Our Last Day and the Return of Christ James Williams, 2024-09-03 This book is intended to clear up many of the misconceptions being carried by the organized church for the last two thousand years Many of these misconceptions have been put into place on purpose The early Church Fathers felt the need to distance themselves from the Hebrew Bible and changed dates and church traditions to bring about what people understand today The pages of this book hold the key to understanding the truth about things to come Have you ever asked yourself or someone else why Jesus says he is coming soon but it's been two thousand years You will find the answer to that question in the pages of this book You will discover what the book of Daniel was told to shut up is and why he was told to do this The truth about the last days is simpler than you think and God's glorious mystery is now become clear

Imagine Heaven John Burke, 2015-10-13 It's obvious from the bookshelves and the big screen that heaven is on everyone's mind All of us long to know what life after death will be like Bestselling author John Burke is no exception For decades he has been studying accounts of people who have had near death experiences NDEs While not every detail of individual NDEs correlate with Scripture Burke shows how the common experiences shared by thousands of survivors clearly point to the God of the Bible and the exhilarating picture of heaven he promises *Imagine Heaven* is an inspirational journey through the Bible's picture of heaven colored in with the real life stories of heaven's wonders Burke compares gripping stories of NDEs to what Scripture says about our biggest questions of heaven Will I be myself Will I see friends and loved ones What will it look like What is God like What will we do forever What about

His Word speaking His Word back to Him and humbly reminding Him of those promises His answers to her heartfelt cries were provided through undeniable revelations which exceeded her dreams Through His many mercies to Suzie God's purpose gradually became her purpose As human beings we may all enjoy blessings such as family health and prosperity but we will also likely suffer loss hardship and grief Suzie's discovery of the ultimate power of God and His Word along with her growing understanding of how much He truly loves us transformed her life Come along with her and experience the miraculous hand of God in the midst of her circumstances He is no respecter of persons and wants you to know His love in a tangible way as well Your faith will be ignited just as Suzie's was as she walked hand in hand with the Lord

Sudden Death in Opera Michael Trimble, Robert Ignatius Letellier, Dale Hesdorffer, 2021-09-28 An aspect of dying in opera rarely observed or commented on is Sudden Unexpected Death There are many deaths in this melodramatic genre most follow expected causes like murder suicide or old age This book explores those deaths which occur without obvious natural causes These are often central to the overall drama of the opera representing denouements forming the epiphany of the story and the apotheosis for the audience The book identifies 50 operas where such events occur exploring the role of the dramatis personae the circumstances of their dying and specific themes that emerge These include a preponderance of females especially in the 19th century who die mainly at the end of the operas often in the context of tragedy It charts the growing awareness in the medical sciences of the unconscious forces driving human behaviour including liminal mental states and trances which influenced these operas and continue to affect human behaviour to the present day In addition the changing philosophies that are intertwined with operatic narratives in particular stemming from Kant Hegel Schopenhauer and Nietzsche are important in the book's exegesis as is the special role of Wagner's compositions This leads to the exploration of recurrent concepts such as the Liebestod the ewig Weibliche and redemption itself

Inventing Afterlives Regina M. Janes, 2018-07-31 Why is belief in an afterlife so persistent across times and cultures And how can it coexist with disbelief in an afterlife Most modern thinkers hold that afterlife belief serves such important psychological and social purposes as consoling survivors enforcing morality dispensing justice or giving life meaning Yet the earliest and some more recent afterlives strikingly fail to satisfy those needs In *Inventing Afterlives* Regina M Janes proposes a new theory of

the origins of the hereafter rooted in the question that a dead body raises where has the life gone Humans then and now in communities and as individuals ponder what they would want or experience were they in that body From this endlessly recurring situation afterlife narratives develop in all their complexity variety and ingenuity Exploring afterlives from Egypt to Sumer among Jews Greeks and Romans to Christianity s advent and Islam s rise Janes reveals how little concern ancient afterlives had with morality In south and east Asia karmic rebirth makes morality self enforcing and raises a new problem how to stop re dying The British enlightenment Janes argues invented the now widespread wish fulfilling afterlife and illustrates how afterlives change She also considers the surprising afterlife of afterlives among modern artists and writers who no longer believe in worlds beyond this one Drawing on a variety of religious traditions contemporary literature and film primatology cognitive science and evolutionary psychology Janes shows that in asking what happens after we die we define the worlds we inhabit and the values by which we live

