Cameron Highland, which is situated in the state of Pahang, is one of the most beautiful holiday destinations in Malaysia. With its cool weather, lushly greens and well-preserved colonial buildings, Cameron highland is certainly the perfect get-away location where both locals and foreigners should spend their relaxing holiday there.

In hindsight, from a small Hill station, Cameron Highland has developed into a very popular resort. Nowadays, the resorts on Cameron Highland are built not only for the residents of this country but also to woo overseas vacationers as well. Cameron Highland, which is famous for its cool and temperate climate plateau is an ideal alternative escape spot from the sweltering heat of the lowlands in Malaysia. Furthermore, with its picturesque view of the surrounding, which is filled with beautiful flowers and mountains, it's simply breathtaking.

Of Matter And Spirit: Selected Essays By Charles P Enz Charles P Enz, 2009-01-14 The essays selected for this book comprise ideas presented in oral or written form between 1972 and 2000 some of them originally in German or French They are preceded by a biographical and topical introduction As the title suggests attention is directed on the one hand toward the material world which is viewed in its extreme spatial extensions of the universe and of the elementary particles In particular the fascinating notion of the void and its fluctuating energy is the subject of various discussions as is the subdivision of material bodies and its limits The latter as well as the limit of gravitational stability are depicted in a diagram leading to the ultimate point of the Planck mass and length The other topic of the title is the spiritual realm which as in the Introduction is based on reflections and quotations from religious texts This rather personal aspect is also apparent in the frequent mention of the author's teacher Wolfgang Pauli who on the psychological side is associated with C G Jung and Marie Louise von Franz and on the physical side with Albert Einstein and the author's colleague Ernest Stueckelberg

Teaching Writing as Journey, Not Destination P. L. Thomas, 2019-01-01 American author Kurt Vonnegut has famously declared that writing is unteachable yet formal education persists in that task. *Teaching Writing as Journey, Not Destination* is the culmination of P. L. Thomas's experiences as both a writer and a teacher of writing, reaching into the fourth decade of struggling with both. This volume collects essays that examine the enduring and contemporary questions facing writing teachers, including grammar instruction, authentic practices in high-stakes environments, student choice, citation and plagiarism, the five-paragraph essay, grading, and the intersections of being a writer and teaching writing. Thomas offers concrete classroom experiences drawn from teaching high school ELA, first-year composition, and a wide range of undergraduate and graduate courses. Ultimately, however, the essays are a reflection of Thomas's journey and a concession to both writing and teaching writing as journeys without ultimate destinations.

Examination of the Natural Impacts to the Development of the Tourist Destination Dilara Torun, 2011-12

Essay from the year 2011 in the subject Tourism, grade Merit, Bournemouth University, language English, abstract: There are different impacts that the development of tourism has on a destination, for instance, natural or environmental, economical, political, or socio-cultural. The environment is one of the most important issues for the development and promotion of a tourist destination and also the most fragile. Franco and Garcia (1999) state that due to the huge influx of tourists, known as mass tourism, the impacts of the development can be positive and negative. Positive economic impacts are the improvement of infrastructure and the attraction of more investment in the area; negative, the increase of prices and of income inequality. Positive socio-cultural impacts enhance the increase of cultural exchange and restoration of buildings; negative socio-cultural, like immigration and assumption of the stereotypes of tourists, and finally negative environmental impacts like noise, pollution, destruction of the natural environment, huge buildings in natural areas, overuse of water, problems with the treatment of wastes, water pollution by liquid waste, destruction of historical monuments, air pollution from the use of vehicles, and heating changes in the landscape to promote activities, entertainment, and sports such as golf, etc. But not only mass tourism affects the environment; alternative tourism can also make an unsustainable use of resources. Garcia and Sancho (1999) state that this essay will examine critically the natural impacts that the development of tourism has upon the destination Lanzarote. This Spanish island is famous for its unique volcanic landscape and its biosphere reserve. The island of Lanzarote is within the 10 most popular islands of Europe (Trivago, 2009) and personally one of my favourite travel destinations due to family reasons. 1606 words.
