In the Event Lotte Meinert, Bruce Kapferer, 2015-05-01 Events are generative moments in at least three senses events are created by and condense larger scale social structures as moments they spark and give rise to new social processes in themselves events may also serve to analyze social situations and relationships Based on ethnographic studies from around the world varying from rituals and meetings over protests and conflicts to natural disasters and management this volume analyzes generative moments through events that hold the key to understanding larger social situations These events including the Ashura ritual in Bahrain social cleavages in South Africa a Buddhist cave in Nepal drought in Burkina Faso an earthquake in Pakistan the cartoon crisis in Denmark corporate management at Bang Olufsen protest meetings in Europe and flooding and urban citizenship in Mozambique are not simply destructive disasters crises and conflicts but also generative and constitutive of the social

Religion and AIDS Treatment in Africa Hansjörg Dilger, Thera Rasing, 2016-04-08 This book critically interrogates emerging interconnections between religion and biomedicine in Africa in the era of antiretroviral treatment for AIDS Highlighting the complex relationships between religious ideologies practices and organizations on the one hand and biomedical treatment programmes and the scientific languages and public health institutions that sustain them on the other this anthology charts largely uncovered terrain in the social science study of the AIDS epidemic Spanning different regions of Africa the authors offer unique access to issues at the interface of religion and medical humanitarianism and the manifold therapeutic traditions religious practices and moralities as they co evolve in situations of AIDS treatment This book also sheds new light on how religious spaces are formed in response to the dilemmas people face with the introduction of life prolonging treatment programmes

A Better Future Jacqueline Bhabha, Wenona Giles, Faraaz Mahomed, 2020-09-17 Policy makers advocates and scholars have long concentrated on the importance of equal access to primary and secondary education as a foundation for a democratic and just society Despite the growing importance of higher and specialist education in an increasingly technological and skill focused global

market tertiary education has attracted much less attention And yet universities and colleges are epicentres of egregious disparities in access which impinge on traditionally marginalized communities such as racial minorities migrants indigenous populations and people with disabilities By drawing attention to this issue and assembling first rate material from scholars and policy makers across the globe this book performs an invaluable service for those interested in understanding and fighting a highly significant violation of educational opportunity and social justice

Investigating Corruption and White-collar Crime in South African Higher Education Bethuel Sibongiseni Ngcamu,2025-10-16 Using an interpretivist approach this qualitative volume interrogates instances of corruption and white collar crime prevalent in South African higher education institutions and suggests pathways for the proactive detection and prevention of corrupt practices Contextualizing the author s practical experiences gained in the higher education sector over the past two decades this book employs an ethnographical method to explore the complexity of university systems structures and functions that make South Africa s formerly disadvantaged universities more susceptible to corruption In the midst of highly contested divisive and highly politicized ways of reporting corruption in the media chapters provide critical analyses guided by scientific approaches robust data sets and qualitative face to face interviews to underpin the reliability of proposed policy amendments intended to detect and prevent corruption and white collar crime as well as the suggested closure of loop holes that make the sector vulnerable to and known for a high level of criminality Making a substantial contribution to broader academic debate around corruption and university management internationally this book will be of interest to researchers and postgraduate students in the field of higher education higher education management and administration and education policy and politics Policy makers in both the Global South and North are also likely to benefit from this book
