Introduction to Policing Research Mark Brunger, Denise Martin, Stephen Tong, 2015-11-19 The expansion of degrees and postgraduate qualifications on policing has come hand in hand with the need for a more scholarly and research based approach to the subject Students are increasingly encouraged to apply research to practice and this book is specifically designed to bring clarity to the concept of empirical research in policing As an introduction to the theoretical explanations and assumptions that underpin the rationale of research design in policing this book clearly illustrates the practical and ethical issues facing empirical research in a policing context as well as the limitations of such research Introduction to Policing Research brings together a range of leading scholars who have a wide range of experience conducting police research Topics covered include professional development police culture policing protests private policing policing and diversity policing in transition policing and mental health policing and sensitive issues This book is perfect for undergraduate and graduate students on policing degrees as well as graduate students and researchers engaged with criminal justice It is also essential reading for police officers taking professional and academic qualifications

SouthSouth Trade and Finance in the Twenty-First Century Omar Dahi, Firat Demir, 2016-10-10 This book is a contribution to the international trade and economic development literature and is based on a decade of joint research and collaboration on South South

economic relations Given the increasing focus on the economic power of some developing countries for example the 2013 Human Development Report s Rise of the South it is particularly appropriate and timely NP The book s findings are based on rigorous empirical examination of South South trade and finance and it provides an even handed assessment from the perspective of long term development goals rather than mainstream welfare approaches or ideological theoretical worldview NP This work directly engages with the new developmentalism literature that has challenged the neoliberal orthodoxy and its policy approach which focuses on liberalization privatization and deregulation It also engages with literature by examining whether the increase in South South trade facilitates or inhibits the possibilities for developmentalist economic policy in developing countries The book shows concrete and positive results from South South trade particularly related to industrial development and also documents how South South trade is dominated by large developing countries and that South South trade liberalization may be counterproductive
