A Tenth-Century Byzantine Military Manual: The Sylloge Tacticorum Georgios Chatzelis, Jonathan
Harris, 2017-07-14 The Sylloge Tacticorum is a mid Byzantine example of the literary genre of military manuals or Taktika
which stretches back to antiquity It was one of a number produced during the tenth century CE a period when the Byzantine
empire enjoyed a large measure of success in its wars against its traditional enemy the Arabs Compiled to record and
preserve military strategies know how and tactics the manual discusses a wide variety of matters battle formations raids
sieges ambushes surprise attacks the treatment of prisoners of war and defectors distribution of booty punishment of military
offences how to mount effective espionage and how to send and receive envoys There is even advice on the personal qualities
required by generals on how to neutralize enemy horses and on how to protect the troops against poisoned food The work
culminates in an account of the stratagems employed by great Greek and Roman military commanders of the past While like
so much of Byzantine literature the Sylloge often simply reproduces material found in earlier texts it also preserves a great
deal of information about the military tactics being developed by the Byzantine army during the tenth century It is the first
Byzantine source to record the reappearance of a specialized heavy cavalry the kataphraktoi and of a specialized infantry the
menavlatoi used to repel the attacks of the opposing heavy cavalry There is also a great deal of information on new infantry
and cavalry formations and on the new tactics that required them This is the first complete translation of the Sylloge into
English It is accompanied by a glossary of the specialised Greek military vocabulary used in the work and by footnotes which
explain obscure references and identify the author's classical and Byzantine sources An introduction places the work in its
historical and literary context and considers some of the questions that have remained unanswered over the centuries such

as its authorship and the date of its composition **Moody's Manual of Investments and Security Rating Service** ,1926
 Aviation Unit and Intermediate Maintenance Manual ,1992 *The United States Government Manual* United
States. Office of the Federal Register,1977
