doesn't reduce anger it increases it
- 3 The idea that emotion is the enemy that mucks up the marital work of problem solving is a myth In fact emotions are central to problem solving Without access to our emotions our rational processes are handicapped and we become little better than a conglomeration of arbitrary and random behaviors
- 4 John had a colleague Robert Levenson who was also studying relationships They teamed up to study couples and found that it was extremely difficult to observe reliable patterns of behavior in just one person But when they studied interactions in pairs they found extremely reliable patterns

Reimagining Your Love Story Andrea Gurney, 2019-03-26 We've all grown up watching the fairy tales that promise happily ever after with our one true love Whether we like it or not whether we think we believe it or not chances are we've internalized that story of love And despite the technology to find connection with more people than ever before somehow we are also lonelier than ever before even when we're in relationships Although we were created for loving intimate relationships we've lost our understanding of how to find and maintain them Andrea Gurney wants readers to discover more authentic connections that aren't made of wishes so she equips us with practices from psychology biblical truths and lessons from relationship science She also helps us examine our developmental history including how cultural and familial messages take root in our psyches Together these tools craft a solid foundation on which lasting love can be built rather than a pumpkin carriage that disappears when the clock strikes midnight If you are disillusioned by unattainable societal standards in need of healing from damaged relationships or simply want to improve at relating well with others you're ready for *Reimagining Your Love Story*
