website gained popularity by providing an easy means of communication between people. Instead of having to send several messages to different people about how you are doing, you can post one update on Facebook to alert everyone. It also allows you to share pictures and other media with multiple people instantaneously, creating simpler and faster communication. More and more people join the network daily, and the fastest growing demographic of users are in the age group of 55 and over, proving that Facebook is no longer a network limited to teenagers and young adults. People of all age groups and backgrounds recognize the value in the services it provides, which is why Facebook has become a social buzzword because of its prominence in modern culture and interaction.

Practical Insecurity: The Layman's Guide to Digital Security and Digital Self-defense Lyndon Marshall, 2023-07-10. This book provides practical advice for everyone on how to effectively secure yourself, your devices, and your privacy in an era where all of those things seem doomed. From acquiring software to the ongoing flaws in email to the risks of file sharing and issues surrounding social media and social reputation, Practical Insecurity is the tool you need to maximize your self-protection in the digital world. Everyone has had a brush with cybersecurity in some way. Our computer has gotten a virus, somebody you know has lost all their company's data because of ransomware, someone has stolen our identity, a store we do business with has their computer system compromised, including our account, so we are offered free identity protection, and so on. It seems like everyday there is another bit of bad news, and it often impacts us. But the question largely goes unanswered: what can I do as an individual or as the owner of a small business to protect myself against having my security compromised? Practical Insecurity provides the answers.
