**Why Men Hate Going to Church** David Murrow,2023-08-22 Church is boring It s irrelevant It s full of hypocrites You ve heard the excuses now learn the real reasons men and boys are fleeing churches of every kind all over the world and what we can do about it Women comprise more than 60% of the adults in a typical worship service in America Some overseas congregations report ten women for every man in attendance Men are less likely to lead volunteer and give in the church They pray less share their faith less and read the Bible less In **Why Men Hate Going to Church** David Murrow identifies the barriers keeping many men from going to church explains why it s so hard to motivate the men who do attend and also takes you inside several fast growing congregations that are winning the hearts of men and boys In this completely revised reorganized and rewritten edition of the classic book with more than 70 percent new content explore topics like The increase and decrease in male church attendance during the past 500 years Why Christian churches are more feminine even though men are often still the leaders The difference between the type of God men and women like to worship The lack of volunteering and ministry opportunities for men The benefits men get from attending church regularly Men need the church but more importantly the church needs men The presence of enthusiastic men is one of the surest predictors of church health growth giving and expansion **Why Men Hate Going to Church** does not call men back to church it calls the church back to men     **Promise Keepers and the New Masculinity** Rhys H. Williams,2001-01-01 This collection of essays explores the varied sometimes contradictory and often misapprehended nature of the Promise Keepers The various media portrayals of this group do not adequately address important questions about their significance for American religious social and cultural life Is this movement anti feminist or are the men involved using their faith to become more responsible husbands and fathers Is this a political movement or just another example of an American religious revival Using interviews surveys and on site participations the scholars writing here find little truth in the popular depictions of Promise Keepers In fact they demonstrate how this group represents a variety of templates that contemporary American culture brings to religion as a general social phenomenon The volume examines the ways religion affects social movements and also puts the current interest in men and masculinity in a larger historical context of changing gender roles As a phenomenon that strikes right at the intersection of religion gender racial relations public life and national identity **Promise Keepers** will be provocative reading for students scholars and educated readers alike
