**E Durkheim**

## Jsc Exam Suggestion 2014:

**Law of Evidence in Nigeria** Uchenna Ortuanya, 2022-10-03 The Evidence Act 2011 repealed the old Evidence Act. In doing so, the new Act introduced some changes in the Law of Evidence. Ever since there has been an urgent need for scholastic guidance in the proper approach to the interpretation of the provisions embodying those changes. This is particularly so as the courts have been issuing contradictory interpretations of these provisions. In his new book *Law of Evidence in Nigeria Practice and Procedure*, the veteran author and urbane man of letters Professor Simon Uchenna Ortuanya masterfully plumbs the intention of the drafters of the Act. The result is a five hundred and forty page treatise of redoubtable erudition. The succinct titles of the different chapters are quite captivating just as the logical presentations of ideas are very illuminating. The book bears the imprints of the erudite author's versatility in the Law of Evidence, a course he has taught admirably in two public universities years.

**Financial Entrepreneurship for Economic Growth in Emerging Nations** Woldie, Atsedie, Thomas, Brychan, 2017-07-13 Entrepreneurial endeavors are a pivotal driving force behind the modern business sector. These enterprises play a significant role in the development and sustainability of a nation's economy. *Financial Entrepreneurship for Economic Growth in Emerging Nations* is an innovative reference source for the latest scholarly research on strategies and techniques for financing small and medium sized enterprises in the context of developing nations. Including a range of pertinent topics such as microinsurance, risk management and advertising, this book is ideal for managers, academics, professionals, graduate students and practitioners interested in the dynamics of financial entrepreneurship.

**Exercise as a Countermeasure to Human Aging, Volume II** Bradley Elliott, Lawrence D. Hayes, Martin Burtscher, 2022-04-08

*Ecology of Invertebrate Diseases* Ann E. Hajek, David I. Shapiro-Ilan, 2018-01-16 A rapidly growing interdisciplinary field, disease ecology merges key ideas from ecology, medicine, genetics, immunology and epidemiology to study how hosts and pathogens interact in populations, communities and entire ecosystems. Bringing together contributions from leading international experts on the ecology of diseases among invertebrate species, this book provides a comprehensive assessment of the current state of the field. Beginning with an introductory overview of general principles and methodologies, the book continues with in-depth discussions of a range of critical issues concerning invertebrate disease epidemiology, molecular biology, vectors and pathogens. Topics covered in detail include: Methods for studying the ecology of invertebrate diseases and pathogens; Invertebrate pathogen ecology and the ecology of pathogen groups; Applied ecology of invertebrate pathogens; Leveraging the ecology of invertebrate pathogens in microbial control; Prevention and management of infectious diseases of aquatic invertebrates. *Ecology of Invertebrate Diseases* is a necessary and long overdue addition to the world literature on this vitally important subject. This volume belongs on the reference shelves of all those involved in the environmental sciences, genetics, microbiology, marine biology, immunology, epidemiology, fisheries and wildlife science and related disciplines.

*Grieve's Modern Musculoskeletal Physiotherapy E-Book* Deborah Falla, Jeremy Lewis, Christopher

McCarthy,Chad E Cook,Michele Sterling,2024-04-02 Originally edited by Gregory Grieve a founder of modern manual therapy the fifth edition of Grieve s Modern Musculoskeletal Physiotherapy continues to offer contemporary evidence models of diagnosis and practice that make this one of the most highly respected reference books for physiotherapists This edition has been fully updated to provide an overview of the latest science in a rapidly evolving field It includes detailed directions for research informed patient care for a range of musculoskeletal disorders as well as up to date information on the global burden research methodologies measurements and principles of assessment and management A new international editorial board with experience in both research and clinical practice bring a truly comprehensive perspective to this book meaning those practising musculoskeletal physiotherapy today will find it highly clinically relevant to their work Edited by an internationally recognised editorial board brings expertise in both research and clinical practice Fully updated with the latest published evidence Clear guidance on evidence based contemporary practice Management of conditions relating to both the vertebral column and peripheral joints Updated reviews on the science and practice of a wide range of treatment modalities Principles of effective communication screening clinical reasoning lifestyle considerations behavioural change and self management Summary boxes and clinical tips to support clinical assessment and management More than 300 figures and illustrations Global burden of musculoskeletal disorders including history epidemiology and new models of care A range of new research methodologies including N of 1 research designs systematic reviews and meta analyses population based cohort studies consensus research and response analyses in musculoskeletal research How to navigate the endless wave of information and assess different levels of evidence New measures New chapter on cost analyses and value based care Digital rehabilitation methods      **Privacy, Technology, and the Criminal Process** Andrew Roberts,Joe Purshouse,Jason Bosland,2023-07-28 This collection considers the implications for privacy of the utilisation of new technologies in the criminal process In most modern liberal democratic states privacy is considered a basic right Many national constitutions and almost all international human rights instruments include some guarantee of privacy Yet privacy interests appear to have had relatively little influence on criminal justice policy making The threat that technology poses to these interests demands critical re evaluation of current law policy and practice This is provided by the contributions to this volume They offer legal criminological philosophical and comparative perspectives The book will be of interest to legal and criminological scholars and postgraduate students Its interdisciplinary methodology and focus on the intersection between law and technology make it also relevant for philosophers and those interested in science and technology studies      **The Supreme Court of Ghana Law Reports** ,2013      **Engineering** ,1924