A Spiritual Journey to Unwavering Faith Dave Scelba, 2023-05-19

Almost everyone at some point in their lives questions their faith and or belief in God Even the most learned religious scholars ordained and lay readers and faith based teachers admit to having doubt at times The author wrestled with faith and a belief in God for many years but feels blessed to have experienced a series of life changing events that opened his eyes heart and mind Today he has absolutely no doubt in the existence of God and that there is an afterlife A Spiritual Journey to Unwavering Faith is a multi denominational and multi dimensional book written for every reader regardless of their religious backgrounds or spiritual beliefs It details the writer s unique experiences and the purpose in sharing his spiritual journey is to give those with doubt a sense of comfort peace and hope It also provides confirmation and inspiration to those who already have faith and to hopefully strengthen their existing belief The author s spiritual journey began about a year before the passing of his father in law and continued to grow and become stronger with the passing of his father and mother Each died in the author s arms and as they took their last breaths he asked them to please give him a sign or do whatever they could to confirm the existence of God and the afterlife Literally moments after they each passed and many times since each communicated with the author and provided profound signs that were personal connections known only between themselves Initially the author viewed these After Death Communication ADC signs as sheer coincidences but after experiencing a series of unique strange unexplainable encounters the writer finally realized he was witnessing events that went beyond the obvious or what could be identified by using his five key senses Once he accepted the possibly a higher power was at work he allowed his eyes heart and mind to be opened to a whole new world or realm He also discovered the incredible power of prayer During his research and the discovery process the author read many books that included historical mythology afterlife experiences spiritual enlightenment faith the Old and New Testaments of several different Bible translations excerpts of the Koran Divine interventions and devotionals written by lay persons from around the world He especially enjoyed reading devotionals from people of all walks of life who told their stories through essays that connected to specific scripture Their

personal experiences relating to selected scripture were genuine insightful and deeply moving The author found it interesting how philosophies and life recommendations quoted in so many modern day spiritual and self help books and materials are rooted in scripture As the author connected his own personal events to specific scriptures he realized everything he was searching for was already compiled in one comprehensive best selling book of all time the Bible **Jesus Is the Way, Truth, Life** Michael Pietrzyk,2020-08-19 If you cannot comfortably say with confidence that Jesus died for your sins and opens the door of salvation for you or that you deny Jesus then this book is for you So many Christians take Jesus for granted and so many people do not understand His torment and the suffering He endured for us We began a spiritual journey when we enter this world We have a natural body and a world full of responsibilities to challenge us on our journey We are influenced by many outside sources and personal interactions with our family members and friends Ultimately we make the most important decision of our life Do we believe in God and accept Jesus as our Savior or do we reject God and accept atheism When you analyze the facts of the life of Jesus his loving teachings his horrible suffering death and miraculous resurrection you come to understand He did it for you Jesus is the Way the Truth and the Life His teaching brings light into your life Jesus is the gateway to eternal happiness when we leave this world Atheism with its evil influence wants to drag you down and have you reject God Atheists are in total denial about God Jesus supernatural experiences something from nothing and the wisdom in the formation of this universe and mankind Atheists want you to believe you will simply rot in the ground and accept life with no future hope If you are an atheist don't laugh at this thought and concern As a Christian I care for you and your soul That is certainly more than what the atheistic thinking has in mind for you Atheism under the influence of Satan offers you nothing but the door way to eternal conscious separation from God This book is a direct challenge to the thoughts and beliefs of the atheist I wrote this book with the hope it just might stir the mind of a non believer Then believing the Holy Spirit will do the rest Seeing Myself Susan Blackmore,2017-07-06 Essential reading for anyone seeking to understand their own mind and to find a spiritual path that is compatible with science As an impressionable young student Susan Blackmore had an intense dramatic and life changing experience seeming to leave her body and travel the world With no rational explanation for her out of body experience OBE she turned to astral projection and the paranormal but soon despaired of finding answers Decades later a Swiss neurosurgeon accidentally discovered the spot in the brain that can induce OBEs and everything changed this crucial spot is part of the brain's self system and when disturbed so is our experience of self Blackmore leaped back into OBE research and at last began to unravel what had happened to her Seeing Myself describes her long quest for answers through spirituality religion drugs meditation philosophy and neuroscience Anyone can have an OBE indeed 15 per cent of us have Even more have experienced sleep paralysis lucid dreaming and the creepy sense of an invisible presence At last with the advent of brain stimulation fMRI scanning and virtual reality all these phenomena are beginning to make sense Long relegated to the very fringes of research the new science of out of body

experiences is now contributing to our understanding of consciousness and our very selves **The Open Door** Santita D'Anjou, 2017-03-02 Three months have passed since Naomi fled the country to escape persecution from Damian Dreagon and the FBI Living in London all alone with only a handsome bellhop to keep her company Naomi patiently waits for guidance on what her next step should be When Joseph pays her a surprise visit things start to spin out of her control for the good and for the bad Some doors will be closed and some very important doors will be opened in the last book of The Window series

