Hungry Ocean Guide:

Stickmen's Guide to Oceans in Layers Catherine Chambers, 2016-08-01 Splash with the Stickmen at the sea's surface and then dive down through the darkening zones and into the abyss. But don't stop there. Follow the Stickmen to snorkel around coral gardens, find creatures that make their own light and dive 7 miles down to the deepest trench. The Stickmen have plenty of oxygen and wild facts to keep you alert as you float past coral gardens, pods of humpback whales, robotic submarines, and the weirdest creatures of the deep.

My Storytelling Guides Aron Christensen, 2018-12-18 My Guide to RPG Storytelling. I've been role playing all my life and I've run a lot of well received campaigns. My players asked me what made my games work and this book is the result. This isn't a rulebook for any gaming system, but it's a how-to for my style of creating memorable NPCs, planning games and engaging with your players. Foreword by Erica Lindquist. On Storytelling Before the Game, Building Your Story, Running Your Game, Players, Player Characters, Problems, Rules, Mechanics, Setting, NPCs. My Storytelling Guide Companion. My players asked me how I ran my games and what made them work, so I wrote a book. Then they asked for specific examples and ideas, so I wrote another one. This companion to My Guide to RPG Storytelling goes deeper into creating in-game crises with lists of example scenarios and twists. The second half covers using voices, mannerisms and archetypes to create NPCs, including some of the most memorable NPCs from my own games and what made them work. From Dream to Dice. I've written two other books so far on my tricks and tools for running table-top role playing games. But now it's time to put those tools to the test, making an actual RPG campaign. Right here, right now, on the page. So let's do this. I'll start with the seed of a story idea, go through world building and character creation, then expanding that basic plot out into scenes, combats and crises. This is an up-close behind-the-scenes look at how I make a game. Then I'll run the campaign for my

group The second half of this book details what went right what went wrong how I kept the game moving and my friends entertained From the dream that inspired me to the dice hitting the table this is how I run an RPG **Angler's Guide to the West Coast** Robert H Mottram,2011-02-15 This guide is a comprehensive book on fishing for salmon and albacore tuna from Washington to California Trolling tactics mooching methods and jigging approaches are covered from A to Z including terminal tackle imparted action what works for each species and more Chinook chum coho pink and sockeye salmon are all fair game and author Bob Mottram covers it all up and down the shore as well as the burgeoning red hot albacore tuna fishery Mottram also covers boats motors and the vast field of fishing electronics to help you get into the gear you want and need Recent reports indicate that fish numbers are well above what they've been in the past and well above expert's forecasts some of the best numbers since the 1930s Now is the best time to track down and land the salmon of a lifetime
