

GCSE.PHOTOGRAPHY. AQA

THE EXTERNALLY SET TASK

In the second year of the GCSE Photography course the Externally Set Task arrives in school. Students are presented with a set of 'questions' or starting points for photographic creative investigation. The paper is usually distributed on or around the 3rd of January each year.

Students must choose a starting point that interests them. All the questions offer a wide spectrum of photographic challenges. There will be opportunities to explore a range of genres including the creative use of computer image processing software. It can be difficult to narrow the final choice down to **one question only**.

Preparation time is unspecified by the AQA board. Students are given as much time as possible to make early research and to plan their approach to their chosen starting point.

The creative journey ends with a 10 hour session held over two school days during which the presentation of the photographic work is designed and completed. Normally, each student presents a series of 'boards' demonstrating their creative solutions to the chosen question.