Reader's Block Matthew Rubery, 2022-10-04 What does the term reading mean Matthew Rubery's exploration of the influence neurodivergence has on the ways individuals read asks us to consider that there may be no one definition This alternative history of reading tells the stories of atypical readers and the impact had on their lives by neurological conditions affecting their ability to make sense of the printed word from dyslexia hyperlexia and alexia to synesthesia hallucinations and dementia Rubery's focus on neurodiversity aims to transform our understanding of the very concept of reading Drawing on personal testimonies gathered from literature film life writing social media medical case studies and other sources to express how cognitive differences have shaped people's experiences both on and off the page Rubery contends that there is no single activity known as reading Instead there are multiple ways of reading and for that matter not reading despite the ease with which we use the term Pushing us to rethink what it means to read Reader's Block moves toward an understanding of reading as a spectrum that is capacious enough to accommodate the full range of activities documented in this fascinating and highly original book Read it from cover to cover out of sequence or piecemeal Read it upside down sideways or in a mirror For just as there is no right way to read there is no right way to read this book What matters is that you are doing something with it something that Rubery proposes should be called reading When The Rooster Crows Vincent L.

Perri, 2023-07-15 This book closely examines our commonly held beliefs about human suffering and offers unique insights into God's role in why we suffer Dr Perri critically examines what it means to be human from a Judeo Christian perspective and extrapolates from the work of Carl Gustav Jung showing a deeply complex development of human transcendence in human suffering On an interpersonal level Dr Perri elaborates on the work of Martin Buber and Emanuel Levinas and shows how our suffering can be shared and lessened by our unconditionality and presence for the other Scriptural passages are quoted from both the Hebrew and New Testament texts and are used to depict the suffering of humankind as seen in the face of Job It was this face according to Perri that Jesus saw in the faces of those He came to redeem and that ultimately brought Him to the crucifix of redemption Dr Perri challenges Sartre's position that our existence precedes our essence and draws on the work of Abraham Joshua Heschel and Christian theology in this regard He further elaborates a neurodevelopmental paradigm that creates essence as the basis of our freedom to choose This book can be read and studied by both professionals in the helping and healing professions and lay persons seeking to better understand our suffering and how to better help those who suffer Dr Perri offers specific ways in how to be present for those who suffer how to read and receive the hidden

language of human suffering and how to use silence as a communication skill **The Timeline of Eternity** Martin Koszegi, 2023-02-27 Given that the lying serpent of Genesis 3:1 appears after its two previous chapters without directly conveying how why or when the fall of the serpent took place before the fall of Adam in 3:6 it is understood that a historical overlay or insertion of text that could clarify the how why or when after the 1:1 creation has been Divinely withheld or distanced from these few opening chapters of the Bible Theoretically if God had inspired the authors and compilers of Genesis 1:3 differently meaning to include such details where might such details be overlayed or inserted Regardless of the answer any place where the details belong anywhere between Genesis 1:1 and 3:1 could legitimately be called a gap a term that is then being necessarily misrepresented when it is either implied as or strongly held as being a bad unscriptural word Obviously then all cognizant students of the Bible believe in a gap regardless of whether or not such students believe that they will on this side of eternity ever know where such details truly belong before Genesis 3:1 Thus regarding this topic the ultimate question is Which gap location is the most exegetically sound One might also ask Does it matter The answer is yes To coin the somewhat confrontational essence of the Gospel truth itself Believe it or not this ultimate beginning of evil topic being tethered to the age of the earth discussion as well as to other misunderstood topics along the Bible's timeline composes yes crucially evangelical subject matter necessarily making it as relevant and practical as any Bible topic could be For though there are indeed non negotiable Scripture truths that worldly minded individuals reject outright the problem is quite unnecessarily compounded when dramatically untrue matters evoke a potential biblical convert to instead think Well if that such as the unscriptural notion that the universe is approximately 6000 years old is what the Bible teaches then forget the whole bloomin biblical enchilada Herein author Martin Koszegi calls curative attention to traditionally embedded preconceptions about some important particulars related to origins end times and a whole lot in between that are worthy of sincere revisitation by those who care enough by those who have more in common with the Issacharian and Berian types of old than with some of Christendom's popular errors that the Church would do well to come into the unity of faith about The intent of this work then so says Martin Koszegi right along with a body of all those like minded is that it would be so
