*Educational Policy Goes to School* Gilberto Conchas, Michael Gottfried, Briana Hinga, Leticia Oseguera, 2017-09-08 Educational policies explicitly implemented in order to reduce educational gaps and promote access and success for disenfranchised youth can backfire and often have the unintended result of widening those gaps In this interdisciplinary collection of case studies contributors examine cases of policy backfire when policies don't work have unintended consequences and when policies help Although policy reform is thought of as an effective way to improve schooling structures and to diminish the achievement gap many such attempts to reform the system do not adequately address the legacy of unequal policies and the historic and pervasive inequalities that persist in schools Exploring the roots of school inequality and examining often ignored negative policy outcomes contributors illuminate the causes and consequences of poor policymaking decisions and demonstrate how policies can backfire fail or have unintended success

*Forgotten* Marlene Goldman, 2017-11-07 Since the 1860s long before scientists put a name to Alzheimer's disease Canadian authors have been writing about age related dementia Originally most of these stories were elegies designed to offer readers consolation Over time they evolved into narratives of gothic horror in which the illness is presented not as a normal consequence of aging but as an apocalyptic transformation Weaving together scientific cultural and aesthetic depictions of dementia and Alzheimer's disease *Forgotten* asserts that the only crisis associated with Canada's aging population is one of misunderstanding Revealing that turning illness into something monstrous can have dangerous consequences Marlene Goldman seeks to identify the political and social influences that have led to the gothic disease model and its effects on society Examining the works of authors such as Alice Munro Michael Ignatieff Jane Rule and Caroline Adderson alongside news stories and medical and historical discussions of Alzheimer's disease Goldman provides an alternative person centred perspective to the experiences of aging and age related dementia Deconstructing the myths that

have transformed cognitive decline into a corrosive fantasy Forgiven establishes the pivotal role that fictional and non fictional narratives play in cultural interpretations of disease      **October 2019 Monthly Current Affairs with MCQs for Competitive Exams** Disha Experts,2019-09-25      **A University Education** David Willetts,2017-11-17 Universities have a crucial role in the modern world In England entrance to universities is by nation wide competition which means English universities have an exceptional influence on schools a striking theme of the book This important book first investigates the university as an institution and then tracks the individual on their journey to and through university In A University Education David Willetts presents a compelling case for the ongoing importance of the university both as one of the great institutions of modern society and as a transformational experience for the individual The book also makes illuminating comparisons with higher education in other countries especially the US and Germany Drawing on his experience as UK Minister for Universities and Science from 2010 to 2014 the author offers a powerful account of the value of higher education and the case for more expansion He covers controversial issues in which he was involved from access for disadvantaged students to the introduction of 9 000 fees The final section addresses some of the big questions for the future such as the the relationship between universities and business especially in promoting innovation He argues that the two great contemporary trends of globalisation and technological innovation will both change the university significantly This is an authoritative account of English universities setting them for the first time in their new legal and regulatory framework
