

### Habitat vs. Niche Group Activity

Group Leader: \_\_\_\_\_  
(organizes group and keeps group on task while contributing)  
Group Recorder: \_\_\_\_\_  
(writes down answers while contributing)  
Group Researcher: \_\_\_\_\_  
(looks up answers while contributing)  
Group Researcher: \_\_\_\_\_  
(looks up answers while contributing)

#### Directions:

**Step 1:** Each of the following words is an organism, a habitat, or a niche. Among your group, decide what each one is and label it as H for habitat, N for Niche, or O for organism. Look up any words that you do not know the meaning of in the textbook.

|                            |                                  |                                       |                                      |                              |
|----------------------------|----------------------------------|---------------------------------------|--------------------------------------|------------------------------|
| Student                    | School                           | Child between ages 5-18               | human skin                           | nest                         |
| bat                        | migration                        | pollinator                            | soil decomposer                      | herbivore (eats plants only) |
| black bear                 | butterfly                        | under a rock                          | Arctic tern (bird)                   | carnivore (eats meat only)   |
| insectivore (eats insects) | omnivore (eats plants & animals) | honeybee                              | rodentivore (eats rodents like mice) | rotten log                   |
| horse                      | hive                             | earthworm                             | coyote                               | lion                         |
| prairie                    | scavenger                        | hibernation                           | mushroom                             | den                          |
| cave                       | hibernation                      | moist soil (under-ground in the dark) | snake                                | cause infection              |
| African savannah           | Humans                           | houses                                | MRSA bacteria                        |                              |

**Step 2:** For each organism above there is a habitat and niche. Fill out the following table with your group members. At the end you should have 13 sets of organisms, habitats, and niches. Use your textbook to help you.

| Organism | Habitat | Niche |
|----------|---------|-------|
| 1        |         |       |
| 2        |         |       |
| 3        |         |       |
| 4        |         |       |
| 5        |         |       |
| 6        |         |       |
| 7        |         |       |
