

A photograph of a dirt path leading through a forest. The trees on either side have autumn-colored foliage in shades of yellow, orange, and brown. The path is light-colored and leads towards a bright, hazy opening in the distance. The overall mood is peaceful and contemplative.

I'm looking forward to the
future, and feeling
grateful for the past.

Looking Forward To The Past:

In Pursuit of Foresight Mike Lauder, 2016-05-23 Many inquiry reports blame management for their failures of foresight. These reports are based on the premise that with a little more thought these oversights and so the crisis would have been avoided. Is it really that simple? The important question is whether without hindsight it would have even been possible to identify the actual factors that lead to the failure. This book explores this issue as a practical problem. The book takes Barry Turner's Disaster Incubation Theory as its central theme. The first chapter explores the way Turner structured his theory and the way it has been used before reimagining it as a way to fostering foresight. The next three chapters examine key issues in detail. They explain why Turner's model was chosen, outline the issues that need to be considered when seeking to prevent such failures, and how to use the proposed frameworks. Chapter 5 examines the lessons learnt from this study and in particular looks at the mental approach required when seeking such foresight. Finally, Chapter 6 provides a fully worked example. It uses work by Frank Stech who has applied Turner's theory to a past case. Crises occur everywhere and we continue to struggle to avoid them. In this book, Mike Lauder provides executives with thinking tools to help them avoid missing the warning signs of their next crisis.

Every Elementary School Has a Lot to Learn about Respect Leisa Clawson Noel, 2012-09

Can Every Elementary School learn their biggest lesson yet? Every Elementary School Has a Lot to Learn About Respect is a story of Izzy Sawyer, Abel, and Hannah, four students that experience Every Elementary School from different perspectives. The reader experiences the common issues and frustrations of elementary school through the eyes of these students and their families. As the parents struggle with the school to meet the needs of their children, a number of strategies are tried, some are successful, others are not. Mrs. Travail, a teacher turned principal, is working to improve the learning environment of the school for all students. Her efforts are hindered by a few teachers and staff members that do not want to upset the status quo, but Mrs. Bixby and Ms. Horton, two teacher leaders at Every Elementary, develop support among the faculty for her vision of respectful education. Will Mrs. Travail and her supporters overcome their unknown adversary and win rights for students and their families? Will they convince the system that respect is the best key for change?
