

Prévention et prise en charge des violences en milieu scolaire

Prévenir les violences

Prévenir les violences, sous toutes ses formes, contribue à éviter une dégradation du climat scolaire. Les violences peuvent revêtir différentes formes : coups, bousculades, insultes, harcèlement, cyber violences, vols, violences sexuelles, violences à caractère sexiste, discriminations racistes, antisémites ou homophobes, dommages aux locaux ou aux matériels, aux biens personnels, port d'armes, intrusions, etc.

L'objectif de cette prévention est de restaurer le respect dû aux personnes, en particulier aux professeurs et aux victimes de violence, et d'aider les personnels en poste dans des établissements ou des environnements difficiles (cf. [Plan de lutte contre les violences scolaires](#) et).

Afin de mesurer la violence, le recueil de données au niveau national dans les écoles et établissements scolaires est réalisé par l'intermédiaire d'un système d'information, SIVIS piloté par la DEPP qui donne lieu à des publications régulières.

Au niveau local l'application « Faits-Établissement » permet aux écoles et aux établissements de repérer les signaux faibles pour détecter une dégradation du climat scolaire, facteur de violences scolaires et d'améliorer la connaissance par les services déconcentrés (DSDEN et rectorat) des faits graves commis à l'intérieur et à proximité des établissements scolaires.

Un plan d'action global vise à préserver l'École de toute forme de violence, notamment des micro-violences, en mobilisant l'ensemble des acteurs de la communauté éducative de la classe, l'école et l'établissement et son environnement dans le cadre de partenariats renforcés ([circulaire 2019-122 du 03-09-2019](#) et).

L'École doit poursuivre son travail de prévention, en apportant des réponses concrètes et efficaces fondées sur le respect d'autrui.
