

The background of the book cover is a solid red color. Overlaid on this background are several technical illustrations in a dark, metallic brown color. In the upper left, there is a schematic diagram of an electrical power system, showing various components like transformers, switches, and lines connected in a network. To the right of this, and extending towards the top right, is a detailed drawing of an industrial structure, possibly a distillation column or a complex piping system with multiple levels and platforms. In the lower center, there is a large, stylized illustration of a mechanical component, which appears to be a large industrial valve or a part of a turbine assembly. At the very bottom of the cover, there is a small, dark silhouette of a factory or industrial plant with several smokestacks.
