Indianness and a spirit of innovative syncretism One of the most well known products of this process is chutney a dynamic music and dance phenomenon that is simultaneously a folk revival and a pop hybrid In Trinidad it has also been the vehicle for a controversial form of female empowerment and an agent of a new more inclusive conception of national identity Thus East Indian Music in the West Indies is a portrait of a diaspora community in motion It documents the social and cultural development of a people without history a people who have sometimes been dismissed as foreigners who merely perpetuate the culture of the homeland rather than becoming truly Caribbean Professor Manuel shows how inaccurate this characterization is On the one hand in the form of *tan singing* it examines the distinctiveness of traditional Indo Caribbean musical culture On the other in the form of chutney it examines the new assertiveness and syncretism of Indo Caribbean popular music Students of Indo Caribbean music and curious world music fans alike will be fascinated by Professor Manuel's guided tour through the complex and exciting world of Indo Caribbean musical culture

Gildersleeve Clair Schulz, 2013-02-01 When Throckmorton P Gildersleeve bade farewell to Fibber McGee and Molly and left Wistful Vista on a train in 1941 no one could have predicted that he would be riding the airwaves with his own new show until 1957 But when one listens to episodes of radio's first spinoff it becomes clear the *The Great Gildersleeve* succeeded because its likable and amusing characters were appealingly fallible much like the folks each of us knew in our hometowns This book is a guide to more than 500 episodes of *The Great Gildersleeve* that are in circulation and also to the scripts of 46 episodes for which no recordings exist Background on the development of the program is included and the appendices include a list of episodes as well as information about cast members notable occurrences on the program ratings and the films and TV series

[The Federal Theatre Project in the American South](#) Cecelia Moore, 2017-09-26 The Federal Theatre Project in the American South introduces the people and projects that shaped the regional identity of the Federal Theatre Project When college theatre director Hallie Flanagan became head of this New Deal era jobs program in 1935 she envisioned a national theatre comprised of a network of theatres across the country A regional approach was more than organizational it was a conceptual model for a national art Flanagan was part of the little theatre movement that had already developed a new American drama drawn from the distinctive heritage of each region and which they believed would collectively illustrate a national identity The Federal Theatre plan relied on a successful regional model the folk drama program at the University of North Carolina led by Frederick Koch and Paul Green Through a unique partnership of public university private philanthropy and community participation Koch had developed a successful playwriting program and extension service that built community theatres throughout the state North Carolina along with the rest of the Southern region seemed an unpromising place for government theatre Racial segregation and conservative politics limited the Federal Theatre's ability to experiment with new ideas in the region Yet in North Carolina the Project thrived Amateur drama units became vibrant community theatres where whites and African Americans worked together Project personnel launched The

Lost Colony one of the first so called outdoor historical dramas that would become its own movement The Federal Theatre sent unemployed dramatists including future novelist Betty Smith to the university to work with Koch and Green They joined other playwrights including African American writer Zora Neale Hurston who came to North Carolina because of their own interest in folk drama Their experience told in this book is a backdrop for each successive generation s debates over government cultural expression art and identity in the American nation **Physical Development and Recreation**
