Full Version Dave Grossman On Combat:

The Police Identity Crisis Luke William Hunt, 2021-03-30 This book provides a comprehensive examination of the police role from within a broader philosophical context. Contending that the police are in the midst of an identity crisis that exacerbates unjustified law enforcement tactics, Luke William Hunt examines various major conceptions of the police: those seeing them as heroes, warriors, and guardians. The book looks at the police role considering the overarching societal goal of justice and seeks to present a synthetic theory that draws upon history, law, society, psychology, and philosophy. Each major conception of the police role is examined in light of how it affects the pursuit of justice and how it may be contrary to seeking justice holistically and collectively. The book sets forth a conception of the police role that is consistent with the basic values of a constitutional democracy in the liberal tradition. Hunt's intent is that clarifying the police role will likewise elucidate any constraints upon policing strategies, including algorithmic strategies such as predictive policing. This book is essential reading for thoughtful policing and legal scholars, as well as those interested in political philosophy, political theory, psychology, and related areas. Now more than ever, the nature of the police role is a philosophical topic that is relevant not just to police officials and social scientists but to everyone.

Advanced Land Warfare Mikael Weissmann, Niklas Nilsson, 2023-04-13 This book explores the evolving role of land forces, paying particular attention to the changes that have taken place in the art of commanding and executing combat, as well as the role of rapid technological innovation and information dissemination in shaping warfare.

TWISTED BUT TRUE: Book III - Plugging Up the Holes Darren Burch, 2021-10-15 Retired Phoenix Police Sergeant Darren Burch captivates you on a third twisted police ride along with more outrageously macabre and riveting stories from his 30-year career as a rookie patrol officer, sex crimes detective, child crimes supervisor, and homicide night detective sergeant. In this compelling follow-up to the 2019 Pinnacle Award-winning *Twisted But True* and the 2020 Pinnacle Award-winning *Twisted But True Book II: Filling in the Cracks*, which resulted in Darren being featured on ID Channel's *American Detective* with Lt. Joe Kenda, Darren's horrifically brutal and morbidly funny true crime stories resume with a vengeance, starting with manic stories like finding a severed leg in a Dumpster fire, to the savagery of a triple murder in the Easter Massacre, to acts of depravity from sexual predators in *He's No Angel* and *Caught Red-Faced*, and even the supernatural with an inspirational tale in *Heavenly Sent*.

Army Logistician, 2004 **From Sorrow to Amazing Grace**

Keith Knotek, 2022-08-01 Battling alcoholism, depression, and trauma by surrendering to Christ and having a daily spiritual connection with God.

Military Psychologists' Desk Reference Bret A. Moore, Jeffrey E. Barnett, 2014-04-01 The psychological well-being of servicemen and women returning from war is one of the most discussed and contemplated mental health issues today. Media programs debate the epidemic of PTSD in returning veterans and the potential fallout of a less than adequate veteran mental health system. This public discussion is only a small glimpse into the field of military psychology. One of the most diverse specialties within psychology, it is a sector positioned and equipped to influence such

concepts as psychological resilience consequences of extended family stress the role of technology in mental healthcare delivery and how to increase human performance under harsh conditions Military Psychologists Desk Reference is the authoritative guide in the field of military mental health covering in a clear and concise manner the depth and breadth of this expanding area at a pivotal and relevant time Moore and Barnett former military psychologists bring together the field's top experts to provide concise and targeted reviews of the most salient aspects of military mental health and present the material in an easily digestible manner Chapters cover important topics such as military culture working with Special Operations Forces professional issues and ethical challenges women in combat posttraumatic stress anxiety and sleep disorders psychologists involvement in interrogations and how to build and sustain a resilient Force to name but a few Authors consist of a combination of current and former military psychologists psychiatrists social workers and Chaplains experts from the Department of Veterans Affairs prominent academicians and representatives from other governmental and civilian organizations This comprehensive resource is a must for every military psychologist as well as for non military clinicians researchers counselors social workers educators and trainees who increasingly need to be familiar with this specialized area of psychology
