Out of The Shadows - My Life of Violence In and Out of the Ring Dominic Negus, 2007-01-31 That reputation has been well earned. A world champion in both the professional and unlicensed circuits, Dominic made headlines after infamously head butting Audley Harrison when the pair clashed at Wembley. Dominic has an impressive ring record against some of the toughest guys in boxing, but he has also lived a violent lifestyle outside the ring and has been arrested in connection with an armed kidnapping. But what goes around comes around. Dominic was to find that out to his cost when three masked men burst into the changing room at the gym where he had been working out. While one of the men pointed a gun at Dominic's trainer, the others set about Dominic with an axe, inflicting life threatening injuries. The attack was the turning point for Dominic, and now he claims he has turned his back on his violent lifestyle. Can a man with a violent reputation like Dominic really become a respectable member of society? He's determined to try, but for someone who has lived life in the shadows for so long, only time will really tell. This is his amazing story.

Smart Kids, Bad Schools Brian Crosby, 2025-09-23 In *Smart Kids, Bad Schools*, award winning author and educator Brian Crosby draws on his twenty years as a high school English teacher to offer a candid appraisal of why our schools are failing and what we must do to save them. Crosby's no holds barred critique of the broken education system leaves no stone unturned; he is unapologetic and uncompromising in his exposé of how teachers, administrators, unions, and parents all play a part in this national tragedy. Crosby offers 38 ideas to save America's future, and his proposed remedies are revolutionary. He recommends bold measures such as lengthening the school day and school year, forcing parents to volunteer at schools, abolishing homework, outlawing teachers' unions, and cutting special education funding. The result is a book that is likely to inflame passions on all sides of the political spectrum and in the process introduce new ideas to a debate that is in dire need of them.
