"Your New Boss Looks Like This" Larry D. James, 2011-01-14 The reasons for writing this my first book was two fold first I m am a Speaker and being such you want to have a product to market to the public second and more to the point I don t think enough people are being exposed to exactly how easy it is to become a business owner today Especially since job security is no longer a term that we can count on anymore I wanted to reach people who are interested in having their own business but for whatever reason has been reluctant to invest in themselves I believe and I express in this book that it s simply lack of knowledge or what I call correct knowledge that keeps people in fear of investing in themselves So by making this book very short and inserting quotes that enlighten and enhance an individuals faith in themselves my hope is to begin the shift in your mind to bring out the potential in you
