The Fairy Tales of Brothers Grimm Brothers Grimm, 2018-04-05 Brothers Grimm s fairy tales is a collection of fairy tales first published on 20 December 1812 by the Grimm brothers or Brothers Grimm Jacob and Wilhelm This collection is commonly known as Grimms Fairy Tales among English speakers The brother s initial intention of their first book Children s and Household Tales was to establish a name for themselves in the world After the first book was published in 1812 they began their second volume German Legends which was published in 1818 The book that started their international success was not any of their tales but Jacob s publication of German Grammar in 1819 This was one year after their publication of the German Legends In 1830 Jacob became a professor at University of G ttingen and shortly after in 1835 Wilhelm also became a professor During these years Jacob wrote a third volume of German Grammar and Wilhelm prepared the third revision of the Children s and Household Tales In 1837 King Ernst August II revoked the constitution of 1833 and was attempting to restore absolutism for the Kingdom of Hannover Since G ttingen was a part of Hannover the brothers were expected to take an oath of allegiance However the brothers and five other professors led a protest against this and were heavily supported by the student body since all of these professors were well renowned Jacob left G ttingen immediately and Wilhelm followed him a few months later back to Kassel In Kassel the Grimms devoted themselves to researching and studying A close friend of theirs Bettina von Arnim was also a talented writer Savigny and others convinced the King of Prussia Friedrich Wilhelm IV to allow the brothers to teach and conduct research at the University of Berlin In March 1841 the brothers did just this and also continued to work on the German Dictionary

The Brothers Grimm Jack Zipes, 2002-12-06 Most of the fairy tales that we grew up with we know thanks to the Brothers Grimm Jack Zipes one of the more astute critics of fairy tales explores the romantic myth of the brothers as wandering scholars who gathered authentic tales from the peasantry Bringing to bear his own critical expertise as well and new biographical information Zipes examines the interaction between the Grimms lives and their work He reveals the Grimms personal struggle to overcome social prejudice and poverty as well as their political efforts as scholars and civil servants toward unifying the German states By deftly interweaving the social political and personal elements of the lives of the Brothers Grimm Zipes rescues them from sentimental obscurity No longer figures in a fairy tale the Brothers Grimm emerge as powerful creators real men who established the fairy tale as one of our great literary

institutions Part biography part critical assessment and part social history The Brothers Grimm provides a complex and very real story about fairy tales and the modern world
