Male Suicide and Masculinity in 19th-century Britain Lyndsay Galpin, 2022-04-07 This book shows how interpretations of suicidal motives were guided by gendered expectations of behaviour and that these expectations were constructed to create meaning and understanding for family friends and witnesses Providing an insight into how people of this era understood suicidal behaviour and motives it challenges the assertion that suicide was seen as a distinctly feminine act and that men who took their own lives were feminized as a result Instead it shows that masculinity was understood in a more nuanced way than gender binaries allow and that a man's masculinity was measured against other men Focusing on four common narrative types the love suicide the unemployed suicide the suicide of the fraudster or speculator and the suicide of the dishonoured

solider it provides historical context to modern discussions about the crisis of masculinity and rising male suicide rates It reveals that narratives around male suicides are not so different today as they were then and that our modern model of masculinity can be traced back to the 19th century *Narrating History, Home, and Dyaspora* Maia L. Development and Women's Reproductive Health in Ghana, 1920-1982 Holly Ashford, 2022-12-09 This book investigates the history of women's reproductive health in Ghana arguing that between the 1920s and 1980s it was largely driven by discourses of development and population control rather than a concern for women's health or rights Between the 1920s and 1980s the choices that Ghanaian women made regarding their reproductive health were defined by development policy and practice Spanning the colonial and immediate postcolonial periods this book demonstrates that whilst the substance of development discourse shifted over time principles of development continued to be used to impact and legitimise reproductive health policy and practices well after independence The book explores Ghana's pluralist health system the introduction of maternal and child welfare the dominance of the Red Cross in Ghana's maternal and child health landscape nationalist pronatalism and global population activism In order to understand how global iterations of development and health policy impacted ordinary lives in Ghana the author uses evidence from multiple levels including private papers national archives and records of international and transnational organisations Providing balanced archival perspectives the book includes extensive oral history interviews carried out with both rural Ghanaian women and traditional birth attendants as well as with midwives doctors and family planning fieldworkers This book will have an important impact on a number of historical fields including Ghanaian history global health history global histories of population and family planning and histories of development It will be of interest to researchers and students in the history of public health development Africa Ghana and gender

Why Learn History (When It's Already on Your Phone) Sam Wineburg, 2018-09-17 A look at how to teach history in the age of easily accessible but not always reliable information Let's start with two truths about our era that are so inescapable as to have become clichés We are surrounded by more readily available information than ever before And a huge percent of it is inaccurate Some of the bad info is well meaning but ignorant Some of it is deliberately deceptive All of it is pernicious With the Internet at our fingertips what's a teacher of history to do In *Why Learn History When It's Already on Your Phone* professor Sam Wineburg has the answers beginning with this We can't stick to the same old read the chapter answer the question snoozefest If we want to educate citizens who can separate fact from fake we have to equip them with new tools Historical thinking Wineburg shows has nothing to do with the ability to memorize facts Instead it's an orientation to the world that cultivates reasoned skepticism and counters our tendency to confirm our biases Wineburg lays out a mine

filled landscape but one that with care attention and awareness we can learn to navigate The future of the past may rest on our screens But its fate rests in our hands Praise for Why Learn History When It s Already on Your Phone If every K 12 teacher of history and social studies read just three chapters of this book Crazy for History Changing History One Classroom at a Time and Why Google Can t Save Us the ensuing transformation of our populace would save our democracy James W Lowen author of Lies My Teacher Told Me and Teaching What Really Happened A sobering and urgent report from the leading expert on how American history is taught in the nation s schools A bracing edifying and vital book Jill Lepore New Yorker staff writer and author of These Truths Wineburg is a true innovator who has thought more deeply about the relevance of history to the Internet and vice versa than any other scholar I know Anyone interested in the uses and abuses of history today has a duty to read this book Niall Ferguson senior fellow Hoover Institution and author of The Ascent of Money and Civilization

India after Naxalbari Bernard D'Mello, 2018-07-23 How the 1967 uprising at Naxalbari inspired a generation of resistance across India and the South Asian subcontinent Although the 1967 revolutionary armed peasant uprising in Naxalbari at the foot of the Indian Himalayas was brutally crushed the insurgency gained new life elsewhere in India In fact this revolt has turned out to be the world's longest running people's war and Naxalbari has come to stand for the road to revolution in India What has gone into the making of this protracted Maoist resistance Bernard D Mello's fascinating narrative answers this question by tracing the circumstances that gave rise to India's 1968 decade of revolutionary humanism and those that led to the triumph of the 1989 era of appallingly unequal growth condoned by Hindutva nationalism the Indian variant of Nazism Will what remain of India's continuing 1968 bring twenty first century New Democracy to the collective agenda Or will the ongoing regression of 1989 lead the way to full blown semi fascism and sub imperialism India after Naxalbari is far more than a simple history of the ongoing Naxalite Maoist resistance it is a deeply passionate and informed work that not only captures the essence of modern Indian history but also tries to comprehend the present in the context of that history so that the oppressed can exercise their power to influence its shape and outcome

Kirsch, Emily Ray, 2024-12-31 Doomsday prepping has gone mainstream Survivalists star in reality TV shows celebrities hawk emergency gear and ordinary people stockpile essentials in the hope that they can outlast a slew of threats real and imagined The ideology behind prepping however is no passing fad but a persistent feature of American life Be Prepared reveals the surprising ways prepping is woven into the fabric of American institutions and shows its significance for understanding the fault lines of liberal democracy Robert E Kirsch and Emily Ray trace the beliefs and practices that underlie survivalism from the rise of the Boy Scouts of America to Cold War fears of nuclear devastation through present day Silicon Valley dreams of space colonization They argue that prepping is rooted in long standing anxieties over industrialization urbanization and immigration and steeped in the histories of colonial expansion and militarization To grasp its political implications Kirsch and Ray develop the concept of bunkerization not simply building physical bunkers but building a society symbolized by the bunker In such a society individual vigilance and survival become the organizing principles of everyday life People opt out of collective projects and retreat into personal responsibility for preparedness expressed through acts of consumption Shedding new light on the persistence of antidemocratic politics from white supremacy to neoliberalism Be Prepared also considers how to escape the solitary fate of life in the bunker and instead meet collective problems together

Rural Wage Employment in Developing Countries Carlos Oya, Nicola Pontara, 2015-05-22 There is a striking scarcity of work conducted on rural labour markets in the developing world particularly in Africa This book aims to fill this gap by bringing together a group of contributors who boast substantial field experience researching rural wage employment in various developing countries It provides critical perspectives on mainstream approaches to rural agrarian development and analysis of agrarian change and rural transformations from a long term perspective This book challenges the notion that rural areas in low and middle income countries are dominated by self employment It purports that this conventional view is largely due to the application of

conceptual frameworks and statistical conventions that are ill equipped to capture labour market participation The contributions in this book offer a variety of methodological lessons for the study of rural labour markets focusing in particular on the use of mixed methods in micro level field research and more emphasis on capturing occupation multiplicity The emphasis on context history and specific configurations of power relations affecting rural labour market outcomes are key and reoccurring features of this book This analysis will help readers think about policy options to improve the quantity and quality of rural wage employment their impact on the poorest rural people and their political feasibility in each context
