Robert Patrick Bender, 2011-11-01 *Worthy of the Cause for Which They Fight* chronicles the experiences of a well educated and articulate Confederate officer from Arkansas who witnessed the full evolution of the Civil War in the Trans Mississippi Department and western theater Daniel Harris Reynolds a community leader with a thriving law practice in Chicot County entered service in 1861 as a captain in command of Company A of the First Arkansas Mounted Rifles Reynolds saw action at Wilson's Creek and Pea Ridge before the regiment was dismounted and transferred to the Army of Tennessee the primary Confederate force in the western theater As Reynolds fought through the battles of Chickamauga Atlanta Nashville and Bentonville he consistently kept a diary in which he described the harsh realities of battle the shifting fortunes of war and the personal and political conflicts that characterized and sometimes divided the soldiers The result is a significant testimonial offering valuable insights into the nature of command from the company to brigade levels expressed by a committed Southerner coming to grips with the realities of defeat and the ultimate demoralization of surrender      **Eric Fox Pitt**

Here's about the book Twenty one years after leaving Vietnam for the first time the author attends a reunion of former pilots who flew helicopters in Vietnam Reuniting with his classmates and some of his fellow pilots he flew with in Vietnam brings back a rush of memories and stories of times past The following years reunions build on the first as more and more of the pilots he served with are reunited The reunions stir memories and deeds of times past are recounted in a steady stream of

war stories He soon realizes that he doesn't want these stories these war stories lost and decides to write them down before he forgets the details As the stories unfold more memories come back and he records them too His intent was not to document the history of the US involvement in the Vietnam War nor be a definitive history of the famous B Troop 1st Squadron 9th US Cavalry Regiment His intent was to record his personal memory of the events some 30 plus years ago from his perspective He talks about growing up in Brooklyn living in his grandmother's house on 40th Street his gang of friends from Saint Michael's Church and of the events that led to his decision to volunteer for the draft Tracing the draft process he tells of narrowly avoiding being drafted in the Marine Corps He continues to tell the story of his journey through the army's classification and assignment system that results with him being selected for helicopter pilot training The life of a warrant officer candidate presented a number of challenges that needed to be overcome if his plan to beat the army system was to be realized He tells of some of the more interesting incidents in his flight training and preparation for combat Things changed after earning his wings and arriving in Vietnam Somewhere along the line the reality of the situation presents itself and John volunteers for the famous reconnaissance squadron of the 1st Cavalry Division The 1st of the 9th was known for its ferocity in combat and its high casualty rate especially among flight crews History records that this single unit was responsible for a large percentage of the entire division's enemy kills His description of some of the sights and sounds of life in B Troop will surely remind other veterans of their time in Vietnam He will certainly stir the memories of others that served in the air cavalry and perhaps even others who were supported by them The stories are real The people are real John Flanagan writes them as he would tell them to you in person Sometimes funny sometimes serious sometimes rambling sometimes clearly but always truthfully and as he remembers them The result of these writings are *Born in Brooklyn Raised in the Cav* The Aviation Museum at Fort Rucker Alabama the 1st Cavalry Museum at Fort Hood Texas keeps this book in stock A reviewer said I learned to better appreciate the Army helo pilot January 30 2004 Reviewer E M from San Diego CA USA Well it certainly is a long journey from the dreary streets of Brooklyn to the miserable and dangerous fields and skies of Viet Nam at war Major Flanagan has travelled this route and shares his adventure with the reader He is a real American hero as are all his brethren flying warrant officers Yet he tells his story without bravado or arrogance He is simply telling the story of his experience in Viet Nam as a young 19 year old plucked from the streets of Brooklyn and injected into the chaos of war He writes of his training as well as his wartime experiences Often his enemy was the weather as much as the NVA on the ground Major Flanagan writes in a simple readable style without pretension his memories are direct straightforward and sprinkled with a dash of Irish wit and humor If one wants to know the life of an Army helo pilot on the front lines of the Viet Nam war this is a book to read Beyond the daily life of the helo pilot we also learn

The origins of a transnational adoption strategy that secured the future for Korean black children The Korean War left hundreds of thousands of children in dire circumstances but the first large scale transnational adoption efforts involved the children of

American soldiers and Korean women Korean laws and traditions stipulated that citizenship and status passed from father to child which made the children of US soldiers legally stateless Korean black children faced additional hardships because of Korean beliefs about racial purity and the segregation that structured African American soldiers lives in the military and throughout US society The African American families who tried to adopt Korean black children also faced and challenged discrimination in the child welfare agencies that arranged adoptions Drawing on extensive research in black newspapers and magazines interviews with African American soldiers and case notes about African American adoptive families *A War Born Family* demonstrates how the Cold War and the struggle for civil rights led child welfare agencies to reevaluate African American men and women as suitable adoptive parents advancing the cause of Korean transnational adoption *Banshee Born* A. M. Megahed, 2011-05-16 *Banshee Born* is a military science fiction space opera in the tradition of Robert Heinlein and Alfred Bester It is a coming of age story placed in a future where warring space empires vie for control of the known galaxy Where a young man against all odds escapes the harshest prison planet in the galaxy and changes the course of human history *A Ranger Born* Robert W. Black, 2007-12-18 Even as a boy growing up amid the green hills of rural Pennsylvania Robert W Black knew he was destined to become a Ranger With their three hundred year history of peerless courage and independence of spirit Rangers are a uniquely American brand of soldier one foot in the military one in the wilderness and that is what fired Black's imagination In this searing inspiring memoir Black recounts how he devoted himself body and soul to his proud service as an elite U S Army Ranger in Korea and Vietnam and what those years have taught him about himself his country and our future Born at the start of the Great Depression Black grew up on a farm at a time of great hardship but also tremendous national determination He was a kid who toughened up fast who learned the hard way to rely on his strength and his wits who saw the country go to war with Germany and Japan and wept because he was too young to serve As soon as the army would take him Black enlisted And as soon as he could muscle his way in he became a Ranger As a private first class in the 82d Airborne Division headquarters Black withstood the humiliations of enlisted service in the peacetime brown shoe army When the Korean War began he volunteered and trained to be an Airborne Ranger In Korea this young warrior his mind and body bursting with the lusts of adolescence grew up fast literally in the line of fire In clean vivid prose Black describes the hell of giving his all for a country that lacked the political resolve to give its all to a war against the North Koreans and the Chinese If Korea was frustrating Vietnam was maddening The heart of this book is devoted to the years of action that Black saw in Long An Province starting in 1967 Black writes of the perplexity of collaborating with South Vietnamese officers whose culture and motives he never fully understood he conjures up the sudden shock of the Tet Offensive and the daily horror of seeing fellow soldiers and innocent civilians slaughtered sometimes by stray bullets often by carelessness or treachery Vietnam challenged everything Black had come to believe in and left him totally unprepared for the hostility he would face when he returned to a war weary America Written with extraordinary candor and passion *A Ranger*
