Competences and Strategic Flexibility in China Y. Wang,R. Li-Hua,2006-12-01 Today s China presents a unique setting for organizations Through an examination of current Chinese business this book addresses its business culture and environment In particular it considers how firms build distinctive capabilities of organizational learning and strategic flexibility to achieve superior customer focused performance *The Low-Carbon Contradiction* Gustav Cederlof,2023-09-19 In the pursuit of

socialism Cuba became Latin America s most oil dependent economy When the Soviet Union collapsed the country lost 86 percent of its crude oil supplies resulting in a severe energy crisis In the face of this shock Cuba started to develop a low carbon economy based on economic and social reform rather than high tech innovation The Low Carbon Contradiction examines this period of rapid low carbon energy transition which many have described as a Cuban miracle or even a real life case of successful degrowth Working with original research from inside households workplaces universities and government offices Gustav Cederl f retells the history of the Cuban Revolution as one of profound environmental and infrastructural change In doing so he opens up new questions about energy transitions their politics and the conditions of a socially just low carbon future The Cuban experience shows how a society can transform itself while rapidly cutting carbon emissions in the search for sustainability *Myths About Doing Business in China* H. Chee,C. West,2004-10-20 China is rapidly becoming an

economic superpower yet has a very different business culture that is often misunderstood outside of China This can result in costly financial and strategic errors This book confronts the myths about China and Chinese business practice and gives the reader a clear understanding of the culture and how to engage with it successfully *China's Highway of Information and*

Communication Technology J. Yu,R. Li-Hua,2009-12-18 Based on first hand information obtained from Chinese and Foreign enterprises and institutions in the Chinese ICT industry this book presents a comprehensive analysis of the evolution of Chinese ICT industrial sector It especially analyzes the strengths weaknesses and threats facing both the Chinese enterprise and western multinationals
