The Complete Guide to Conflict Resolution in the Workplace Marick Francis Masters, Robert R. Albright, 2002 People thrive on conflict in most areas of their lives: football games, political debates, legal disputes, yet steer clear from workplace conflicts. But conflict is actually a healthy way to challenge the existing order and essential to change in the workplace. The real problem is not conflict per se but managing conflict. This authoritative manual explains step by step how to design a complete conflict resolution system and develop the skills to implement it. Packed with exercises, case studies and checklists, the book also supplies an overview of workplace conflict diagnostic tools for measuring it, techniques for resolving conflict such as negotiation, labor management partnerships, third party dispute resolution, mediation, arbitration, more.

Growing Software Louis Testa, 2009-03-15 As the technology leader at a small software company, you need to focus on people, products, processes and technology as you bring your software to market while doing your best to put out fires and minimize headaches. *Growing Software* is your guide to juggling the day to day challenges of running a software company while managing those long term problems and making sure that your business continues to grow. With practical hands on advice, *Growing Software* will teach you how to build and lead an effective team, define and sell your products, work with everyone from customers to CEOs and ensure high quality results. Instead of learning by trial and error, you'll benefit from author Louis Testa's 20 years of management experience. Testa combines big picture advice, specific solutions and real life anecdotes to teach you how to work effectively with your CEO and executive team, improve development team efficiency and enthusiasm, evaluate your software methodology to improve effectiveness and safeguard against failure, use product prototypes to bridge the gap between marketing and engineering, defuse technology time bombs. Whether you're new to managing software or newly lost, *Growing Software* will help you and your growing company thrive.
