My Name is Legion. A Sermon [on Mark V. 8, 9]. Stephen Higginson TYNG (the Elder.),1874 My Name is Legion Michael Willett Newheart,2004 In *My Name is Legion* Professor Newheart interfaces narrative and psychological criticism with historical perspectives cultural examination and poetic reflection to create this unique book length treatment of the Gerasene demoniac that is described in Mark 5 1 20 **My Name is Legion** Charles Morgan,1925 **My Name is Legion By...** Charles Morgan,1971 **My Name Is Legion** A. N. Wilson,2006-05-16 From the renowned historian and novelist comes a stunningly bold new work of fiction set in the darkly glamorous media world Wilson s London is a bleak if occasionally hilarious place murderous lustful money obsessed and haunted by strange gods , *Character-building* Theodore Chickering Williams,1893 **Absentees** Daniel Heller-Roazen,2021-03-09 An intellectually adventurous account of the role of nonpersons that explores their depiction in literature and challenges how they are defined in philosophy law and anthropology In thirteen interlocking chapters *Absentees* explores the role of the missing in human communities asking an urgent question How does a person become a nonperson whether by disappearance disenfranchisement or civil social or biological death Only somebody can become a nobody but as Daniel Heller Roazen shows the ways of being a nonperson are as diverse and complex as they are mysterious and unpredictable Heller Roazen treats the variously missing persons of the subtitle in three parts Vanishings Lessenings and Survivals In each section and with multiple transhistorical and transcultural examples he challenges the categories that define nonpersons in philosophy ethics law and anthropology Exclusion infamy and stigma mortuary beliefs and customs children s games and state censuses ghosts and dead souls illustrate the lives of those lacking or denied full personhood In the archives of fiction Heller Roazen uncovers figurations of the missing from Helen of Argos in Troy or Egypt to Hawthorne s Wakefield Swift s Captain Gulliver Kafka s undead hunter Gracchus and Chamisso s long lived shadowless Peter Schlemihl Readers of *The Enemy of All* and *No One s Ways* will find a continuation of those books intense intellectual adventures with unexpected questions and arguments arising every step of the way In a unique voice Heller Roazen s thought and writing capture the intricacies of the all too human absent and absented T&T Clark Handbook of Theology and the Arts Stephen M. Garrett,Imogen Adkins,2025-04-24 This volume presents the theology arts conversation from a distinctly Christian perspective as a witness of the Gospel of Christ to the world A widespread interest in the historical socio cultural and political embeddedness of theology and the arts permeates it This theme of embeddedness tracks through several overarching and interlocking concerns the relationship between form and content in both art and theology the intensification of the metaphysical and the theological contra materialist and positivist reductionisms the expansion of the epistemological possibilities of the theology art conversation and a robust understanding of the world as the theatre of God s glory Several chapters have been co written by theologians and artists as part of demonstrating the kind of conversation that this book commends A thorough going commitment to Scripture is also

woven into the many different habits of thought represented in this volume Part I surveys different approaches to the theology arts conversation Part II focuses on how particular art forms bring theological issues to the surface and how theological and denominational traditions shape the making and receiving of the arts Part III delves into key topics in the current theology arts scene and asks how artistic and theological performance can both speak to theological and artistic knowing and help to celebrate and interrogate embodied lived reality

Porter,2025-10-14

In *Unnatural Death* Philip Porter demonstrates sin and death to be intimate with one another because of sin creation is held in thrall by death Demonstrating the intimacy of sin and death matters because Christians should take natural science seriously while also affirming essential doctrinal claims such as The last enemy to be destroyed is death 1 Cor 15 26 Death is not benign and this book provides a robust theological grammar of scriptural interpretation of voluntary and natural evils and of time and eternity which allows Christians to claim that the damage done by death originates in creaturely sin Porter argues that using Augustine's theory of the *rationes seminales* makes available new descriptive possibilities in the theology of creation One way to understand this work is as a speculative picture of creation that accounts for death on evolutionary timescales without attempting to naturalize it It offers this picture by showing how the angelic fall can account for the presence of death in creation This work does not offer a theodicy Instead it provides an analysis of the angelic fall that shows how God works through creaturely freedom to bring about goods that neither justify nor make sense of evil

Toward a Theology of Psychological Disorder Marcia Webb,2017-08-15 How do Christians in the twenty first century understand psychological disorders What does Scripture have to teach us about these conditions Marcia Webb examines attitudes about psychological disorder in the church today and compares them to the scriptural testimony She offers theological and psychological insights to help contemporary Christians integrate biblical perspectives with current scientific knowledge about mental illness
