**The Compass of Character** David Corbett, 2019-11-19 Just as a compass provides direction for an explorer so does motivation provide direction for characters in fiction The compass of character motivation is composed of four points Lack Yearning Resistance and Desire In The Compass of Character you ll learn to deeply consider the key question What does my character want and learn techniques to answer that question by writing realistic and empathetic characters without falling into formulaic unsatisfying results that only diminish the character Bestselling author and acclaimed writing instructor David Corbett provides writers with the essentials for building characters with motivations that range from clear to complex by exploring topics such as human yearning pathological maneuvers the pain of life vs the promise of life backstory and behavior mechanics of growth and transformation dramatizing mistaken desire and misbegotten yearnings moral arguments The key to fascinating characters is rendering subtle inner states in straightforward external circumstances which requires a fundamental understanding of the simple building blocks of complex motivation as they manifest themselves in behavior where complexity of purpose collides with the messy indifferent world The Compass of Character is the one book that can guide writers to that end with both instruction and inspiration Great Stories Don't Write Themselves Larry

Brooks, 2019-11-12 One of the most common questions new writers ask professionals is how they wrote their book what was their process for storytelling Did they use an outline to plan the book or write it from the seat of their pants But really the question should be about the general principles and nature of storycraft does every part of a story have what it needs to keep readers turning the pages Bestselling author and creator of StoryFix com Larry Brooks changes the sound of the writing conversation by introducing a series of detailed criteria for novelists of every level and genre to refer to while writing regardless of their preferred writing method Beginning with the broadest part of the story the early checklists help writers to ensure that their novel is based on a premise rather than an idea and gradually hones in on other elements to keep the story moving forward including dramatic tension narrative strategy scene construction Readers won t know or care about the process But what Brooks offers here is a chance for readers to make the most of whichever process they choose and in doing so cut years off their learning curve **One Murder More** Kris Calvin, 2015-06-01 Silver Falchion Awards 2016 Winner Best First Novel Best Political Thriller Best Female Detective Sleuth In Kris Calvin s debut mystery One Murder More a beautiful legislative aide is found stabbed to death in California s Capitol building Maren Kane a lobbyist for a fledgling Sacramento based toy company is in the midst of a legislative fight that could make or break her career She doesn t have time for a coffee break let alone involvement in a murder investigation But when police arrest Maren s colleague for the crime she s certain they have the wrong man The cops suspect a crime of passion love gone wrong Maren knows that in the capital money and power drive all things tragic and scandalous Sex and love are little more than window dressing But will she be able to prove her theory and free her friend before she becomes the next victim **Braille Book Review** , 2016-11 **Odd Partners**

Mystery Writers Of America, Allison Brennan, Jeffery Deaver, William Kent Krueger, 2019-04-23 Unlikely pairs join forces to crack a slew of intriguing cases in an anthology edited by New York Times bestselling author Anne Perry featuring original stories by Jacqueline Winspear, Jeffery Deaver, Allison Brennan, Charles Todd and many more including Perry herself. Throughout the annals of fiction there have been many celebrated detective teams: Sherlock Holmes and John Watson, Nick and Nora Charles, Hercule Poirot and Arthur Hastings, Thomas and Charlotte Pitt. That last pair is the creation of beloved mystery writer Anne Perry who as the editor of *Odd Partners* and in conjunction with Mystery Writers of America has enlisted some of today's best mystery writers to craft all new stories about unlikely duos who join forces, sometimes unwillingly, to solve beguiling whodunits. From Perry's own entry in which an English sergeant and his German counterpart set out to find a missing soldier during World War I to a psychological tale of an airplane passenger who wakes up unsure of who he is and must enlist his fellow passengers to help him remember to a historical mystery about a misguided witch hunt and the unlikely couple that brings it down, each story deals in the wonderful complexities of human interactions. And not just human interactions: Honey bees avenge the death of their beekeeper, a wandering cat brings home clues to a murder, and a gray wolf and a fly fisherman in the Minnesota woods try to protect their land from a brash billionaire. Featuring work by New York Times bestselling authors, Edgar Award winners, and up and coming members of the Mystery Writers of America, these tales of friends, enemies, and pairs who lie somewhere in the middle will satisfy every type of mystery reader. With each author's signature brand of suspense, these stories give new meaning to the word teamwork. Featuring stories by Ace Atkins, Allison Brennan, Shelley Costa, Jeffery Deaver, Robert Dugoni, William Frank, Georgia Jeffries, Lou Kemp, William Kent Krueger, Joe R. Lansdale, Lisa Morton, Claire Ortalda, Anne Perry, Adele Polomski, Stephen Ross, Mark Thielman, Charles Todd, Jacqueline Winspear, and Amanda Witt.
