## My First Campaign:

**The Crowdsourceress** Alex Daly, 2017-03-28 Neil Young's Pono campaign was the third most successful hardware campaign of all time and Alex deserves much of the credit second only to Neil of course. The Crowdsourceress will give you everything you need to make your campaign a success. Phil Baker, COO Pono. Owning The Crowdsourceress is like having Alex Daly's special sauce right at your fingertips. Jesse Reed, cofounder Standards Manual. In recent years the crowdfunding industry has generated several billions in funding. But the harsh reality is that around 60 percent of Kickstarter campaigns fail. Enter Alex Daly, a crowdfunding expert who has raised over 20 million for her clients' campaigns. She has run some of Kickstarter's biggest projects: TLC's newest album, Neil Young's audio player, and Joan Didion's documentary. In this book, Daly takes readers deep inside her most successful campaigns, showing you how to get fans and influencers excited about your launch, build an appealing and powerfully designed campaign, access proven video tips, pitching tactics, press releases, and rewards ideas. Avoid the most common headaches and pitfalls. Here you'll get tangible tools to run your own crowdfunding campaigns and fully connect with the crowd, get people to pay attention and inspire them to act. **Run for Something** Amanda Litman, 2017-10-03 The must-have guide for young progressives looking to run for local office, complete with contributions from elected officials and political operatives. You've been depressed since the night of November 8, 2016. You wore black to work the next morning. You berated yourself for your complacency during the Obama years. You ranted on Twitter. You deleted Twitter. You sent emails to your friends saying, "How can we get more involved?" You listened to Pod Save America. You knit ted a pussyhat. You showed up to the Women's March on Washington. You protested Donald Trump's executive orders. You called your congressman. You called other people's congressmen. You set up monthly donations to Planned Parenthood and the ACLU. You reactivated Twitter begrudgingly. Here's what you do next: Run for something. To be specific: Run for local office and become the change you want to see in the world. Forget about Congress. Forget about the Senate. Focus on the offices that get the real sh\*t done: state legislatures, city councils, school boards, and mayors. It doesn't matter if you're not a white man over sixty with an Ivy League law degree. In fact, it's better if you're not. It doesn't matter if you don't understand the first thing about running for office or never even imagined you would. That's what this book is for. Amanda Litman, experienced in hard-fought state and national election campaigns, is here to give you guidance as well as wisdom and insight from elected officials and political operatives she interviewed for this book. There are half a million elected officials in the United States. Why can't you be one of them? [Life of an MK](#) Clinton Frank Miller, 2022-11-03 If you are interested in reading a true story of a boy born to Presbyterian Missionaries living and working in Barranquilla, Colombia, South America, then you may want to know just how this KID survived. How his mother made sure he did not get dysentery, how she made sure he and his sister were always worm-free. How he learned to speak several languages, mainly English, Spanish, and Italian. Well, read this book. Or if you are the recruiter for the Southern Baptist Convention with Missions around

the world and it is hard to recruit new missionaries because of the hardships imposed on the wives and children of missionaries Or the same is true if you are considering a job that requires enormous amounts of travel possibly in the military or in international business or as a member of a USA foreign embassy in a foreign country or a USA sales representative to a foreign country read this book How do you do this and have a good family and keep a wife happy and in love with her husband Clinton Frank Miller is the man who penned this memoir and the man who lived this kind of life enormous amounts of travel worldwide and two wives the first a beautiful Texas Hispanic for forty three years until her early untimely death and his second wife a retired executive class secretary who was a big help to Frank as he served six years as a Kansas state representative Three children of his own two stepchildren several grandchildren step grandchildren step great grandchildren for a sum total of about fifty and many other relatives A true story about real adventures and told in a humorous yet painfully Christian honest way Read this book     Fighting to Win Bob Vogel,2001 How a lone Florida Sheriff fought the U S Justice Department and won The amazing career of Bob Vogel began in the Florida Highway Patrol where he personally took over billion dollars in street value of drugs off the market in just three years Bob tells his story about the war on drugs on the controversial practice of profiling and about his years long battle to prove that his law enforcement efforts were both lawful and prudent His results helped stem the flow of drugs north and south up Interstate 95 for a number of years and he was featured on 60 Minutes for his remarkable record Bob Vogel had taken the upper hand in the fight against drugs Word in the drug trade spread avoid Volusia County His office and officers received numerous citations for a job well done What should have followed was thankful support from the local media the state of Florida and even the U S Justice Department Despite full clearance by two separate FBI investigations and a Governor s Panel and further vindication from a judge who tossed out a class action lawsuit for lack of evidence two Department of Justice attorneys spent more than two years investigating Sheriff Vogel and his office at a cost of millions to taxpayers Fighting to Win is Bob Vogel s own story of his nightmarish odyssey against forces he never dreamed he d have to battle But as he will tell you throughout this compelling chronicle of his career when you have right on your side you will ultimately triumph     **How To Win Your 1st Election** Susan Guber,2020-07-24 When this book was first published in 1987 many first time candidates unabashedly referred to it as the Bible Now in a new updated edition How to Win Your 1st Election is a step by step guide to the entire campaign process from raising funds right through handling election day jitters Want to know where to put up signs What to say at a candidates forum How to dress to make the best possible impression Let Susan Guber who beat out seven other candidates in her first election show you the way How to Win Your 1st Election is an ideal book for aspiring candidates campaign managers public relations consultants and students of political science and U S government Written in a clear easy to read style it devotes entire chapters to topics such as hiring staff managing the media creating a public image writing and delivering speeches and campaign ethics What s more it s one of the few books out there that offers a full comprehensive look at our country s

