## 230V Fogger

### Introduction

Thank you for purchasing the Hurricane. Please read this User Guide to understand and ensure safe, proper, effective and responsible use of the Hurricane.

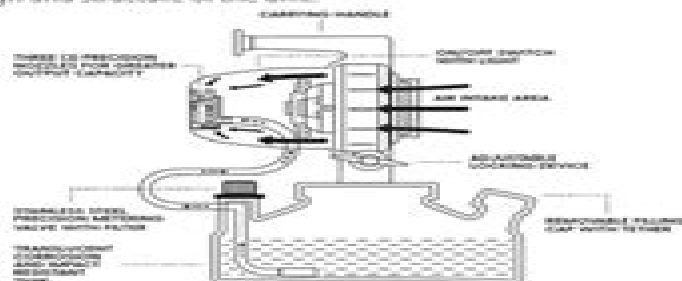

### Safety Precautions

Please ensure you have read and fully understood the safety precautions before operating this appliance. For further in depth instructions please refer to the supplementary on-line user manual ([www.hurricane-es.com](http://www.hurricane-es.com)).

Instructions for use of this product will vary depending on chemical applications. Always read the product label when preparing your solution.

- Always comply with any requirements for Personal Protective Equipment (PPE) as required by the formulation label.
- This appliance is to be kept out of reach from children. However, it can be used by children aged 8 years and above, as well as persons with reduced physical, sensory or mental capacities or lack of experience and knowledge, provided they have been given supervision or instruction concerning use of the appliance in a safe way, and understand the hazards involved.
- Children should not play with the appliance, and cleaning and user maintenance should not be made by children without supervision.
- Children should be supervised to ensure they do not play with the appliance.
- Users should hold the appliance and manually cover the designated fogging areas.
- The fogger should not be left operating unattended, and for the most efficient application it should not be left stationary.
- This fogger can be used with water-based, oil-based, and solvent-based formulations.
- Never direct fogging at live electrical items, animals, humans, etc. Remember to cover aquariums before fogging takes place.

Please take note of the below diagram to familiarise yourself with the design and structure of the unit:

### Operation

- Ensure you are wearing appropriate PPE when operating this fogger.
- If the use of an extension lead is required, ensure it is rated at 230V 13A and is grounded. Only use an extension lead which is properly rated for voltage, current, length, and which is free from nicks, cracks, and other signs of prior abuse. Replace damaged or worn electric leads immediately.
- Do not use a fogger that is broken or damaged in any way. Do not alter the fogger by adding or removing parts.
- Do not restrict the motor blower air intake area.

### Formulation

- Always read the product label when preparing your solution and ensure the formulation is suitable for the intended application.
- This fogger can be used with water-based, oil-based, and solvent-based formulations. Ensure that formulation is applied only in strict compliance with the formulation label and store formulation in its original labelled container.
- Remove the filling cap to pour formulation into the tank. Add only premixed/diluted formulations to the tank.

### Operation

- With the fogger power off, remove the filling cap and pour your premixed formulation into the tank, up to a maximum 3.8 litres, and replace the cap.
- Ensuring the fogger is pointing in a safe direction, turn on via the power switch and select the appropriate flow valve setting.
- The exact method of operation is dependent on a number of factors, including the application, flow rate, formulation viscosity, but best results are normally achieved maintaining a distance of 1-4 metres from the items you want to fog. Keep moving the fogger with slow, steady movements for an even coverage, starting from the highest point. If there is liquid run-off then the application is too heavy, either move further away, adjust the flow rate or speed up.
- Do not allow the fogger to operate unattended. Do not stand in water or hold over water while operating fogger and do not allow the power lead or extension lead to be submerged in water. Do not use outdoors when it's raining.
- Do not block the air intake area.
