 Broad interdisciplinary coverage across human geography Philosophy Methods People Social Cultural Political Economic
 Development Health Cartography Urban Historical Regional Comprehensive and unique the first of its kind in human
 geography *Multicultural Origins of the Global Economy'* John M. Hobson,2020-12-10 Develops a fresh non Eurocentric
 analysis of the rise and development of the global economy in the last half millennium **Rights of Migrant Workers: An
 Analysis of Migration Policies in Contemporary Turkey** Sureyya Sonmez Efe,2021-01-01 This insightful book discusses
 how policymakers define migrant workers status and rights at international and national levels Assessing the evolution of the
 language of rights for migrant workers in international law definition of migrant workers in Turkish legislation key political
 and economic factors on Turkish migration policies protection mechanisms that safeguard migrant workers rights it critically
 examines the policymaking processes at international regional and national levels and evaluates the impact of the values
 such as universal or ethnocentric values on the definitions of status and rights of migrant workers The chapters evaluate the
 status and rights of migrant workers through the lens of cosmopolitan moral constructivism and examine the law making
 procedures and illustrate the dynamism of these processes with the inclusion of various conditions and actors The book
 dissects the key universal and national values that impact on rights of migrant workers This timely book challenges the rising
 right wing ethnocentric policy approaches to labour migration to migrant workers rights and problematises the existing legal
 definitions within migration policies that place the rights of migrant workers into a precarious policy sphere By entering the
 controversial political debate for labour migration and the policy making realm this book is ideal for scholars and researchers
 of political science international relations and social policy particularly those focusing on international labour migration and
 migration policies It will further benefit the policymakers and practitioners working on migration such as UN agencies NGOs
 civil societies and local authorities **The Historical Consumer** Penelope Francks,2011-12-15 This book explores the rise
 of consumerism and the expanding variety of goods available in Japan Japan is placed within the comparative context of the
 consumer revolution in Europe and North America contributing to the analysis of the ways in which consumption and
 everyday life change in the course of economic development *The Pacific in the Age of Early Industrialization* Kenneth
 Pomeranz,2017-05-15 The essays selected for this volume show how the Pacific rapidly became part of an industrializing
 world Its raw materials notably rubber and copper were critical some of its handicraft industries were devastated by
 mechanized competition others survived and adapted contributing to distinctive patterns of industrialization that made Japan
 a new center of power and also laid the groundwork for later growth in Taiwan Korea and coastal China The Pacific coast of
 the Americas was also first drawn into an industrial world largely as an exporter of raw materials but North and South
 diverged rapidly portending futures even more different than those of Northeast and Southeast Asia By the 1930s when the
 uneven effects of industrialization would have much to do with plunging the Pacific into war one can already glimpse in

outline the structural bases for many of the region's contemporary characteristics All this is set in context in the important introduction by Kenneth Pomeranz **African Studies Review** ,1989 The City Cultures Reader Malcolm Miles,Tim Hall,Iain Borden,2004 Cities are products of culture and sites where culture is made By presenting the best of classic and contemporary writing on the culture of cities this reader provides an overview of the diverse material on the interface between cities and culture **The Economy of Modern India, 1860-1970** B. R. Tomlinson,1996-10-24 This book presents the first comprehensive account of the history of economic growth in modern India **Korea's Economic Miracle** Robert Castley,2016-07-27 Very few developing countries have successfully industrialised Many are under pressure from international organisations to achieve self sustainable industrialisation This is why Korea's case is particularly interesting There have been many attempts to explain the causes of Korea's economic miracle These have focused mainly on the internal factors such as the discipline of the Korean workforce and export promotion policies The present study however shows that these factors contributed to Korea's impressive growth but do not explain the reasons for her success External factors have been more important the Japanese economy in particular This book examines therefore in detail the impact of Japan's economic growth on the Korean economy in particular the stimulating effects of trade sub contracting relocation of industry investment loans and technology transfer It demonstrates how Japan provided a range of goods services and capitals which were precisely what the newly industrialising country needed *The Industrial Revolutions: The industrialization of Japan* ,1994 *New Directions in Uneven and Combined Development* Justin Rosenberg,Jack Brake,Tatiana Pignon,Lucas de Oliveira Paes,2021-11-28 This book introduces Uneven and Combined Development as an approach in international studies and showcases some of the latest and most innovative research in this field The theory of Uneven and Combined Development originated in the writings of Leon Trotsky However in recent years it has become the subject of flourishing literature in the discipline of International Relations due to its unique ability to reintegrate social and international theory The first and second generations of this literature were focused upon retrieving the idea expanding it into a social theory of the international and applying it to numerous empirical cases such as the rise of political Islam the causes of the First World War and the Bolshevik Revolution and even the origins of capitalism as a world system In the present volume a third generation has arrived which further extends the reach of UCD connecting it in new and exciting ways to such subjects as ecology macro economic policy culture Science and Technology Studies Comparative Literature and even science fiction The chapters in this book were originally published in the journal the Cambridge Review of International Affairs **Japanese Economic Development** Penny Francks,2015-05-19 This fully revised and updated third edition of Japanese Economic Development looks at Japan's economic history from the nineteenth century through to World War II recasting analysis of Japan's economic past in the light fresh theoretical perspectives in the study of economic history and development Francks draws out the historical roots of the institutions and practices on which Japan's post war economic miracle was based and

provides a comparative framework within which the Japanese case can be understood and related to development in the rest of the world New features for this edition include textboxes summarising key concepts expanded coverage of the early modern economy the traditional sector and the international context of Japanese growth an increased number of case studies fully up dated references glossary and bibliography Taking a thematic approach this textbook demonstrates how studying the first example of Asian industrialisation can provide the basis for an alternative non western narrative of development As it such is an important resource for undergraduate and postgraduate courses on the Japanese economy as well as comparative economic development and economic history more generally

Islamic Economics, Growth and Development Mustafa Metin Başbay,2025-09-01 The study of economic development is inherently grounded in philosophical and ethical assumptions In other words to discuss economic development either at a conceptual level or as a real process necessitates an ethical and philosophical basis The authors of this book believe that Islamic economics can serve as such a basis one that emanates from Islamic principles and values This book presents a distinctive ethical and philosophical framework one that is grounded in Islamic principles and the established literature of Islamic economics and finance to analyse and interpret the concept of economic development as well as to propose policy solutions to real world development problems and challenges The book contains theoretical and empirical studies which connect the literature of Islamic economics with economic development While some chapters discuss development at the conceptual philosophical level others examine the real world issues faced by developing countries It proposes institutional constructs as well as concrete public policies to face developmental challenges such as fighting poverty and inequality environmental and social sustainability industrialisation and industrial policy and social services and human capital Serving as both an introduction and a comprehensive resource this book illustrates how the concepts and problems of economic development can be examined from an Islamic economics perspective and as such will equip researchers and students with a basic understanding of how Islamic economics interacts with the issues of economic development

The Economy of Modern India B. R. Tomlinson,2013-04-25 Rapid economic growth has put India at the centre of current debates about the future of the global economy In this fully revised and updated text B R Tomlinson provides a comprehensive and wide ranging account of the Indian economy over the last 150 years He sets arguments about growth development and underdevelopment and the impact of imperialism against a detailed history of agriculture trade and manufacture and the relations between business the economy and the state The new edition extends the coverage right up to the present day and explains how one of the largest countries in the world has sought to achieve economic progress and lasting development despite institutional weaknesses rigid structures of political and social hierarchy and the legacy of colonialism