**Her Worship** Susan A. Thompson, 2016-08-29 Not long after Susan Thompson became Mayor of Winnipeg in 1992 she was given official documents to sign She immediately noticed His Worship printed on all the documents to the left of where she was to sign her name not Her His Worship just His Worship Susan was taken aback that in this day and age the document was printed in this manner It was clear that absolutely no thought or consideration had been given to the fact that at some point the City of Winnipeg might have a woman as Mayor She realized that if she requested a reprint of the documents it would be perceived as an unnecessary expense plus it would create chatter So Mayor Thompson settled the matter by simply crossing out HIS with a red marker and adding HER instead hence the title of this book

**The Latino Century** Mike Madrid, 2024-06-18 An insightful investigation of how and why the two major political parties have failed to appeal to the Latino vote the largest ethnic voting group in the country and the impact it will have on American democracy and politics for decades to come In 2020 Latinos became the second largest ethnic voting group in the country They make up the largest plurality of residents in the most populous states in the union as well as the fastest segment of the most important swing states in the US Electoral College Fitting neither the stereotype of the aggrieved minority voter nor the traditional assimilating immigrant group Latinos are challenging both political parties notions of race religious beliefs economic success and the American dream Given their exploding numbers and their growing ability to determine the fate of local state and national elections you'd think the two major political parties would understand Latino voters After all their emergence on the national scene is not a new phenomenon But they still don't Republicans not because of their best efforts but rather despite them are just beginning to see a movement of Latinos toward the GOP Democrats for the moment still win a commanding share of the Latino vote but that share is dwindling fast Now in *The Latino Century* veteran political consultant Mike Madrid uses thirty years of research and campaign experience at some of the highest levels on both sides of the aisle to address what might be the most critical questions of our time Will the rise of Latino voters continue to foment the hyper partisan and explosive tribalism of our age or will they usher in a new pluralism that advances the arc of social progress How and why are both political parties so uniquely unprepared for the coming wave of Latino votes And what must each party do to win those votes By answering these questions *The Latino Century* explores the true meaning of America at a time of rapid cultural change the founding principles of self government and individual responsibility and one man's journey through a political party that has turned itself inside out

*Nowhere to Run* Christian Dyogi Phillips, 2021 Why has the underrepresentation of women and racial minorities in elected office proved so persistent Many researchers have asserted that the main shortfall happens at the candidacy stage women and people of color are competitive candidates but too few throw their hat into the ring However these studies are animated by two assumptions that tend to speak past each other On the one hand gender and

