Brophy USAR,1989-05-01 From 1863 to the present the company and the men who made it successful the details of all models of rifles and the many other Marlin products **Guns across America** Robert Spitzer,2015-04-13 In vast swathes of America the sacredness of the Second Amendment has become a political third rail never to be questioned Gun rights supporters wear tri cornered hats wave the stars and stripes and ask what would have happened if the revolutionaries had been unarmed when the British were coming They have had great success in conflating unfettered gun ownership with the Founding Fathers the Constitution and all things American even in an era of repeated mass shootings Yet the all too familiar narrative of America's gun past echoed in the Supreme Court's Heller gun rights decision is not only mythologized but historically wrong As Robert J Spitzer demonstrates in *Guns across America* gun ownership is as old as the nation but so is

gun regulation Drawing on a vast new dataset of early gun laws reflecting every imaginable type of regulation Spitzer reveals that firearms were actually more strictly regulated in the country's first three centuries than in recent years The first gun grabbers were not 1960's Chablis drinking liberals but seventeenth century rum guzzling pioneers and their legacy continued through strict gun regulations in the 1920s and beyond Spitzer examines interpretations of the Second Amendment the assault weapons controversy modern stand your ground laws and the so called right of rebellion to show that they play out in America's contemporary political landscape in ways that bear little resemblance to our imagined past And as gun rights proponents seek to roll back gun laws and press as many guns into as many hands as possible warning that gun rights are endangered they sidestep the central question are stricter gun laws incompatible with robust gun rights Spitzer answers this question by examining New York State's tough gun laws where his political analysis is complemented by his own quest for a concealed carry handgun permit and construction of a legal AR 15 assault weapon Not only can gun rights and rules coexist but they have throughout American history Guns across America reveals the long hidden truth that gun regulations are in fact as American as apple pie

Gunfight Ryan Busse, 2021-10-19 A former firearms executive pulls back the curtain on America's multibillion dollar gun industry exposing how it fostered extremism and racism radicalizing the nation and bringing cultural division to a boiling point As an avid hunter outdoorsman and conservationist all things that the firearms industry was built on Ryan Busse chased a childhood dream and built a successful career selling millions of firearms for one of America's most popular gun companies But blinded by the promise of massive profits the gun industry abandoned its self imposed decency in favor of hardline conservatism and McCarthyesque internal policing sowing irreparable division

in our politics and society That drove Busse to do something few other gun executives have done he s ending his 30 year career in the industry to show us how and why we got here Gunfight is an insider s call out of a wild secretive and critically important industry It shows us how America s gun industry shifted from prioritizing safety and ethics to one that is addicted to fear conspiracy intolerance and secrecy It recounts Busse s personal transformation and shows how authoritarianism spreads in the guise of freedom how voicing one s conscience becomes an act of treason in a culture that demands sameness and loyalty Gunfight offers a valuable perspective as the nation struggles to choose between armed violence or healing

Gun News Digest ,1997 Her First Self Defense Gun Michael Hari,Mollie Hari,2016-12-08 Many women want to join join the swelling ranks of those who have purchased a firearm to defend themselves their honor and their property with but aren t sure where to start This book explains the details of purchasing a handgun shotgun or rifle to defend your person or home and hearth with *The NRA* Frank Smyth,2020-03-31 For the first time the definitive account of America s most powerful most secretive and most controversial nonprofit and how far it has strayed from its origins The National Rifle Association is unique in American life Few other civic organizations are as old or as large None is as controversial It is largely due to the NRA that the U S gun policy differs so extremely some would say so tragically from that of every other developed nation But as Frank Smyth shows the NRA has evolved from an organization concerned above all with marksmanship and which supported most government efforts around gun control for a hundred years to one that resists all attempts to restrict guns in any way At the same time the organization has also buried its own remarkable history Here is that story from the NRA s surprising roots in post Civil War New York City to the defining event that changed its culture forever the so called Cincinnati Revolt of 1977 to the present day where President Donald Trump is the most ardent champion in the White House the NRA has ever had For anyone who has looked at access to guns in our society and asked Why this is an unmatched account of how we got here and who got us here *The Gun Dilemma* Robert J. Spitzer,2023 In *The Gun Dilemma* Robert J Spitzer examines this gun rights 2 0 movement in the light of a host of gun controversies assault weapons ammunition magazines silencers public gun brandishing and display and the emergent Second Amendment sanctuary movement Given the importance of actual gun law history to this debate Spitzer draws from the historical record to illuminate several contemporary and emergent gun controversies that may well make their way to the Supreme Court Revealing and illuminating as that history is he argues that we should not be straitjacketed by that history but rather informed by it as the nation struggles with how to frame its gun policies **Hardware Retailer Buyer's Guide** ,1960
