This practice test book is the perfect preparation tool for the new LEAP Mathematics assessments. It covers all the skills assessed on the test and will provide practice with the types of questions and tasks found on the real assessments. Complete Preparation for the New LEAP Assessments Begins with two short practice sets to introduce students to testing. Continues with eight 60 minute practice sets to give students the experience they need to perform well on assessments. Each practice test mimics the content and style of the real assessments. Prepares students for all the question types and tasks found on the LEAP tests. Covers all the mathematics skills assessed on the real tests. Developed Specifically for the New LEAP Mathematics Assessments. Covers the same skills assessed on the LEAP assessments. Provides practice completing a wide range of question types. Questions mimic the technology enhanced questions and will prepare students to take the tests online. Includes more advanced questions to reflect more rigorous LEAP tasks. Provides practice with tasks that require students to show their work or explain their thinking. Includes practice for the new complex tasks that require expressing mathematical reasoning and modeling or applying skills. Key Benefits: Develop and build on all the mathematics skills that students need. Build confidence by using the tests to improve student performance. Reduce test anxiety by allowing low stress practice. Ensure students are comfortable with a range of question formats. Introduce students to the more complex tasks found on the new assessments. Help students prepare for the more rigorous assessments. Use the full answer key and skills list to identify gaps in knowledge and target revision accordingly. Use the practice sets for testing revision and retesting.