politics scholars often suggest that women lack sufficient ambition to run for office relative to men. On the other hand, race and politics scholars have suggested that districts with majority white populations do not provide adequate resources or opportunities for minority candidates to succeed. These approaches tend to treat women and racial minorities as parallel social groups and fail to account for the ways in which race and gender simultaneously shape candidacy. *Nowhere to Run* introduces the intersectional model of electoral opportunity which argues that descriptive representation in elections is shaped by intersecting processes related to race and gender. Across states, realistic opportunities for potential candidates of color to get on state legislative ballots are sharply circumscribed by the distribution of white majority populations in most districts and within the districts that are most widely viewed as winnable seats. In majority minority districts, the perceived scarcity of viable electoral opportunities exacerbates factors that tend to push women of color farther from the candidate pipeline. These overlapping constraints result in an electoral landscape where women of color face constraints on electoral opportunity that are intersecting and multilayered. Drawing on an original dataset encompassing nearly every state legislative general election from 1996 to 2015 as well as interviews and surveys with candidates, donors and other political elites from 42 states, *Nowhere to Run* tests this theory with a first of its kind study of Asian American and Latina/o candidacies and the first simultaneous look at the relationship between changing populations and descriptive representation for African American, Asian American, Latina/o and white women and men. The book sheds new light on how multiple dimensions of identity simultaneously shape pathways to candidacy and representation for all groups seeking a seat at the table in American politics.

[Elihu Root Collection of United States Documents](#), 1902      **Leadership Stories from Tomorrow**

Thomas R. Ryan, Ron A. Carucci, 2009-09-28

How do I prepare tomorrow's leaders for the challenges of leadership? Everywhere you turn the leadership question is being asked with ever greater manic energy. Where will they come from? How do we reach this generation? I'm out of ideas on how to develop them any faster. What should I do? Here's an approach you might consider. Listen to them. *Leadership Stories from Tomorrow* offers you a rare one of a kind glimpse into the minds and hearts of emerging leaders that have long eluded you. Their ideas, frustrations, beliefs, desires, resentments and aspirations fill the pages of this book and you're given the raw, unfiltered perspectives of tomorrow's leaders. In this foray into the inner sanctums of where emerging leaders reside, you will have a direct encounter with the provocative edge and beautiful leadership postures of the generation of leaders waiting in the wings to take their place in the world. They will tell you most of what you need to know in order to gain their trust, train their minds, mentor their experience, challenge their assumptions, shape their viewpoints and honor their hopes and anxieties, their theologies and desires. Once you read this book, your views on leadership will never be the same. And you will realize that the question "Are they ready?" isn't nearly as vital as the more fundamental question "Are you ready?" Thomas Ryan earned his Master's of Divinity from Mars Hill Graduate School, Seattle, WA. He lives with his wife in a suburb of Seattle and in his spare time enjoys writing, reading and practicing yoga. Ron Carucci

*Bitter Harvest* John Hayman, 2016-11-01 *Bitter Harvest* traces the development of Richmond Flowers a color politician who began his career as a segregationist but who as Attorney General of Alabama fought bitterly against Governor George Wallace in trying to support the Constitution In the process he sacrificed his political career Flowers was elected Attorney General in 1962 A likable storyteller who had served in the state senate Flowers came into office promising like the rest to send the Yankees a message He did not seem the stuff of which heroes or martyrs are made But faced with the choice of upholding the law or of taking the popular course he chose to uphold the law Events thereafter made him a central figure in the most violent years of the civil rights revolution The book sets this story against the background of the Southern war against civil rights a savage contest motivated by hatred and fear It advances the thesis that during this period Alabama

suffered a fundamental failure in leadership which determined the state's response to the demand for social change. Alabama's leaders encourage lawlessness with their statements and actions. They took the state down a self-destructive course which has had lasting and damaging consequences.      **Ancient records of Assyria and Babylonia** Luckenbill D.D.,1927

**Saving Stella** Shirley Nathan-Pulliam,2024-04-30 The compelling autobiography of a nurse turned state senator determined to make health care equitable and available for all. From her childhood in Jamaica to her early days in nursing and eventually to her entry into politics, Shirley Nathan Pulliam has exemplified what it means to translate principles and values into action through legislation and advocacy. *Saving Stella* takes readers on her personal and political journey by highlighting the injustices faced by Stella, a woman diagnosed with breast cancer. The experience of helping Stella, a woman whose position in society denied her timely diagnosis and treatment for her breast cancer, inspired much of Nathan Pulliam's professional path. Her gripping accounts of political battles, strategic alliances, and landmark bills provide insight into the art of governance and politics and the power of courage, perseverance, and remarkable compassion in the face of seemingly insurmountable challenges. Nathan Pulliam's passion to ensure a future where people like Stella can get the care they need drives her tireless efforts to address health disparities and fight for meaningful change. *Saving Stella* is a poignant and thought-provoking autobiography that sheds light on the complex realities of health care and the profound impact of policy decisions. It is a testament to one woman's determination to make a difference and create a more equitable and compassionate health care system for all.      **The Last White Soldier** David L.
