## **Gerald R McDermott Book:**

Israel Matters Gerald R. McDermott, 2017-05-30 Widely respected theologian Gerald McDermott has spent two decades investigating the meaning of Israel and Judaism. What he has learned has required him to rethink many of his previous assumptions. *Israel Matters* addresses the perennially important issue of the relationship between Christianity and the people and land of Israel, offering a unique and compelling third way between typical approaches and correcting common misunderstandings along the way. This book challenges the widespread Christian assumption that since Jesus came to earth, Jews are no longer special to God as a people and the land of Israel is no longer theologically significant. It traces the author's journey from thinking those things to discovering that the New Testament authors believed the opposite of both. It also shows that contrary to what many Christians believe, the church is not the new Israel, and both the people and the land of Israel are important to God and the future of redemption. McDermott offers an accessible but robust defense of a New Christian Zionism for pastors and laypeople interested in Israel and Christian Jewish relations. His approach will also spark a conversation among theologians and biblical scholars.

**A New History of Redemption** Gerald R. McDermott, 2024-03-19 Southwestern Journal of Theology 2024 Book Award Honorable Mention Church History Historical Theology Biography Although Jesus's work of redemption is often viewed as a singular event, a careful examination of Scripture reveals that the Messiah began his redemptive work just after the fall and will continue it to the end of the world. In the spirit of Jonathan Edwards's *History of the Work of Redemption*, distinguished theologian Gerald McDermott traces the progress of redemption throughout the Bible and Church history. This book connects the dots surrounding Israel's redemption by the Jewish Messiah, secular and sacred history, the world's religions, and Jewish-Christian worship through liturgy and sacraments. It shows how Jesus as Messiah was redeeming throughout Old Testament history and carries that story up through the last two millennia. McDermott contends that it is only through a historical examination of the Messiah's redemption amid the turmoil of the world and the worship of his people that one can best see God's beauty.

Edwards 1703 58 was arguably this country s greatest theologian and its finest philosopher before the nineteenth century His school if disciples the New Divinity exerted enormous influence on the religious and political cultures of late colonial and early republican America Hence any study of religion and politics in early America must take account of this theologian and his legacy Yet historians still regard Edward s social theory as either nonexistent or underdeveloped Gerald McDermott demonstrates to the contrary that Edwards was very interested in the social and political affairs of his day and commented upon them at length in his unpublished sermons and private notebooks McDermott shows that Edwards thought deeply about New England s status under God America s role in the millennium the nature and usefulness of patriotism the duties of a good magistrate and what it means to be a good citizen In fact his sociopolitical theory was at least as fully developed as that of his better known contemporaries and more progressive in its attitude toward citizens rights Using unpublished manuscripts that have previously been largely ignored McDermott also convincingly challenges generations of scholarly opinion about Edwards The Edwards who emerges from this nook is both less provincial and more this worldly than the persona he is commonly given **Handbook of Religion** Terry C. Millet,Gerald Robert McDermott,2007 An evangelical and a Mormon discuss their views about Jesus offering an honest appraisal of the two views and establishing grounds for continued conversation      **The Brambleberrys Animal Book of Big & Small Shapes** Marianna Mayer,Gerald McDermott,1991-08 This is a picture book introduction to shapes      *Reading Jonathan Edwards* M.X. Lesser,2008-02-13 This compilation of reader response to Jonathan Edwards spanning 276 years includes a reprint of two earlier works Jonathan Edwards A Reference Guide 1981 and Jonathan Edwards An Annotated Bibliography 1994 and the publication of a third a gathering of commentary from 1994 to 2005 Nearly 140 essays have been added to the first and second works while the last new gathering which includes a celebration of the tercentenary of Edwards s birth adds another 700 to the whole The text preserves the pattern of arranging items alphabetically within a given year and of recording cross references Essays in a collection are annotated serially rather than alphabetically Each of the three sections is self contained with an introduction and annotated bibliography of its own Adding to the immense value of this work to Edwards scholars are the chronology of Edwards s works listed by date and by short and long title which precedes the entire work and the three comprehensive indexes of authors and titles of subjects and additions to the previous volumes      **The Other Jonathan Edwards** Jonathan Edwards,2015 Widely regarded as perhaps America s greatest theologian Jonathan Edwards still suffers the stereotype of hellfire preacher obsessed with God s wrath In this anthology Gerald McDermott and Ronald Story seek to correct that common view by showing that Edwards was also a compassionate socially conscious minister of the first order Through a selection of sermons and primary writings McDermott and Story reveal an Edwards who preached love toward all humanity regardless of belief or appearance who demanded private and public charity to the poor who criticized hard hearted business dealings as impious and socially destructive and who condemned envy and status seeking as anti Christian and anti community This other Jonathan Edwards preached about grace and the love of God but also about responsive constitutional government the iniquities of hypocrisy and corruption and the nature of wise leadership He acknowledged the need for national defense but left room for popular revolt from tyranny He anticipated a millennial age of peace and prosperity and believed that people should live in the world as they would live through grace in heaven Jonathan Edwards was in sum a worldly as well as spiritual reformer who resisted the materialistic acquisitive and individualistic currents of American culture For these reasons McDermott and Story think he may have lessons to teach us today      **Understanding Jonathan Edwards** Gerald R McDermott,2008-12-02 Jonathan Edwards 1703-58 is widely recognized as America s greatest religious mind A torrent of books articles and dissertations on Edwards have been released since 1949 the year that Perry Miller published the intellectual biography that launched the modern explosion of Edwards studies This collection offers an introduction to Edwards s life and thought pitched at the level of the educated general reader Each chapter serves as a general introduction to one of Edwards s major topics including revival the Bible beauty literature philosophy typology and

even world religions Each is written by a leading expert on Edwards s work The book will serve as an ideal first encounter with the thought of America s theologian      The Brambleberrys Animal Book of Counting Marianna Mayer,1982 Animals and objects are counted as mother mouse and her child chase a balloon through the zoo      **Learning Messiah** Edjan Westerman,2018-09-27 Israel s election calling and history make up a big part of Scripture It could be said that they belong to the DNA of the Bible But why is it then that the Christian narrative about the Messiah Israel and the nations often seemed to have and sometimes even still has a different genetic structure Does Israel together with its election and promises leave God s stage through a side door when Jesus appears on stage Does a changing of roles take place within a different story Does the Messiah function within it as some kind of black hole in which the eternal election and calling of Israel disappear How do we read God s way The Holocaust made us realize that our de Jew ized reading and preaching of Scripture contributed in various ways to this catastrophe And we find ourselves confronted by the question How does the narrative of the Bible then look when the whole of Scripture plays a decisive role and the faithfulness of God toward Israel stays in the center This book presents an answer to these questions calling us to learn to read God s way anew and to walk in it
